

CLARIOSOPHIC SOCIETY

In the meeting of the Clariosophic Society last Saturday night, the business was carried on as usual, in great style.

The declaimers, orators, readers and debaters did their work with such ability that the Literary Critic found it almost impossible to find any flaw in the exercises.

About the most important business which was carried on during the evening was the election of the two assistant marshals for the Roddey Medal Contest. Quite a number of distinguished gentlemen were nominated. Their names will not be here enumerated, for space would hardly permit. However, the long and short of the whole matter is that Russell and Gary were elected.

The program for the evening was as follows:

Declaimers—Camack, Caldwell.

Reader—Sanders, C. M.

Orators—Bradley, Hiers.

Debaters—

Affirmative: Rector, Sullivan, Buie.

Negative: McMurry, Chitty, Clinkscals.

Query: "Resolved, That tariff revision is better than free trade."

In this debate, after a very heated discussion, the affirmative was declared victorious.

EUPHRADIAN SOCIETY

The programme for last Saturday evening was enjoyed a great deal by all the members of society, and it is a subject of gratification to all the old members to see the amount of interest the new men are taking in their society work.

The society has added a large number of new men to its roll, and the new members are beginning to show up well. It is the sincere hope of all the members that the new men will continue the good start they have made, and before very long the society will reap a bountiful harvest.

The debate last Saturday evening, "Resolved, That Congress should require corporations doing an interstate business to procure federal licenses," was won by the negative, represented by Messrs. J. H. Johnson and J. H. Brown.

At a joint session of the two societies on Saturday evening Mr. I. F. Belser tendered his resignation as Assistant Business Manager of The Carolinian, and Mr. A. D. Oliphant was elected as his successor.

Following are the appointments for one and two weeks hence:

THE Y. M. C. A.

There is one department of the college that does not hold the place of predominance that it should at the University of South Carolina. This is the College Y. M. C. A. This organization is self-supporting and has held its place with all other departments of the College without any outside aid.

Every student of the institution should take an active part in the work of the organization, for it is one of the most important departments in college. The boys are required to go to church every Sunday, and it would not be a bad idea if the faculty of Carolina would let attendance at the Y. M. C. A. exercises count in place of the former. This would influence the boys to attend the Y. M. C. A., and then they would take interest in the work carried on.

All the big universities and colleges have a Y. M. C. A. secretary, who carries on the religious work, and it has added much to the situation and condition of the students. Carolina is deficient in this line, and the organization is putting forth all its efforts to succeed in getting a secretary next year. Last year there was some little misunderstanding and the Legislature did not donate the money for the secretary. The members of the Y. M. C. A. are sincere in their work, and with the backing of the student body, the trustees and the faculty, they hope to meet with success this coming session of the Legislature.

We all see how a physical instructor helps out at a college and keeps athletics on the move. Just the same way, but two-fold better, would a secretary be most beneficial to the University. There should be such a man at this institution, and the time is ripe at present. If all will unite in the cause the golden opportunity will not slip by this time. Clemson, our sister institution, has a secretary of whom she boasts and who has done much good. Carolina, too, is going to have a secretary if nothing prevents this time.

NO EXCURSION TO CHARLESTON

As the required number could not be made up for the special train over the Coast Line to Charleston and return, the football team will leave this afternoon at 3:50 over the Southern accompanied by a number of boys.

The excursion would have been a big thing for the University and would have added much to the comfort of the team and the other boys.

The team will probably stop at the St. John's Hotel, where they stopped last year.

Carolina's rooters will be out in full force, although the excursion would have added many more to the list.

PRESIDENT MOORE PLEASSED WITH MEETING IN WASHINGTON

President Moore was in Washington last week in attendance upon the National Association of State Universities. This was the thirteenth meeting of the association, but the first in which the University has been represented. This shows that our University has risen to the position where it is regarded as one of the leading Universities of our country.

President Moore reports a very successful meeting. There were many prominent Universities represented. Among those present from the Southern Universities were President Venerable of North Carolina, President Abercrombie of Alabama, and many others prominent in educational circles in the South.

FLORENCE CANCELS GAME.—SCRUBS PLAY SUMTER.

The scrub team will not play the Florence High School, but will pull off a game with the Sumter High School in the Gamecock City Thursday morning at 11:30 o'clock.

The Presbyterian High School of Florence called off the game, and Manager Cooper succeeded in getting the Sumter boys to give the scrubs a game. Last season the Sumter bunch was defeated, and the second team of the University will put up a hard fight to wrest victory from the Gamecocks.

Sumter has a better team than she had last season, from all reports, and will make the University hustle, according to their saying. Carolina is much stronger than last year, and the bunch is going to show the Sumter people and their loyal college supporters that they know a little about football, too.
