## 'REPORTER' BRYAN WEEPS AS PEACE VICTORIES TOLD

### Former Governor Glynn Gets Series Of Ovations

Coliseum at St. Louis, Pack With Thousands, Hears Temporary Chairman Eulogize Wilson—Delegates Pass Through "Golden Lane" of Suffragists Enroute to Convention Hall.

(By Associated Press.)

St. Louis, June 14.—The democratic convention at its first session today here, in the keynote of americanism, peace, preparedness and prosperity, sounded by former Governor Martin H. Glynn, of New York, temporary chairman, registered its approval of Wilson's conduct of foreign affairs by a series of demonstrations. A sixteen minute demonstration marked Glynn's prediction of Wilson's reelection, and shorter ones were sprinkled throughout its course.

During his speech Glynn was constantly interrupted by cheering and applause, especially during his recital of Wilson's effort to keep peace. When he gave the list of Presidents who had adjusted threatening foreign situations without a resort to arms, the delegates caught the spirit of argument. As he referred to each particular President some delegate would call "what did he do." Glynn would invariably reply: "he settled trouble by negotiation."

Bryan was present as a newspaper correspondent and wept as the speaker pictured victories of peace. Glynn declared Wilson had faced more crucial problems than any President since the war between the states and said the issue of the campaign is to be whether the course the country has pursued will be continued. No lesser issue, he said, must cloud it.

After his address the convention adjourned until eleven tomorrow. The coliseum, holding twelve thousand persons, was practically filled despite the high temperature. On the way to the convention delegates passed through a "golden lane" of suffragists dressed in white with yellow sashes and yellow-faced parasols.

## WIRE AMERICANISM PLANK TO ST. LOUIS

(By Associated Press.)  
St. Louis, June 14.—President Wilson's Americanism plank was telegraphed here tonight, but was not considered as the resolutions committee was still engaged with public hearings on other declarations intended as planks. The wording of this plank, which will probably prove the sensation of the platform will be carefully made so as to cause no future embarrassment. Main features of the plank were agreed upon as follows:

No specific mention of Mexico; the Mexican situation being treated in a plank outlining the relations of the United States to other governments and stressing the right of each nation to regulate its internal affairs. A declaration for the protection of the right of Americans at home and abroad; in defense of American neutrality the platform will hold the question involving not life, but only property can be settled by indemnity after the passions of war subsided. A permanent peace tribunal advocated, how far the platform reflect President Wilson's declarations of willingness of the United States to join a world league to enforce peace not determined. Declarations for an effective army and navy and ample reserve force; coupled with this the pronouncement against wars, and territorial aggression. Declarations for an eight-hour day and civil service pensions. One plank will deal with child labor. Several deal with the administration's achievements, federal reserve law, trade commission act, shipping bill, tariff commission and rural credits bill.

Arrangement Made With Director Of Paris Opera

(By Associated Press.)  
Paris, June 14.—An arrangement has just been concluded between M. Claret, director of the Opera Comique and one of the leading Italian publishers and the director of the Scala theatre in Milan, the Comedien theatre in Rome and the "Colonna" of Buenos Aires, whereby French musical productions are to take the place of German and Austrian productions. This will apply to the French operetta and also to French librettos, which will be composed to write the texts for various Italian works. In this way, it is hoped that the German and Austrian operas will come into its own again and that the Viennese productions, which have practically held supreme control for several years.

## T. R. PUT UNDER AN X-RAY PROBE

Slight Breaking of Muscles Around Fractured Rib Is Giving Roosevelt Trouble

(By Associated Press.)  
New York, June 14.—Roosevelt underwent an X-Ray examination today for what he characterized as a "possibly slight breaking of the muscles" around a rib which had been broken when thrown from a horse May 24th, 1915. Fears that he suffered a heart attack were set at rest tonight when he received newspaper men. He said he caught a severe cold in the West Indies and had been subject to coughing spells. He will remain here until the result of the X-Ray is known, and also confer with progressive leaders.

## "AMERICANISM" PLANK IS READY

Arranges Persons Seeking to Embarrass Wilson Administration in Foreign Negotiations

(By Associated Press.)  
Washington, June 14.—Carrying some ideas he expressed in the flag-day speech, approved by President Wilson, the plank on Americanism was completed tonight and is ready for submission to the resolutions committee. It arranges persons seeking to embarrass the government in foreign negotiations and to embarrass any political party which opposes its policy for years of political conspiracy. President Wilson intends to fight foreign born Americans who oppose him for his foreign policy.

## WILSON HURLS CHALLENGE AT FOREIGN BORN

IN FLAG DAY ADDRESS AT WASHINGTON, PRESIDENT FLAYS ELEMENT TRYING TO LEVY POLITICAL BLACKMAIL AND UNDERMINE AMERICAN GOVERNMENT

(By Associated Press.)

Washington, June 14.—A charge that foreign born citizens of the United States are trying to levy political blackmail and undermine the influence of the government, was made by President Wilson in his flag-day speech today. His assertions sounded the keynote of one of the foremost issues to be stressed when he stands for reelection, and indicated the platform declaration to be submitted to the St. Louis convention by the administration.

Before the crowd at the base of Washington monument President Wilson said: "There is disloyalty active in the United States and it must be absolutely crushed. It proceeds from a small minority, but is an active and subtle minority. It works under ground but shows its ugly head where we can see it. There are those this country who are trying to levy a species of political blackmail, saying, 'Go what you wish in interest of the foreign sentiment or we will wreck our vengeance at the polls.'"

President Wilson added: "That is the sort of thing against which the American nation will turn in a moment of sentiment which will reach these gentlemen once for all that loyalty is the first test of tolerance in the United States."

His utterances were taken as challenge to the foreign born Americans whom he learned were opposing him for reelection.

The president spent the entire day at the flag-day celebration, marching in wreath-bearing parades and reviewing 41,000 men and 10,000 women.

## AS HE LEFT COURT AGAIN ARRESTED

Syrian "Slaver" Released On Bond in Greenville

Greenville, June 14.—Ed. Knuckley, a young Syrian who has been in jail for several weeks under a charge of violating the Mann white slave act, was brought to federal court this morning. There was a wan and pathetic look about him, and he complained to a group that gathered outside of the stinking sameness of his confinement. He had been sick and, with his attorney, he was appearing for his release on bond. At the request of H. P. Burdage, Judge Johnson had reduced the bond from \$1,000 to \$500.

After the bond was signed by W. B. McCain of Greenville and the necessary papers had been approved of in Clerk of Court J. B. Knight's office, Knuckley prepared to leave the room. As he stepped into the hallway he faced Deputy Sheriff George King who was waiting to arrest him on a warrant charging adultery. The warrant had been previously sworn out by Deputy Sheriff Copell and had been withheld pending developments in the white slave case.

Upon this proceeding Knuckley and the officer and the attorney went immediately to the office of Magistrate J. L. Ballenger. There Attorney Burdage arranged for bond for his client in the sum of \$200. This W. B. McCain also signed.

Annie Aker, the young Syrian woman who was bound over with Knuckley on the "white slave" charge was taken from Greenville to Charlotte yesterday by her father, who came here in consequence of the report that his daughter had again been arrested on a "white slave" charge. She is now in the custody of the sheriff in Greenville. She carried her 3-year-old son with her.

## SHIPS STEER CLEAR OF THE SEA MINES

Rotterdam, Netherlands, June 14.—A week's voyage round Scotland and England is a strange way of getting from Rotterdam to London, yet this is one of the latest indirect consequences of the war. Rather than face the dangers of the mine field, the Rotterdam Lloyd has decided in future to send its East India mailships due to call at London by the circuitous route, round off by the direct eight hours passage to the Thames.

### BRYAN'S PLANK

St. Louis, June 14.—Samuel A. King, of Utah, told the resolutions committee tonight that Bryan was asked if he had any planks, and he replied: "I have no planks, but one, that is the president's. I'll go before the people in his behalf on your report."

## CHINESE STUDENTS IN JAPAN RECALLED

Government Unable to Pay For Their Schooling

(By Associated Press.)  
Peking, June 14.—Because of financial stringency, China has been compelled to recall from Japan about 2,000 students whom the Chinese government was maintaining there in various schools. Several months ago these students began complaining that their allowances were reduced or entirely cut off. They protested to the Chinese minister in Tokio, who negotiated funds to bring many of the students back to China. This was done doubt in China as to the possibility of having the students returned from Japan at a time when the political conditions are so unsettled. Most of the students are very advanced thinkers, wholly out of sympathy with the monarchical movement and other efforts to avoid the modernization of China.

## RUSSIAN FORCES MAKING CLEAN SWEEP OF TEUTONS

FIERCE ONSLAUGHT GIVES OFFENSE ANOTHER 20 MILE GAIN, WITH CAPTURE OF THOUSANDS OF PRISONERS AND MACHINE GUNS

(By Associated Press.)

The Russians advancing on Czernowitz gained twenty miles, according to the latest Russian official statement. Having previously crossed the Dniester river they have gained the left bank of the Pruth river, capturing the town of Sniatyn, twenty miles from the capital of Bukowina. Nowhere on the front from Przepet river through Galicia to the Bessarabian frontier has there been any cessation of the Russian offensive. Petrograd says the Teutons were driven back all along.

In the eleven days drive the Russians captured more than one hundred and twenty thousand prisoners, one hundred and thirty guns and two hundred and sixty machine guns. Berlin says the Russian attack on the north German line was repulsed.

Intermittent bombardments continue at Verdun. Canadians continue to hold trenches recently taken from Germans around Ypres.

Rome announces the repulse of violent Austrian attacks on the Po frontier.

The German auxiliary cruiser, Horzmann has been sunk in the Baltic by Russian destroyers, according to Berlin. A neutral report says twelve German merchantmen and German destroyers were also sunk.

It is anticipated in London that Lloyd-George takes Kitchener's place and remains the head of negotiations as well.

Temporary Order of Restraint Issued Against Disposal of Hampton Concerns

Rose of Columbia, Richard D. Lee of Sumter and Alex. B. King of Columbia have secured from Justice R. C. Wells of the South Carolina supreme court a rule to show cause why the sale should not be enjoined and a temporary injunction against the sale pending the final hearing.

The rule, returnable before Circuit Judge J. J. Blount at Florence June 20 next, is directed against the Parker Cotton Mills company, the Hampton Cotton Mills company, the Hampton Branch, president of the Parker company, W. B. The petitioners also request that the court issue a temporary order of restraint against the sale of the assets of the Hampton company.
