ROCKTON.

Your correspondent was called to Blythewood on business on the 15th instant. After finishing my mission, I traveled through some of the farms. I met up with one of the progressive farmers, Mr. John Cook, and spent the night. Next morning Mr. Cook and myself walked over and inspected his growing crops. He has four acres of corn in a field that will average two feet in height, and never was plowed, only worked with a harrow. From present appearances and stalk size, it will yield forty-five bushels per acre. His oats have been harvested one week ago, and will yield 20 bushels to the acre. His wheat seems finer than any I have seen, even his vegetable garden of one-half acre in cabbage and Irish potatoes is fine. Mr. Cook showed me an Irish potato as large as ordinary coconuts, and has been using them for three weeks.

Mr. Cook raises everything at home, and always has something to sell. I noticed his smokehouse was well hung with hams, middlings, shoulders, etc. From what I saw of pork, molasses and hominy, and his bin of last year's corn, he'll have enough to supply him and family nearly two years longer. Even his milk cows are of Jersey variety, and he always has milk and butter to sell. I saw four of as fine hogs of Berkshire and Essex kind as anyone wants to see. They were so fat and lazy that they sat around on their haunches, dog-fashion. I asked Mr. Cook what he fed them on. He said wheat bran and buttermilk. He always has something to sell when going to the city, usually carries 10 or 12 dozen eggs and some butter.

His poultry is Minorcas, of non setting variety. Mr. Cook is a model farmer and takes pride in it. He says he tries to be progressive and believes in the maxim that our first president, George Washington, said: "Farming is the most noble and grandest occupation of mankind."

Mr. Cook's farm is called the Raines Place and is three miles from Blythewood.

IN WEEK WAS ABLE TO RESUME HIS WORK

"Knocked Me Out so I Had to Quit Working," He Says.

LOSING MONEY FAST.

Began Taking Tanlac and in Week Was Toiling as Hard as if Nothing Had Been Wrong.

"It's the honest truth, before I had taken this Tanlac a week I was well and strong enough to go back to work," said W. R. Wade, well-known resident of Winfield, La., the other day.

"I had a very bad case of stomach trouble and rheumatism," he continued, "that knocked me out so I simply had to quit working. My stomach was in such an awful fix every-

thing I ate disagreed with me and made me miserable all the time. My limbs and joints would ache so I could hardly stand it, and, in fact, for a whole day before taking Tanlac I wasn't able to put in a full day's work at all.

"One of my friends had been taking Tanlac and told me it had done him a world of good, so I got me a bottle to try. Well, sir, it sure surprised me, for I began to feel better right away after the first dose, and before the week was out I was back on my job and have been working right along ever since like nothing had ever been the matter with me. I never saw anything in my life before that gave such quick relief as this Tanlac, and I haven't had a single symptom of my trouble since I started on it."

Tanlac, the Master Medicine, is sold by Obear Drug Co., Winnsboro; Blair & Long Co., Blairs; T. A. Ladd, Dawkins; S. F. Castles, Rockton; Ridgeway Drug Co., Ridgeway; R. W. Sutton (R. F. D., 5 miles east), Ridgeway; T. B. Willingham, Strother; T.
