UNION DOTS.

We are sorry to lose Miss Carrie Roberts from our midst; her bright, happy face will be missed by all, but our loss will be Mr. B. Steele's gain. They were united in happy matrimony on last Thursday morning, May 23rd. Were married at her home; only near relatives were present.

Plead Guilty.

Mr. Jno. B. Stevenson was up before Mayor Ketchin Thursday morning on the charge of cursing on the street, disorderly conduct, and assault. To the first two counts he plead guilty and was fined \$15. The third count was dismissed as it did not come within the jurisdiction of the mayor's court.

Lizzie Barber, colored, plead guilty to fighting and was fined \$5.

The Lecture.

At the court house Tuesday

a half he succeeded in getting a large, hard, black lump out of his ear. He says the pain was greater than any that he had ever suffered before.

Mr. John Chappel is on a short visit to his sister, Mrs. W. J. Lemmon. He had to almost swim over the creeks to reach here.

DEATH OF DR. PALMER

He Dies Suddenly at His Home at Ridgeway

Ridgeway, S. C., May 29, 1901.

We were all surprised and shocked this morning to learn of the sudden death of one of our most esteemed fellow-townsmen, Dr. John D. Palmer.

Dr. Palmer has been sleeping at his old home place, some two or three hundred yards distant from Mr. R. A. Meares, his son-in-law, where he took his meals. He did not come to breakfast this morning as usual, and Mrs. Meares, his daughter, sent some of the children to arouse him, but they failed to get any response from repeated raps at his door and returned home and Mr. Meares went and forced the door to the room in which Dr. Palmer slept and found him cold in death.

The Doctor was evidently reading when death came, as there was an open medical journal lying on his chest and a lamp was burning in the room.

Dr. Palmer was at his office at Campbell's yesterday as usual and attended his usual routine of business during the day. Late in the afternoon, however, he complained of a "fullness" in his head and chest, but on passing through Ridgeway he greeted his friends with his usual courteous manner and no one suspected that so soon would he become a traveler to that land from whose bourne none ever return.

He will be buried to-morrow (Thursday) afternoon at 4 o'clock in the cemetery at St. Stephen's Church.

Dr. Palmer died, holding the confidence, esteem and respect of all who knew him, both as a physician and citizen. To know Dr. Palmer was a pleasure and a privilege.

[In addition to the above furnished by our Ridgeway correspondent, we add the following in regard to the deceased who was so well known throughout the county. Dr. Palmer received his early education at Mr. Zinn, and it was always a great pleasure for him to speak about his school days spent under the venerable Dr. Hudson. His professional training was received at the Charleston Medical College. After graduation he returned to the practice of his profession and his deep interest in his patients

sympathy with him ever characterized him as the true physician.

Dr. Palmer married Miss Harriet Woodward, a daughter of Congressman Woodward. Six children survive him. In the strife between the states he went out as assistant surgeon to the Sixth regiment.

As a man Dr. Palmer was esteemed by all for his personal integrity. In conversation he was exceedingly interesting, especially in the field of reminiscence, in which he took such a great interest. This characteristic he maintained to the day of his death.—Ed.]

Monday evening at 8:30 Prof. Davis will deliver his lecture on the French Revolution in the court house.

BRYANT AND LONGTOWN.

Reports from the river farmers are very discouraging indeed. The river has overflowed again, and a great deal of damage has been done, especially to grain, which in some instances will be a total loss.

Mrs. Bette Harrison and three of her sons, Eli, Wade and John, of Texas, are visiting relatives in this section. Mrs. Harrison is Mrs. E. H. Harrison's mother. They are now at D. E. H. Harrison's.

Miss Jennie Gladden is visiting relatives at Morgantown.

Mrs. Sarah Stewart is visiting relatives in Columbia.

Mr. Jno. A. Tidwell, of Hopkins, is visiting his father, Mr. D. W. Tidwell, and family.

Mr. C. P. Wray is extending his telephone line from here throughout the Longtown section. Now for the railroad to complete the city.

Miss Sallie Stewart has returned after a visit to relatives at Winnsboro.

Mr. David Smith, of Abbeville, visited his father, Mr. D. G. Smith, and family recently. D. E. H. May 27, 1901.

Biliousness is a condition characterized by a disturbance of the digestive organ. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by McMaster Co., druggists

Dr. A. C. Moore of the South Carolina College delivered his lecture on Pollination. By means of the stereopticon he simply and clearly showed his audience the manner in which plants reproduce themselves. All the various methods of fertilization were discussed and the peculiar construction of a large number of plants was shown. Throughout, the speaker in a simple and easy manner, held the close attention of his hearers who manifested the deepest interest in the interesting subject he was discussing. It was a great pity that more were prevented by the unfavorable condition of the weather from spending an hour in this study of plants. The stereopticon was operated by Mr. Osborne of the South Carolina College.
