

A Talk on Spring Clothing.

EVERY MAN WHO HAS A REGARD FOR his pocket-book and wants to practice "practical economy" should see our line of **SPRING CLOTHING**.

Every man who has any regard for "well cut," well made and "good fitting" clothing should see our line of **SPRING CLOTHING**.

There is just as much difference in the "making" of a suit as there is in the making of a watch. When you buy a watch you want to know "how about the movements"—the "insides." So about clothes. You want to know how about "insides." How is it built? Some clothing is "built" and some just "thrown together."

Our Clothing is "Built" and consequently you get a "Good Fit" and "Permanent Shape."

We are prepared to show you the "choicest productions" of the best manufactures in America. **COME AND SEE.**

We are also prepared to show you the other requisites of a "well dressed man"—Collars and Cuffs in all shapes and sizes; Neckwear in abundance and in all shapes.

SHIRTS.

Well, you will have to see them. We can't tell you enough about them.

Suspenders, Hosiery, Underwear and Handkerchiefs.

NOW AS TO HATS.

We don't hesitate to say that we will be able to show "the most complete" and "up to date" stock of Hats ever exhibited in this town.

STRAW HATS in endless variety and quality.

FELT HATS in all colors and shapes, from the cheapest to Stetson's Best.

We ask you to come and see and find out for yourself that we will sell you

GOOD GOODS

at prices that will astonish you.

He Kept His Leg

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1 1/2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. McMaster Co. will guarantee satisfaction or refund money. Only 50 cents.

An Eye Sore Gone.

For some time the large wooden bridge in front of the Williford livery stable has been in such a dilapidated condition that it has been a real eyesore, but it has now been removed and terra cotta piping is to be laid along where the old bridge was and perhaps on to the corner by the court house. It is also said that all the old wooden bridges on Congress street are to give way to terra cotta drains, an improvement that would be greatly welcomed.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Egar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by McMaster Co., druggists.

Held on Suspicion.

Wednesday evening Policeman Gilbert noticed a strange negro in town, and for fear that he would not have a suitable place for the night he obeyed the bible injunction and took the stranger in. He gave his name as Frank Rawls, but the chief of police thought he saw in him a very striking resemblance to one Tom Whitaker wanted at Clifton, Ga., for a criminal offense and for whom a reward of \$50 is being offered. So firm is he in the conviction that this man is the much wanted Tom that he has decided to hold him for further investigation.

A Steel Trap Found.

That party in the surrounding country whose steel trap made such a sudden disappearance need not have anyone arrested, charged with having carried it off. Instead he should apply to Mr. Wylie who a few days ago captured the thief that had carried it off. While walking through the woods, he came suddenly upon a Charleston bird of prey which seemed to make no move at all. Being attracted by this strange action he moved closer to see the cause, when to his surprise he found that this bird was held by a steel trap to which a chain about three feet long was attached.

Whoop as Cough

A woman who has had experience with this disease, tells how to prevent any dangerous cough from coming on. She says: "Our three children took whooping cough last summer, our baby being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our old girl would call lustily for cough syrup between whoops.—Jesse P. Key Hall, Springville, Ala. This Remedy is for sale by McMaster Co., druggists."

A meeting of the state board of education has been called to meet at an early date.

Doing Well.

While the first report as to the condition of Spencer McCants who was operated on Monday for appendicitis were very unfavorable, all the later reports have been to the effect that the operation was a success and that the little fellow is getting along as well as could possibly be expected. This will be gratifying news to the large number who have been so much interested in his condition.

The Town Taxes.

That notice of the town council in regard to the payment of the taxes due the town seems to have had its desired effect. For several days Clerk Neil has been very busy collecting the tax money due. As a result there will be but few executions to be issued, and in most instances, this will be with parties who are ignorant of the fact that there is a town tax in addition to the other taxes. With the amount thus collected the town treasury is put in fine condition, and the new council is deserving of credit for having done its duty in this most important matter.
