Sole Agents for "UNIVERSAL," "ACME" and "ELECTROID" Brands Ready-to-lay Asphalt Roofings—the best made for covering buildings of every description. Free samples and prices for the asking.

## THE UNIVERSITY ELEVEN

Although Carolina started off the season disastrously, there has been some hard practice going on at the football grounds during the past week, and the Garnet and Black may show up somewhat better in the fair week game against Davidson than many think. The first practice game of the season was with Ridgewood Club, when the score stood 0 to 0 at the end of the contest. Then Charleston College was defeated by a score of 17 to 0. The strong Georgia eleven beat Carolina 29 to 6, and last Saturday the Charleston Athletics defeated the University squad by a score of 15 to 4.

In the bunch of players down at the University Mac Holmes is the only veteran player on the team. He has been playing both at quarter and left halfback. He was a member of Carolina's team before the abolition of football in 1905. Mac's weight is 138.

Bill Perrin has been playing the other half most of the time this season. He played on last year's scrubs and on the Freshman class team. He is in the Sophomore class this year and has a bright football future before him.

Belser will very probably play the full-back position against Davidson. He played last season at this position during the short period in which Carolina had a team in the field. Belser tips the scales at 150 pounds, and is a hard player.

"Jim" Hammond has been at the quarterback position. He starred at the Citadel in 1905 and 1906. Last season he was with the Charleston Athletics. Hammond weighs 147 pounds.

Izlar is a new man on the University team. He has played both end and halfback. He had taken regular gymnasium work for several years and is well developed physically. His weight is 145 pounds.

DesPortes is a good man at quarter. He played last year at Mount Zion Academy, and then on the Davidson scrubs. He is a gritty player. His weight is 130.

Mobley at centre is a comer. He played on last year's scrubs and also on the Freshman class team. His weight is 150 pounds and is only 18 years old. He is

stockily built and is doing good work at centre.

Parrott plays guard. He played on last season's team, and on the Sophomore class team last year. He weighs 170 pounds.

Wynn played scrub ball at Clemson and also in the class games. He is a new man at Carolina, but he is very eager to learn the game, and is working hard. He weighs 170 pounds.

Crouch played last season on the team, both on the 'varsity and class games. He weighs 178 pounds. Crouch has done good work at Carolina in the athletic line. He is one of the star track men. Throwing the hammer and shot putting are his fortes.

M. L. Marlon has played at tackle and at guard. He was a member of last year's team also.

Gresham, a new man at the University, has never played football before, but shows a willingness to learn, and has caught on to the game fairly well. He weighs 172 pounds, and is playing at one of the guards.

Dargan is showing up well at end, which position he played last season on the 'varsity. He weighs 145 pounds. Dargan is good on down the field tackles. He is a fast man on his feet and is a "star" member of the track team.

Herbert played on the University of Virginia scrubs. He is doing good work at left end. His tackles and general defensive work in the Athletic game attracted attention. His weight is 152 pounds, and he is well built for the end position.

Beverley is a substitute half and end. He played last season on the scrubs and Sophomore class teams. He weighs 148.

Blake played on last year's scrubs and in the class game. He weighs 148 pounds and has been used at the halfback positions.

Sheppard played on last season's scrubs and in the class games also. He is being used at fullback as a sub this year. He weighs 157 pounds and hits the line well.

D. P. Carter will probably play at tackle. He hails from Bamberg and has had some football experience, having played guard on Clemson in 1906.

## Monogram High Grade Roasted Mocha and Java Coffee

SOLD BY ALL RETAILERS

F. W. WAGENER & CO.

Importers and Roasters of High Grade Coffee

Professor Davis—"Mr. Hamlin, why did the trustees of Harvard think Cotton Mather did not have judgment enough to be made president?"

Fresh Hamlin—"Because he got married *three* times."

\* \* \*

Fresh Perkins—"Say, Bill, I had an aunt once who was born on the 29th of February, 1876, so in 1908 she had had only seven birthdays."

Fresh Haynesworth—"I don't believe that, Dave—her birthday must have come on the 1st of March in the other years."
