

COLLEGE EDUCATION.

The press is a great educator, editors are very efficient teachers, whose large schools, conducted on the non-resident system, give no vacation.

Wofford College began in 1854, and its exercises have never been suspended, except in the usual vacation. For four years (1861-65) a classical school was conducted for boys, when the young men were on duty elsewhere.

Some readers may not have considered the great educational changes in our State that have taken place within the memory of men now living. A remarkable man lives in this city, whose diploma is dated "S. C. College, 1837."

At that date there were a good many high schools in the cities for girls, and Dr. Elias Marks was in the midst of his successful career at the "Collegiate Institute" near Columbia.

To all these must be added the momentous change, (with all the varied results to follow it) from the free school for the poor to the public school for all classes.

At the date alluded to there was no daily in the State except in Charleston.

When the two great parties in our country met, a few months ago, to select standard-bearers they took four college men. In the senate at Washington more than one-half have had some college training.

There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. L. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice.

land of society generally is higher." Does this give a reason why those coming forward in life to-day may be careless about their preparation? Other things being at all equal the trained minds must have some advantage in the competitions and collisions of life.

And yet the colleges now at work in this small State are expected to send into the different walks of life some currents of good influence. Education, as the word is sometimes used, is no security against vice or worthlessness.

May the schools and colleges of our State send out streams of young people whose scholarship has enriched and strengthened character.

This season there is a large death rate among children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases.

ROCKTON DOTS.

Mrs. W. S. Till and children left last week for Tampa, Fla., to visit her sister, Mrs. Boulware. After a stay of a month they will return to Athens, Ga., their future home.

We hope he will have a host of friends there as he has left here. He is a great loss to Rockton, but a gain for Athens.

Miss Mettie Till has returned to her home at Bowman, after an extended visit to her brother, Mr. Till.

We are glad to report Mrs. C. W. Mason convalescent.

We are sorry to learn that Mrs. T. G. Robertson is confined to her bed.

Mr. Ralph Mason, who attends Carlie Fitting School, has returned to his grandmother's, Mrs. T. G. Robertson, on account of sickness.

Mr. John Delaney paid us quite an extended visit one night a few days ago. He is a welcome visitor.

Business is progressing under the skillful management of Messrs. Strom and Iroy. They are keeping bachelors' hall and are sadly in need of a house-keeper.

Mr. Brown, the agent, is off on the sick list.

Have the city folks heard Rockton's latest song: "Old Ring is Dead." It is purely original.

The farmers have not been able to do much plowing on account of the rainy weather.

The roads are a shade better since the heles have been lined with rocks.

We hope THE NEWS AND HERALD's view of the wood pile has been removed. [No, it has not. It is the wood pile that should be removed.—Ed.]

THE NEWS AND HERALD is always a welcome visitor to our neighborhood.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. L. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed.

OAKLAND ITEMS.

As a correspondent in the Kennebec, (Me.) Journal expresses it: "To say that news is scarce, is putting it mild. The young folks have all about gone away; the hired girls have gone home, and the hired men have gone to the woods."

We Oaklanders are almost as destitute of news as was that correspondent. But we are proud! Proud that we are living, dear friends, living peacefully with one another and able to look the 20th century squarely and honestly in the face as it were.

Capt. Dick Matchett is well and seems to be enjoying the cold, bracing weather.

Messrs. Nick and Willie Bray and Muck Robertson have gone to Clarendon County, S. C.

Mr. Rilev is returning to his home in Winnsboro.

Mr. Tom Peay Bray is attending school in Durham, N. C.

Mr. W. A. Neil and sister, Mrs. Ligon, are residing in our neighborhood this year. We wish Messrs. Neil would send us more such good people.

CALL MEETING BETHEL PRESBYTERY

There will be a call meeting of Bethel Presbytery held in 1st church, Rock Hill, Feb. 15th at 11 o'clock a. m. to receive and examine with view to ordination, W. C. Underwood licentiate of West Hanover Presbytery.

BRYANT AND LONGTOWN

Death has visited our section. The angel of death has come, and another spirit has been borne away to that home from whence no traveler ever returneth. Mrs. Eliza Kennedy died at her home near here on Sunday.

The deceased was the mother of our much esteemed fellow citizen, Mr. Wm B. Kennedy. We extend our sympathy to the bereaved ones in this their great affliction and point them to Him who is able to save to the uttermost them that put their trust in Him; and who will wipe away all tears from our eyes.

Mr. L. T. Wilds, of Columbia, was in Longtown some time since.

Mrs. E. P. Scott has returned home after a very pleasant visit to friends in Columbia.

Mr. and Mrs. J. A. Stewart, of Winnsboro, visited relatives here some time since.

Misses Berta and Lottie Durham, of Oakland, visited relatives here during the past week.

Mr. D. A. Crawford was in Longtown on business during the past week.

Air-tight Heaters

We have trade-winners, high-grade, and low-in-price HEATERS—the most economical ever invented. They will burn knots, chunks, chips, and anything else that is combustible, and will give greater heat with less fuel than any other stove in existence and heat more quickly. They will keep the room warm all night—day and night and every night. You can keep your room at any temperature you desire as cheap as coal and cheaper than a coal stove. They help both the merchant and the consumer.

I also have a few coal stoves, box heaters AT COST TO YOU.

We have also the new, improved HEATERS—SMOKELESS, ODORLESS AND PORTABLE—suitable for your bed room, dining room, and parlor.

COOKING STOVES, NONE BETTER MADE.

Why pay sixty-eight dollars for a range from an agent when you can buy a good one at half price from your home dealer, who has a reputation to sustain and who will treat you more fairly. The money left at home with them is circulated at home as much as possible—that sent away does no good locally.
