

Seven Rusty Army Guns Found Here And Cleaned Up For 'Home Guard' Use

LARGE RIFLES THAT HAVE BEEN STOPPED IN OFFICE OF ANDERSON FIRM ARE PUT IN TRIM BY THE POLICE DEPARTMENT.

It had been reported about town that Anderson is unprepared, only one army gun being available in the city, and that was an old "blunderbuss" left in the armory hall because the boys of Company B would not carry the thing along.

Richmond, Va., and seeing on display a collection of army guns, advertised for sale at a remarkably low price, purchased the entire lot—seven in all—and shipped them, together with 180 cartridges thrown in, to his father-in-law in Anderson, Mr. Johnson.

"The guns had been kicked about the office here for a long time," Mr. Johnson said yesterday, and "thinking they might come in handy at this time I consented to Chief of Police Sammon's request to allow him to carry them to the police station and clean them up."

Yesterday afternoon the guns were stacked up in the chief's office, shining like new, and near at hand was a large box of cartridges. The guns are of the largest type, shooting 45 2-inch cartridges and guaranteed to hold up at a range of 2,000 yards. In addition to these guns there are 6 or 8 large rifles of another type stored away at the police station. With an army gun for each man, the police department is a home guard within itself, and in any eventuality will be able to handle any local trouble.

COMPANY B OFFICERS HERE TO SECURE MEN FOR FIRST REGIMENT

REPORT SEVERAL HUNDRED YET NEEDED TO FILL OUT THE RANKS.

OFF ON FURLOUGH

Lieut. Bradshaw Appeals to Men to Recruit in Statement Given out Last Night.

For the purpose of recruiting more men for the First Regiment, now encamped at Styx and awaiting orders to move to the Mexican border, Lieut. P. E. Bradshaw and Sergeant W. H. Sliger of Co. B, the Palmetto, arrived in Anderson yesterday afternoon on a brief furlough. When seen last night by a reporter for The Intelligencer Lieut. Bradshaw said that several hundred men were yet needed to fill out the ranks of the First Regiment. If the officers do not succeed in enlisting a sufficient number of men in Anderson and vicinity they will go into other sections of the Piedmont territory. They are hopeful, however, of getting the necessary number of men in the city and county of Anderson.

Lieut. Bradshaw last night gave out the following statement with reference to the need for recruits:

A great effort is being made through the upper part of the state for recruits to fill the vacancies in the first regiment. They are yet in need of several hundred men in order to be up to war strength. While we realize that Anderson and immediate vicinity has already put out more men than any other county in the state, and that some others should show their colors, still, if they do not it's no reason why our boys who want to go to the border should hold back. There will be a special effort made by Lieut. Bradshaw and Serg't. Sliger to fill the lines of Co. B, which in our home company, from the boys in and around the city; then, if we have to keep recruiting, we will try other towns in the county and adjoining counties.

Everything is in good order in the camp at Styx, and every one feeling better over it, having been issued new equipment the boys feel more like entering upon their task.

See Lieut. P. E. Bradshaw, or Serg't. W. H. Sliger.

Headed by Supt. W. B. Ramsey 150 or more pupils of the Central Presbyterian church Sunday school left the city yesterday morning on a special car over the Piedmont & Northern for Williamston, where they enjoyed a delightful picnic arranged for the occasion.

While the picnic season is a little later than usual this season, it is said that quite a number of such affairs have been planned for next month, many of which will be held at the Williamston Springs park.

BUSINESS MEN TO AID MILITIAMEN

Movement Started for Contributions to "Privates Fund."

As the result of an informal meeting of a few business men of the city Tuesday night another meeting, to be held tonight at 6 o'clock in the rooms of the chamber of commerce was arranged for, and at that time plans will be put under way for soliciting subscriptions of \$5 per month from 100 business men for a "Privates' Luxury and Necessity Fund," to be given to Anderson boys as a mark of appreciation of their ready response to the call of their country.

As there are hundreds of business men in Anderson who would gladly enlist for Mexican service were it not for pressing business duties at home, these are determined to render some assistance by making it more comfortable for the boys who have enlisted.

'Gen. Lee' O. Anderson, Is On The War Path In Earnest Now; He's Got A Company

Little Johnny Lucas, the 8-year-old Greek lad of Darle street, just around the corner from McDuffie, who was one of the first youngsters to act on the spur of patriotism among younger Anderson, is more militant than ever before. He's organized a company, too. Yes, indeed, and last night he had 'em drilling out under the electric light—not far from his home.

sticks or fire pokers, and some carried toy air-guns. "Gen. Lee's" company was inclined to be obstreperous. All-in all it was a noisy, undisciplined little aggregation. But the general himself was as stern as the original fighter of the war 'between the states. He had his gun and sword, and called "right face," "halt," etc., with remarkable precision. The following was singing, "My Country 'Tis of Thee" when the reporter passed by, but as he went around the corner he could hear above the childish treble of song the merry, steady clank of the tin sword as it beat monotonously against the little general's bare, freckled legs.

Anderson Feels Real Thrill As Result Of 'War'

Flags and Bunting Much in Evidence—Fire Ladders are Enthusiastic.

Anderson is feeling the military spirit more keenly than possibly any other city in the south. Flags, bunting, and other decorations bearing the Stars and Stripes are in evidence on every hand. Chief Jackson of the fire department is one of the enthusiasts. He has placed a flag on the big door opening into the fire department, and when not busy at the fire department, he and the boys sit in sight of the flag and discuss the war by the hour. While Chief Jackson and his men can't go to the front, having a common enemy to fight at home the year round, they are right on the job with the home guard stuff and in any eventuality would be right at the post in looking after things at home.

'THE BETTER WOMAN' AT THE BIJOU TODAY

A stirring story is vividly told in "The Better Woman" which is to be shown at the Bijou theatre on the Equitable program on today. Leonora Ulrich, the star, has a difficult part to play, and plays it to perfection. It is that of an uneducated girl in a mining town, who craves affection and love, sees a young civil engineer engaged on a big work in the neighborhood, realizes that he is the man for her, and by means of a crime causes the breaking of his engagement to a girl back in his "old home town." The engineer, in a drunken frenzy at losing his first love, marries her, and then begins a struggle between her better nature and her early influences. She finally brings herself up to his standard, and then tells him what she had done, this causing a violent scene. His old girl tries to win him back, hoping that he will seek a divorce, but in a thrilling scene of danger and disaster she wins her freedom, and then tells him what she had done, this causing a violent scene. Wilson-Black. Married last night at 7:30 o'clock, Miss Carrie Wilson and Charles W. Black, both of Anderson. The wedding service will take place here in the morning and will leave for that point today. Mrs. Wilson is a popular and attractive young lady and has scores of friends in the city who will regret to learn that she will not make her home here any longer. Mr. Black has been connected with Mr. W. H. Black's barber shop and is a capable and reliable man. He has many friends in the city and will be missed by all who know him.
