Watches

A watch is something that is bought for years of service, hence the first important thing about its purchase is: "Is it a reliable timepiece?" There is not a single watch in this entire store, but what we can recommend. We give you the benefit of forty odd years of experience in this business. Every time we mention one of our watches, we mention a famous name in the watch making business. There's not a shadow of doubt about the faithful time-keeping of any and every watch in this entire store; there's no room for any other kind here.

We have them in Solid Gold, Gold Filled and Silver; for Ladies and Gentlemen in every pattern and style worn this season, and at prices consistent with their true worth. Priced from
