

SINCE DEMANDS REFUSED R. R. MEN LIKELY VOTE ON STRIKE

RAILWAY MANAGERS REFUSE REQUEST FOR EIGHT HOUR DAY AND TIME AND HALF OVERTIME—OVER 400,000 EMPLOYEES INVOLVED

(By Associated Press.)
New York, June 15.—Railroad managers today informed the heads of four railroad employees organizations that they could not meet their demands for an eight hour day and time and a half for overtime. They proposed arbitration or submission of the problem to the interstate commerce commission.

A. B. Garretson, of the conductors organization, speaking for the men said the arbitration proposal was not acceptable and the submission to the interstate commission impractical, as the commission is without authority to act. He said the railroads reply will be reported back to the men for action.

If the men vote in favor of a strike the railroads will be formally notified before a walkout to give them time to reconsider their action. It would take about five weeks to complete the vote. More than four hundred thousand men are involved.

A semi-official Petrograd news agency says the Austrians evacuated Czernowitz, but Vienna asserts the Austrians are making a stand north-east of the city.

The twelfth day finds the Russian offensive still moving with prisoners captured amounting to one hundred and fifty thousand. West of Lutsk the Austrians are counter-attacking. On the north end of the line Russians have carried the German trench at Baranovich, but were forced to abandon it.

A German infantry attack south of Lvinsk was repulsed.

The French south of Deadman's hill captured a German trench. Germans are heavily bombarding Fort Souville positions northeast of Verdun.

East of Montfalcone, the Italians captured an Austrian position and prisoners.

GOVERNOR "NAT" SAYS HE'S NOT "DEAD UN" YET

Atlanta, Ga., June 15.—Governor Nat E. Harris has once more made emphatic denial of the report which had again gained circulation that he would retire from the governor's race. "You may say for me," said the governor, "that I am still in the race and that I am running just as fast as my wings will allow, and that I am a long way from being winged." The source from which some of these reports are gaining circulation seems to be clear to the governor, and he intimates that, with the continuation of such reports, he would pay his respects to the circulators in the near future.

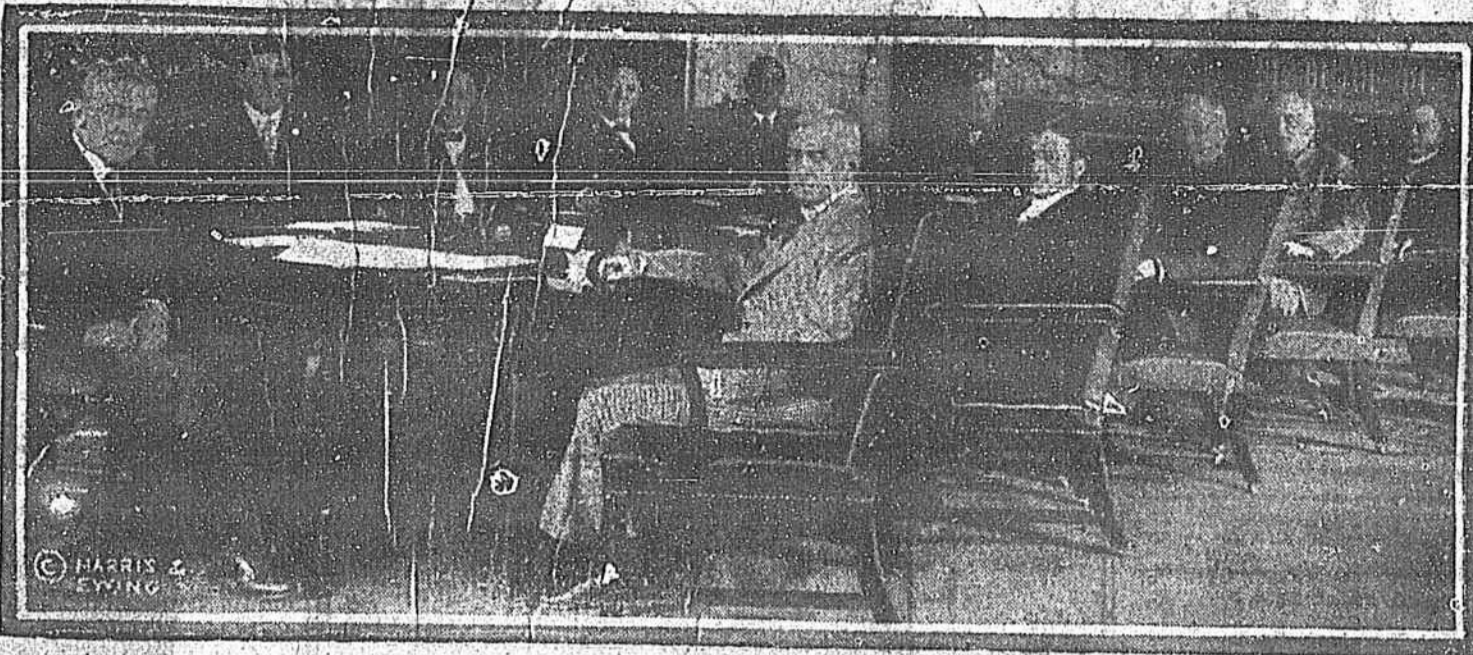

A well known politician, who for personal reasons asked that his name be not used, declared his honest conviction after trips over the state, that Governor Harris will be re-elected. This politician is supporting another candidate.

St. Louis, June 15.—Nominations for president began at 10:14 o'clock. Alabama yielded to New Jersey. Westcott nominated Wilson. Westcott finished his speech at 10:49 and the convention broke into a great demonstration. Flashlights were blazed, flags paraded to the front of the stand and bands played "The Star Spangled Banner." A huge banner bearing the likeness of Wilson was unfurled from the roof of the hall. Delegates began the parade bearing state stanchions.

During a demonstration which lasted forty-five minutes, James yielded the chair to Hefflin, of Alabama. Bands played Dixie, Old Black Joe, and even Tipperary. Women delegates were among paraders in the aisles. Some suffrage workers mounted the platform and held a suffrage umbrella over Hefflin, one of the strongest "anti's" in congress. Harrison, of Ohio, made the first seconding speech. Wilson was nominated by acclamation. Marshall was also nominated by acclamation.

PRESIDENT MIGHT GO TO ST. LOUIS

He Will Not Consent to Modification of Platform

(By Associated Press.)
Washington, June 15.—Reports here that some of the leaders in St. Louis favored making President Wilson's Americanism plank less specific in its denunciation of the activities of foreign born citizens led to a declaration by officials that Wilson will not consent to such a modification. It was said at the White House that President Wilson is so strongly in favor of making a clear cut issue that if persistent opposition developed he might ask the convention to remain in session until he goes to St. Louis and makes personal appeal.

TILLMAN ANXIOUS FOR TRIP IN AIR

Senator Would Make Flight If Wife Didn't Object

Washington, June 15.—Senator Tillman wants to take a trip in a flying machine. At least he says he is willing to do so if he can find one that is safe, and if Mrs. Tillman doesn't make too much objection. The chairman of the senate committee on naval affairs was in earnest when he expressed his desire to fly—and if he gets a good chance he intends to take it.

Mrs. Tillman walked into his office yesterday afternoon just as the senator had finished telling of his aspirations. When she learned what he had said she expressed her disapproval at once, and the subject was not pursued further.

Senator Tillman had been to the navy yard inspecting a model of a "zeppelin" that is being planned for the use of the United States. The machine is designed to be an improvement over similar airplanes used by Germany. The ship has not yet been completed. When it is ready it promises to bring about a revolution in the aircraft equipment of the United States.

A United Party Says Bryan In St. Louis Talk

Great Commoner is Called on To Speak and Crowd Howls Hearty Approval

(By Associated Press.)
St. Louis, June 15.—Shortly after 9:15 o'clock tonight the national convention reconvened with the avowed intention of remaining in session until Wilson and Marshall were nominated. Senator Thompson of Kansas moved a suspension of rules to allow Bryan to speak. Senator James introduced Bryan as America's greatest democrat and the galleries howled approval.

The crowd was so great that the police had to take charge of the entrance to keep back the crush. Bryan began by declaring every democratic convention a "love feast." He said: "We are here to prepare plans for the future and submit our claims for confidence to the people. Whatever differences may have existed temporarily, we begin the 1916 fight as a united party in every state. You may take every administration in the history of the United States and you will find none which is responsible for as many things of great importance to the people as the present administration." Bryan spoke forty five minutes.

THREE TROOPERS OF 14TH CAVALRY KILLED WHEN BANDITS RAID CAMP—NO WITHDRAWAL UNTIL CARRANZA CAN HANDLE SITUATION

(By Associated Press.)
Washington, June 15.—Secretary Lansing's draft of the note to Carranza which will refuse demands for the withdrawal of American troops was laid before President Wilson today. At the same time the war department received news of the bandit raid on the camp of the fourteenth cavalry at San Ygnacio, Texas, in which three troopers were killed.

While the punitive steps will be left to the discretion of border commanders, the attack was immediately called to Carranza's attention.

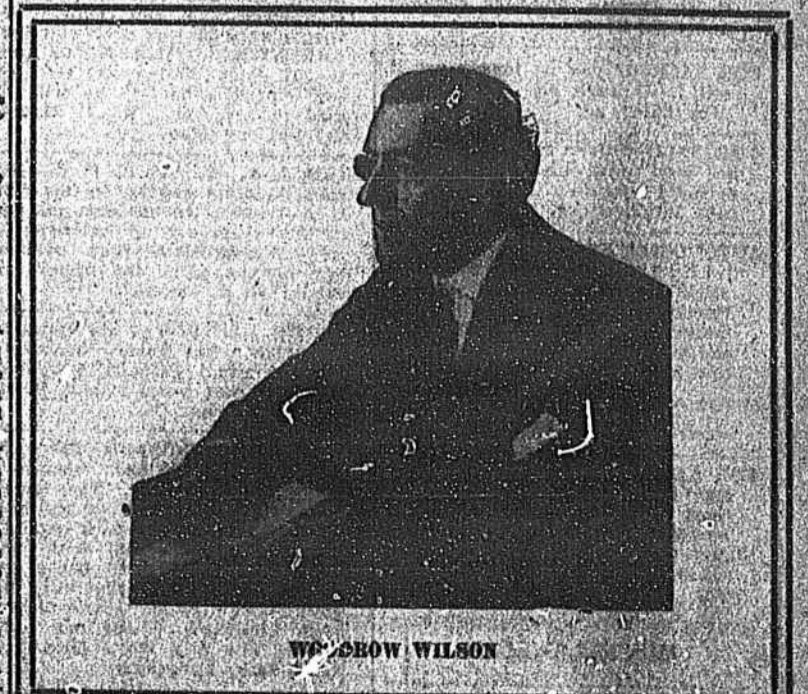

It was understood the refusal to withdraw troops would be predicted on the San Ygnacio raid as indicating Carranza is still unable to cope with the border situation. The reply may go forward tomorrow.

AS RESULT LATEST RAID MANY MEXICANS, HEADED CARRANZA CONSUL GARCIA, FLEE INTO MEXICO FOR SAFETY—CITIZENS AROUSED

(By Associated Press.)
Laredo, June 15.—As the result of the raid on the fourteenth cavalry camp at San Ygnacio, southeast of here last night, in which three troopers were killed, Carranza's Consul Garcia has gone across the border for safety, following the example of the American consul Garrett at Nuevo Laredo, who recently came here. Citizens tonight escorted Garcia, editor of a Mexican paper here to the border with pistols and many Mexicans in Nuevo Laredo have gone south. Reports from Brownsville say a thousand Carranza troops, recently concentrated, are somewhere south of San Ygnacio and if the American cavalry invade Mexico there may be a clash.

A Synonym For Peace And Great Prosperity

The speech of Hon. John W. Westcott, of New Jersey, nominating Woodrow Wilson for president is given in full as follows: "The eternal verities of righteousness have prevailed. Undimmed by the calamities of war, unmoved by utteration and vain declamation, holding to the pure altar of truth, the schoolmaster of nations, you have called to your side the great commoner of America, who stands for the peace and prosperity of the world."

It statesman, the statesman financier, the financier emancipator, the emancipator, the pacifier, the pacifier, the moral leader of democracy, the nation is at work. The nation is at peace. The nation is accomplishing the destiny of democracy. Four years ago the nation was not at work. With resources boundless, with a hundred million people eager to achieve and do, commerce languished, industries halted, men were idle. The country struggled in the coils of an inadequate financial system. Credit was at the mercy of petty. The small business man was being ruined and lost. Panic hung like a storm cloud over the business world.
