Cast-Iron Shears break easily. Soft steel shears soon become dull and refuse to cut. All poor shears work loose. Then you have to press and grind the blades together everytime you try to cut. This means an aching wrist, cramped fingers and perhaps loss of temper.

WISS SHEARS do not work loose but cut clean and smooth any material no matter how heavy or light, with ease and certainty.

Call and see the many different styles of WISS SHEARS and SCISSORS we have, for every conceivable use.

The "Blue Ridge" Oil Stove as shown in this cut represents the highest development in modern kitchen stoves. No trouble to operate—lights as easy as gas, and burns oil and air perfectly. The burners of this Stove are near the grates and its heat producing power is the marvel of housekeepers.

This Oil Stove comes up to every test—it satisfies every "want" in convenience, is easily cleaned and is the most profitable to use in that it causes a saving of time and money. Made in two, three and four burners.

Miss Mary ... spent Saturday night in the college.

In Memoriam

A "Mother in Israel" has fallen upon sleep and has gone to her great reward. Mrs. Caroline Harless Wakefield died Thursday, December 23, 1915, at the home of her devoted daughter, Mrs. H. H. Watkins, two miles east of Anderson.

Her up-and-be themselves cheered and helped by her gracious, warm-hearted greetings. She was the soul of hospitality—she loved to dispense good cheer. Born and reared in those olden times which produced such rare specimens of womanhood, she possessed all the graces and virtues and charms of the best of her race. It was a benediction to enjoy the hospitality of her home. With a heart full of charity and loving kindness she did her duty of Christian help so quietly and unobtrusively that scarcely her left hand knew what her right hand did.

Blessed are the dead who die in the Lord. It needs must be that in the weakness of the limitations of our poor human nature, we

long for the touch of a "sanctified hand" and the sound of a voice that is

well known as with this as the goal we know that it is well, of natural death is comforted to the contemplation of the for and given as with in here who has entered to the
