Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Ober Drug Co. and all medicine dealers.

If every business man in our town could do business on a strictly cash system, it would be a blessing to us all. If we all had to pay cash we would learn to live within our means. It would save business men the expense of bookkeepers and the loss of bad debts all of which some one has to pay for. If our town could gradually work into a strictly cash system it would be better for us all.—Ex.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol for Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by all druggists.

King and Saint Fixed.

A Correspondent challenged in yesterday's paper a statement in the Observer of Monday that the revised version of the Bible "is never heard of any more" and asks for the authority for it. It was not supposed that the language would be taken literally or the supposed fact was of universal application. This is true however, and this is all that was meant; that the expectation that the new version would have general adoption has been disappointed; and this: that we have not seen a printed reference to it in years nor heard a verbal reference to it in still more years. If it is in use in any pulpit or congregation, to the exclusion of the St. James version, we are ignorant of the fact. It has not wrought the displacement of the St. James Bible, and this was all that was intended to be said.—Charlotte Observer.

There is a story of two men who had a controversy over the Lord's prayer, A made a bet against B's ability to repeat that sacred composition. B started out, "Now, I Lay Me Down to Sleep," and A at once caved in saying, "here take the money, I had no idea you could say it. We have heard of the King James version of the Bible; but the version according to "St. James" is a new one on us.—Yorkville Enquirer.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by Jno. H. McMaster & Co., druggists. Price 50c and \$1.00. Trial bottle free.

Roosevelt vs. Webster.

With all of President Roosevelt's accomplishments, he will never be able to diminish the esteem and confidence that the American people have for the late Noah Webster.—Savannah News.
