Cured Her.

BELLEVUE, Kr. DR. H. R. STEVENS-Dear Sir. I must state that your Vegetine deserves to be called a valuable blood purifier, renovator and invigorator of the whole sys-tem. My wife suffered for a length of time with a scroful sore on the leg. She took several bottles of Vegetine. The results were surprising; it cured her, while all the former remedies failed to give satisfac-tion. Respectfully. It must be former to be two I know the above to be true. forty maintops'l-sheet blocks."--Harper's The Eyesight of Readers.

A writer calls attention to the danger which readers run of injuring their eyesight by the use of a bad light. He remarks that engravers, watchmakers and others, who use the eyes constantly in their work, take extra care to preserve them by getting the best possible light by day, and using the best artificial light at night. The great army of readers are careless, and have, sooner or later, to pay the penalty of their carelessness by giving up night work
