**AGED LADY TOURIST IN CITY YESTERDAY**

**WOMAN 70 YEARS OF AGE MAKING TOUR OVER COUNTRY**

**TWO AUTOMOBILES**

**She Traveled in One Pearce-Arrow Touring Car and Had Another for Trailer.**

Much interest was shown yesterday in two big brown six-cylinder Pearce-Arrow automobiles which kept rolling about over town. Both of these cars were very large and were rather peculiarly equipped. Investigation proved that they belonged to Mrs. H. H. Lettcher of Orange, Texas. She and her companion, Mrs. A. J. Achenback, are on the last lap of a long automobile tour, and stopped at the Hotel Chiquita yesterday for lunch.

About June 16 of this year Mrs. Lettcher and her companion left Orange, Texas, going to California where they took in the exposition at San Francisco. After a tour of California they kept north going to the coast of Alaska. From there they went down to Winnipeg, thence to Chicago, Ill., New York, and on down south, reaching Anderson yesterday. Mrs. Lettcher stated yesterday that she was hurrying to get back home before the Christmas holidays and that when she reached Atlanta, Ga., she was going to ship the cars by freight, she taking the train on home.

Mrs. Lettcher is 70 years of age and is said to be one of the wealthiest women in her section of Texas. She and her companion rode in the big touring car, and the other car, known as a trailer, followed behind, carrying luggage. She stated that she had enjoyed her trip very much but was now anxious to get back home.

It seems rather unusual for a woman of her age to take such long tours, and the fact that she carried two big Pearce-Arrow automobiles proves that she must be wealthy, therefore well prepared to travel.

**DISCUSSED PROPOSED SCHOOL LEGISLATION**

**STATE SUPT. SWEARINGEN APPEARED BEFORE COUNTY DELEGATION**

**WANTS SUPERVISOR**

**Says One is Almost Necessity in Counties Like Anderson Where Enrollment is Large.**

Yesterday morning shortly after 10 o'clock Senator J. L. Sherard and Representatives S. M. Wolfe, Rufus Pant, Jr., John T. West, J. H. Hutchinson and George Reid met in the office of the county superintendent of education to hear Mr. J. E. Swearingen discuss proposed school legislation. Three or four superintendents of schools in the county and several high school trustees were present also.

The meeting was called to order by Senator Sherard and he introduced Mr. Swearingen, who began his talk by stating that he wanted to discuss the following subjects:

First. The high school situation in Anderson county.

Second. The progressive policy of the county legislative delegation in establishing a levy of one-half mill for the county board fund.

Third. The organization of the county superintendent's office.

In discussing the first subject Mr. Swearingen stated that as the present law stands, each county in the state could get the same amount of money from the state funds, thereby working a hardship on the high schools in those counties where the number was large. He stated that in the lower part of the state where the population is sparse and where the high schools are few, these schools received far more money than those in the counties above Columbia where the high schools were far more numerous.

This law provides that no county can receive more than five per cent of the money appropriated by the state, which puts the county with 1,000 white school children in the same class with the one having 15,000 white school children. Mr. Swearingen stated that this law should be so changed that this money would be proportioned according to the enrollment of pupils and the measurements of standard.

Supt. Swearingen then discussed the rural graded school law, stating that money ought to be provided in some way so that better salaries could be paid to teachers and so that better equipped buildings might be provided. This brought up a general discussion of special tax levies.

Another point discussed by Mr. Swearingen was the fact that in some instances it was necessary for high schools to charge tuition, while in other instances, this was not the case. He stated that all schools ought to be provided with sufficient funds so that pupils could stay in the district would not have to pay tuition.

Mr. Swearingen also advocated the establishment of one-half mill levy for a county school board fund. Anderson county has already made this step, and the funds received, amounting to approximately \$8,000 had been spent on school extensions, night schools, equipment, etc.

While discussing the organization of the county superintendent's office, Mr. Swearingen stressed the necessity of the employment of a woman to supervise the rural schools of the county, which in every case produced wonderful results. He stated that this lady should work in connection with the county superintendent's office, Mr. Swearingen stressed the necessity of the employment of a woman to supervise the rural schools of the county, which in every case produced wonderful results.

He stated that this lady should work in connection with the county superintendent's office and that her salary should be provided for. He emphasized the fact that it is impossible for the county superintendent to give as much time as ought to be given to visiting the schools and that the rural school supervisor was almost a necessity in every county where the enrollment of pupils was as large as it is in this county. He also advocated that the money which goes to the county demonstration agent should come through the hands of the board of education instead of the county supervisor's office, and likewise the money paid to the tomato club organizer.

When Mr. Swearingen had finished Senator Sherard stated that he felt that the members of the delegation were in accord with the proposed legislation and that they would give their support as far as was possible. He thanked Mr. Swearingen for his coming to Anderson and appearing before the delegation and the state superintendent in return thanked him for the opportunity.

**CITROLAX**

Best thing for constipation, sour stomach, lazy liver, and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome.—R. H. Wolhecht Salt Lake City, Utah, writes: "I find Citrolax the best laxative I ever used. Does not grip—no unpleasant after-effects."—Sold Everywhere.

**COUNTY TEACHERS ASSOCIATION MET**

**WAS WELL ATTENDED BY TEACHERS OF ALL SECTIONS**

**SUPT. SWEARINGEN**

**Made Address on "Taking Stock" Asking Teachers Try Get all Children Enrolled.**

The Anderson County Teacher's association held their regular monthly meeting in the West Market street school building yesterday at noon and a number of teachers from all over the county were present. The committee appointed to consider plans for the field day exercises made their report but the matter was not passed on. Another report will be made at the next regular monthly meeting which will be held on the second Saturday in January.

The meeting was opened by prayer by the Rev. W. H. Fraser and after a short business session, the speaker, Mr. J. E. Swearingen was introduced.

The subject of the state superintendent's address was "Taking Stock." In this address he urged the teachers to take stock of the pupils in their respective school districts, so that they would know what percentage were in the schools. He stated that the teachers were employed to teach their children and that it was their duty to get as many of them as possible enrolled. He stated that guess work would not pay and was like the merchant who tried to tell what his stock of goods was worth without taking stock. He urged the teachers to be true to their trust and at all times remember that they were training the future citizens of this country.

At 1:10 o'clock the teachers went downstairs where a delicious luncheon was served by the domestic science class of the high school.

**SCHOOLS AND RED CROSS SEALS**

**Institutions Where Children Are Treated and Taught at Same Time.**

"Say teacher, how sick is a feller got to be to get in this 'ere open air school?" This was a greeting to one of the teachers at the Elizabeth McCormick Air School in Chicago. McCormick Open Air School in Chicago the other day by a puny little fellow who had been envying the sick kiddies the good time they were having at studying, working, sleeping and playing all in the open air.

Open air schools to the number of nearly 500 are now maintained all over the United States. Some of them this winter in the northern states will hold sessions when the thermometer is down to zero or below. Others will enjoy the balmy winds of southern California, Louisiana or Alabama. The open air school idea is confined mainly to these children who have tuberculosis or who are run down, anaemic and likely to contract the disease.

In the open air school movement Red Cross seals have played and are still playing an important part. The seal money, through the Anti-Tuberculosis societies, has been the means for experimenting and convincing the hardheaded school boards of the wisdom of the plan and also for providing food, clothing and special nursing care which the public funds could not furnish. Red Cross seals are among the children's truest friends.

**OUR JITNEY OFFER**—This and 5c. DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive by return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in side and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache and sluggish bowels.—Sold Everywhere.

**"CABBAGE PLANTS"**

We have now ten million cabbage plants on hand ready for shipment. Our plants are grown close to the Sea Coast, in the open air, and our seed are grown by the very best seedman on Long Island, N. Y.

We have the following varieties: "THE EARLY JERSEY WAKEFIELD," "THE CHARLESTON WAKEFIELD," "THE SUCCESSION" and "FLAT DUTCH."

Our prices are: In lots from 1 to 5 thousand \$1.00 per thousand, 5 thousand and over 75c. per thousand F. O. B. here cash with order. We will make you a special price on larger orders.

Give us your order, and we will ship you plants that will give you the very best results. Yours very truly,

**THE ONLY PLANT CO., Meggetts, S. C.**

**THE POPULAR JEWEL STEEL RANGE** is Low in Price But High in Quality

Almost every low-priced steel range is made with light-weight steel walls, painted with Japan to hide its defects; but not so with the Popular Jewel or Leader Jewel stove ranges. In fact all Jewel steel ranges are made honestly, and sold on merit rather than deception. The low price of a Popular Jewel Steel Range is due to smaller size and not having as many ornamental parts of cast-iron; but for durability, quick baking, fuel economy, and convenience, it will compare favorably with the higher-priced ranges.

The walls are made from heavy blue planished steel, double and asbestos lined. Ranges are hand driven. Fire-box is large and roomy and fitted with duplex grate. Top plates are trussed to prevent cracking. Oven is full size and a perfect baker. Can be furnished with or without reservoir. The high class oven is crumby receptacle for warming dishes. Handicapped stoves, tea sets, tea shelves and guard railings. For small-sized families or for kitchens found in city homes and apartments, this range is especially adapted, and will give the best of satisfaction. This range is much better value than the high-priced ranges offered by catalog houses. Call and learn our very low prices on these ranges. They will surprise you.

The Optimist and the Grouch.

"I always look forward with joy to the setting up of the red cross seal booth in the post office," said the white-haired old man as he paid for two hundred seals. "It is so cheerful and the anti-Claus heal with its wreath of holly and Fred Crosses fairly urges me to buy. I like to buy red cross seals, too, because I know how suffering from tuberculosis in my day, but I know that since the Anti-Tuberculosis society has been at work with its nurse, dispensary and other things, much of this suffering has been relieved or prevented."

Contrast this cheery message with the following ungrammatical reply received by an Alabama sales manager in reply to a letter asking a man to return some seals that had been sent to him for which he had not paid.

"You have me charged for some of that mess you sent me. I did not advise you to send it to me and I am not going to pay for it. If you want the sorrow send me stanzas a nuff to pay the postage and I will send them to you all."

"What in thunder do you think anybody could do with such things, I am not going to pay for no such trash."

**Might Have Been Better.**

"Ah-h-h-m—my dear young friends said the statesman, who had kindly consented, at the earnest solicitation of the superintendent, to address a few helpful words to the Sabbath school, "looking back over my long career, I am convinced that the only way to win true success is to deal honorably with one-fellow man to follow the dictates of conscience, to heed the teachings of the Golden Rule, and to walk in the straight and narrow way. But—ah! would any little boy or girl like to ask me a question?"

"Well, say," spoke up one of the dear young friends, "can't you finda sorry red didn't find it out soon?"

**Why You Should Use Chamberlain's Cough Remedy.**

Because it has an established reputation for its good works.

Because it is most esteemed by those who have used it for many years as occasion required, and are best acquainted with its good qualities.

Because it loosens and relieves a cold and aids nature in restoring the system to a healthy condition.

Because it does not contain opium or any other narcotic.

Because it is within the reach of all. It only costs a quarter. For sale by all dealers.
