Mr. and Mrs. Olin Cousin, of

Newberry, spent Sunday with Mr. W. R. Ashford.

Mrs. Pope Brooks gave an all-day

party on Saturday, October 1, in honor of Francis' fourteenth birthy. A written program for the day was given to the guests upon their arrival, consisting of problems mathematics, geography, test mestions and catch questions, results of each one being "14." These kept the girls quite busy until dinner hour. During that time the little birthday gifts were hidden in nooks and corners of a certain room, and directions given to Francis how and where to find them. These directions were, of course, nisleading, and much fun was had in locating the hidden treasure. After dinner the results of the morning's work was read to the great amusement of all.

Mr. C. H. Leitner has charge of the Sunday school training class during Mr Sharp's absence.

Mr. and Mrs. E. S. Clark and children spent last Sunday with Mr.

Preston Roberts at Union. James Sharp is at home again and

able to be in school again.

frby somewhat improved after a

pell of sickness some days ago.

Mr. W. G. Smith and little grandof Columbia, were in the com- tree while cutting wood. He nity last Sunday.

Miss Lovie Irby has returned to her school, near Blythewood for the tle daughter motored out

#### MITFORD.

ther states: 7,000 and 83. of Lower California's on was placed at 31,000 ncluded in California's total, uded from United States

ginned prior to September half bales, 2,376 bales of Egyptian and 229 bales of June to October, inclusive. the census bureau an-

ound bales, 3,365 bales of n-Egyptian and 37 bales of

Ginnings by states this year to er 25 follow:

Arkansas, 152,050; California, 1,182; capacity. Florica, 3,567; Georgia, 391,756; Misses Annie Robinson, Sallie San- Mr. R. M. Brice, of Winnsboro, 42,130; Texas, 1,220,281; Virginia, pigment. 4,051; all other states, 354.

> of the spectacular sessions on the well to the rear. cotton exchange occurred today in ter an early rise of unusual pronortions prices broke violently until Before the publication of the report there was a good deal of buying in expectation that the figures would show a condition of 40 or under. When the actual figures of 42,2 were so you see there is nothing to do flashed on the brokers' wires and new tickers the market was overwhelmed with selling orders. Decemmately 20.50 to 21.95, a new high mark for this season on the sharp early upturn, slumped to 20.00 and active months generally were marked down for net losses of 30 to 65

Almost as quickly as it came, the rush of liquidation subsided, and the market became steadier on trade buying with recoveries in the later

trading. In brokerage houses crowds of traders were lined up in front of the cotton boards. The government report pointing to a crop of 6,537,000 bales, was only slightly above the average of the private reports recently issued, and the selling which followed publication of the figures was attributed chiefly to liquidation speculative accounts.

New Orleans, Oct. 3 .- Gains of a of a cent a pound on conacts for delivery this year were retained by cotton in the New Oreans market at the close today after one of the most exciting days to 19.95 cents.

Plow under all cotton stalks just as soon as you get through picking. By doing so you break up winter hotels for the boll weevil and thereby greatly add to your chance for making a cotton crop next year. A very effective method if turning under cotton stalks with a two-horse plow is the use of a good heavy chain to was estimated to be 42.2 per bend the stalks over ahead of the plow. Hook one end of the chain to

> to the plow point and hook to the other end of the double tree, making the letter U. All those who made mounds round remove them now. After you have

removed mounds take your knife and scrape around the trunk of the tree where the mound was, thus scraping here. off all eggs and killing young borers. Don't forget about getting your

wheat seed as good wheat seed may t scarce, as practically every farmer is expecting to plant some wheat. Your county agent bought some good wheat seed for the farmers this week and will take pleasure in helping you to get some.

If you are counting on getting something out of our hickens have plenty of green crop for them to eat this fall and winter. Plenty of rape, alfalfa, wheat, oats, rye and clover for your chickens to eat will make them grow and lay "to beat the band." Improve your chickens by carrying out the following methods:

1. The producer and non-produnted to 2,907,950 running cer are easily distinguished by a cluding 69,319 round bales, careful study of the individual birds. 2. Culling should take place from

3. The producer is active, healthy has a good appetite, while the non-producer is lazy, and inactive, 4. Late moulters are late layers and should be kept.

5. Vigor and condition are indications of the heavy producer, which should have a fine head, prominent, full round eye; lean face; closely fit-Alabama, 229,927; Arizona, 2,970; ted wattles and earlobes and large

6. The heavy producer has Louisiana 100,851; Mississippi, 251,- large, open, and moist vent, free 001; Missouri, 14,376; North aCroli- from yellow pigment. The slacker na, 141,757; Oklahoma, 139,405; hen has a small, dry, puckered up South Carolina, 215,290; Tennessee, vent, showing considerable yellow

7. The abdominal region of a heavy producer will show great depth New York, Oct. 3 .- One of the of body, with pelvic arches well most rapid and exciting movements spread, keel straight and extended

8. The abdominal region of a connection with the publishing of poor producer will show a shallow the government's crop reports. Af- body, small abdomen and small capacity.

9. Skin that is soft, thin and pliwithin ten minutes a reaction of able to the touch indicates the good 125 to 195 points had been recorded, hen; while the skin that is thick, hard and coarse to the touch indicates the poor hen.

10. The heavy producer will be free from yellow pigmentation, while on the other hand, the slacker or non-producer will show excessive

## COTTON GINNED IN FAIRFIELD

There were 2,745 bales of cotton, counting round as half bales, ginned in Fairfield county from crop of 1921 prior to September 25, 1921, as compared with 2,001 bales ginned to September 25, 1920.

in the history of the local exchange, The outside public looked upon the government crop condition report and the report of ginnings as bullish and a certain foresh: lowing of a cotton famine before the year

The public buying supported the market and gave it a good rally after it had dipped approximately two cents a pound immediately after the reading of the crop report which did not show as havy deterioration as

had been expected, Spot cotton prices here were 20.50. December contracts at the close brought 20 1-2 cents after hav-

# **NEWS FROM THE** WINNSBORO MILLS

Mr. Walter Wight of the accounting department of Lockwood & Greene, Engineers, has been in our village several days on business.

Mr. and Mrs. A. S. Paine and Mr. H. C. Everett, Jr., motored over from Camden last Saturday. Mr. and Mrs. Paine returned to Camden in the afternoon, and Mr. Everett took the afternoon train for Boston.

Messrs. Walter Wight, G. H. Lokey and Gordon A. Johnstone and Billie Johnstone motored to Sylvania, Ga., Sunday morning, returning in the evening.

Rev. Geo. C. Gibson returned their fruit trees this summer should Tuesday afternoon from Sylvania, Ga., where he preached Sunday. It is thought that Mr. Gibson may be induced to remain with the church

The weeds and other growth are now being cut out of the pond and from the surrounding territory. The work being done around the pond is certainly improving the looks of things in this vicinity.

Just before Rev. G. C. Gibson left last week for Sylvania some friends and members of the Baptist church presented Mr. Gibson with a handome twenty-one jeweled Howard watch. The watch was beautifully engraved. It was presented by Mr. Gordon A. Johnstone, in behalf of

hose giving it. Some friends and ladies of the church presented Mrs. Gibson with dozen solid sterling silver tea poons. These were beautifully en-

On last Monday evening at the nall a rousing meeting of the Men's Club was held. About 150 men rathered to hear Mr. P. A. Smith, verseer of spinning at Pacific mills Columbia, and by Mr. W. F. Smith, he same organization. Their chief topic of interest was that of organizing a junior order in our village. There was alsoan address by Mr. A. J. Bethea, ex-Lieutenant Governor, who spoke in the interest of community organization. His chief

-phasis was upon patriotism virue and education. The addresses vere received with enthusiasm and eat joy. Our community is right now "ready to go," and we are seizng upon everything that will be of service in our onward and upward

Mr. and Mrs. J. M. Williams and son, Charles motored to Columbia st Friday afternoon to meet Miss Kathleen Williams, who was return-

end the week-end with her pats. Miss Williams returned to er school Monday afternoon Mrs. J. M. Williams went to Gas-

from her school at Bamberg, to

via Wednesday to spend a few vs with her son, Harvey. Miss Hicks, of Greenville, was in our village Wednesday looking over the village and mill. Miss Hicks

is interested in industrial nursing. Mr. and Mrs. W. E. Rambow motored to Columbia Wednesday and spent the day shopping. Rambow sayy that he was a poor man Thurs-

day morning. Harvey Wilson, son of Mr. and Mrs. B. F. Wilson, is quite sick at

this writing. Mr. and Mrs. L. H. Pritchard and litttle daugh'er, Sibyl, returned from New York and other eastern points Saturday evening. They motored to New York in their Ford, and used only 85 gallons of gasoline on the round trip. Now, we say that this beats the price of a Pullman seven city blocks. They report

a very happy trip. Rev. and Mrs. G. C. Gibson moored to Columbia Thrrsday on bus-

#### NO SERVICE AT THE METHO-DIST CHURCH SUNDAY.

There will be no services at the Methodst church Sunday morning, as the church is undergoing considquoted unchanged with middling at erable repairs, and the pastor is conducting a meeting at Greenbrier church this week. There will be ing risen to 21 7-8 and having dipped preaching at Greenbriar on Sunday morning at 11 o'clock,
