COLUMBIA, S. C., OCTOBER 23, 1908

The football team returned Sunday afternoon from Athens, where they were defeated by the University of Georgia, and there were only about a dozen fellows at the station to welcome them home. This is college spirit, isn't it? Don't let this happen again, boys. The next time the team comes back from a trip, win or lose, let's go to the depot in a body and show our appreciation for the fight they have put up for CAROLINA.

ONE OF THE OBLIGATIONS WE OWE TO THE UNIVERSITY

Next week will be fair week, and there will be thousands of visitors from all parts of the State in Columbia. Naturally the University of South Carolina will be one of the points of interest. In the words of Governor Ansel, "South Carolina is looking at you today." Let every student remember when the people look at him that they are looking at him as a representative of the University of South Carolina. Now, there are times when every one is apt to forget him-

self, but we should be ever mindful of the fact that we are for CAROLINA, and do all in our power to make the best impression possible.
