Personals and Other Matters.

Easley, S. C., Dec. 4.—This morning as the Pickens train was making the return trip to Pickens, Mr. James Dalton was struck and fatally injured and died this afternoon at 6 o'clock. He never regained consciousness enough to speak. Dr. C. N. Wyatt dressed his wounds and did all he could to relieve his suffering. His lungs were badly crushed and several ribs were broken.

The accident occurred just where the Pickens road branches off from the main line of the Southern. It will be remembered they run parallel for about a half mile. The train was in charge of Engineer Jeans and Captain Taylor. Engineer Jeans saw the man on the track and could have stopped but thought of course he would get off the track when he rang the bell and whistled. In stead of getting off he stepped to the middle of the track and was struck by the tender, as the engine was running backwards.

There seems to be no reason to blame those in charge of the train. The only explanation seems to be that Mr. Dalton thought the train was on the main line.

Mr. Dalton was about fifty years of age and leaves a wife and several children. He had started out into the country to purchase some cattle when the accident occurred. It is generally conceded that he thought the train was on the main track.

The "Doodle" has not been making an early trip in the morning only since Nos. 42 and 41 were put on and he was fully not expecting it.

Mr. John Craig left this week for Nashville, Okla., where he has gone to look after business interests.

A representative of the Fisco Town Site Co., came through this section not long since selling lots in the town of Nashville, a town comparatively new. All those buying as many as five lots were given free transportation there and back. Mr. Craig will join the excursionists in Birmingham and will be gone for about twenty days.

Mr. B. A. Bentley, of Waballa, was in the city to day Mr. Bentley was married to Miss Mayme Torbe last Monday at the home of the bride's father in Atlanta, Dr. John E. White officiating. Mr. Bentley is a 1904 graduate of Furman University and is now practicing law in Wallhalla.

Mrs. C. W. Martin, who has been visiting relatives in Easley, has returned to Atlanta.

Dr. W. O. Singletary is now in charge of the Palmetto Pharmacy. Dr. Singletary is stopping at the Mountain View Hotel, but expects to move his family here a little later.

Mr. N. Mullinax, who lives about three miles from Easley, had his barn destroyed by fire Saturday night about 10 o'clock. A lot of fodder, corn and other feed was burned together with two cows. The total loss is about one thousand dollars, with only two hundred dollars insurance. Mr. Mullinax was in Easley when the fire occurred and does not know how it caught.

Mr. Bob Latham has moved into his home here which he has recently completed. He has one of the nicest residences in Easley. It is located on the highest points in Easley and is equipped with water works and electric lights.

Miss Margaret Geor, accompanied by Miss Sadie Gregory, Mary Geor and Sallie McGee, all of the Greenville Female College, spent last Sunday with her parents, Mr. and Mrs. John M. Geor.

Mr. Alex Robinson of the sophomore class of Clemson, spent Thanksgiving with his parents, Mr. and Mrs. W. W. Robinson.

Hon. J. P. Carey, of Pickens was in Easley today.

Mr. E. P. McCravy went to Anderson yesterday on business.

The many friends of Mr. J. T. Latton will be glad to learn he is again able to be out.

HER DOOR CLOSED TO BONI

Count Assaults Mme. Gould's Concierge When Card is Refused.

Paris, Dec. 3.—Count Boni de Castellane drove in a motor car to the marble palace where dwells the American woman who divorced him. Alighting, the count gave his card to the concierge saying:

"Send that to Mme. Gould."
Mme. has given orders that you must never enter here, sir," answered the concierge, coldly polite. Livid with rage, the count raised his cane and dealt the man a heavy blow on the head. As the concierge reeled, the blood spurting from his scalp, Count Boni sprang into the auto and whizzed away. It was necessary to call a surgeon to attend the concierge.

The Paris Figaro says:
"Mme. Gould and count de Boni Castellane both will marry again shortly. She is engaged to an American millionaire. She will pass several months of each year in her palace, which is the most beautiful home in France. Nothing will be changed in the sumptuous current of her life, save that her dinner plates and carriage pillows will not flaunt a count's coronet."

"His, too, will be brilliant marriage. Boni de Castellane hopes to revive the ancient glories, to entertain kings again. His future wife is a widow, a millionaire who owns a chateau in the provinces, a splendid hotel in Paris, a yacht, race horses, and has great influence with the newspapers."

YOUNG MEN WANTED FOR CASHING BOGUS CHECK.

Columbia, Dec. 5.—Chief of Police Owen Daly has been warned against two young men who worked the bogus check game in Camden Monday. Giving their names as J. M. Cole and W. J. Bailey, they presented a check for \$75, bearing the alleged signature of the Chattanooga Hardware company. Shortly after it had been cashed the check was found to be worthless, and efforts were made to arrest the men, but they had gone towards Sumter and could not be located.

Both the men are smooth shaven and apparently about thirty years of age. Cole is usually the spokesman.

Equality, Dec. 4.—The small cotton crops of this section have been gathered, but not all sold. Those who can are holding it for eleven cents and nothing less will buy it. If the cotton crop is as short over the south and west as here, the ten million bale amount will not be reached.

Corn is quite good. There will be plenty of "hog and hominy" up this way. There are numbers of fine porkers that will soon make their last squeal.

O'possums have been plentiful and the "higger" is happy, for to his palate nothing is so delicious as possum and 'taters.

Thanksgiving was hardly observed in this community. Everyone up here takes his holiday Saturday afternoon. It is almost impossible to hire a negro to work on Saturday.

Mr. Luther Prince has moved near Carmel. Mr. Mark Prince is moving into the house vacated by his brother Luther.

Mr. Jim Thompson and family will shortly move to Williamsburg county, much to the regret of their many friends here who are loath to give them up. Mr. Thompson is a most worthy gentleman.

The Sunday school at the Presbyterian church is to be reorganized next Sunday. It is hoped there will be a full attendance.

The postmaster here has been notified that this office is to be discontinued after Jan. 16th. Patrons of this office and of route No. 1 are bitterly opposed to it as it is thought route No. 1 will be abolished also. There is also talk that route No. 5, will make only three rounds per week. The good people of this section want to know what they have done to deserve such treatment at the hands of Uncle

Sam.

ACCIDENTAL KILLING IN AIKEN.

Luther Craig the Victim of a Fatal Accident.

Aiken, December 2.—Luther Craig, a white man, was shot and killed last night by the accidental discharge of a pistol. Craig was going home from the city about 8:30 o'clock in a buggy and as he was going down a hill just on the edge of town a piece of the harness broke.

He had a revolver on the seat, and when he got out of the buggy to fix the harness the pistol was in some way thrown out on the ground, and it was discharged, the ball entering his left side, and he died an hour afterwards. He was 38 years old and a prominent member of the I. O. O. F., Red Men and Junior Order of United American Mechanics. His remains will be interred this afternoon at Town Creek Church. He will be buried by the Old Fellows.

Seven Are Wounded, Three Fatally in a Fight in Alabama, One Having his Tongue Shot Off.

Jacksonville, Fla., December 2.—Seven negroes shot, three of whom will die, is the result of a general row and shooting affray, growing out of an old feud at Marietta, seven miles from this city, this morning. Those fatally wounded are Leater Brunson, Alex Prime and James Hadley. They are in the hospital here for treatment, as are the four other wounded men. Seven negroes, charged with doing the shooting, have been arrested and are in jail here. The climax came through one negro, striking another with a fence picket. Friends of each armed themselves and the war began. The jawbone of one of the negroes was shattered and his tongue shot off.

GEN. YOUMANS DEAD

ATTORNEY GENERAL PASSED AWAY IN COLUMBIA

Succeeded Mr. Gunter.

Attorney General Leroy F. Youmans died at his home in Columbia Monday morning in his seventy-third year. He had been in failing health for some time, but recently he seemed to be recovering, and his death was unexpected and a great shock. Mr. Youmans was made assistant attorney general last year, vice W. H. Townsend, resigned, and became attorney general a few months later on the death of Attorney General Gunter. He offered for election in the primary this summer and made a splendid race, although he was too feeble to attend any of the campaign meetings. He served the Confederacy as a member of Company F. Third South Carolina Regiment. He was a member of Hampton's administration, succeeding Attorney General Connor, who resigned in 1877, and was afterward re-elected to the place. He was four years district attorney after that, and was a circuit solicitor before the civil war. Mr. Youmans was one of the finest orators in the South.

TAKES THE LANDER COLLEGE

Well Known Methodist School Now Under Methodist Conference.

Columbia, Dec. 4.—The Methodist conference accepted the Lander Female College yesterday, after a heated debate. The vote was very close, the proposition for the conference to accept the institution winning out by the close majority of four votes.

The acceptance of the college was forced by the statement of Rev. R. A. Child, who said that another denomination wanted the college, having made a flattering offer. Mr. Child, who is one of the largest stockholders in the college, did not want to see it pass out of the hands of the Methodists of the state. The friends of the Columbia Female College fought the proposition for the conference to accept the charge of the Lander College, stating as their reason that they did not want to assume another debt, when there was already a debt of \$4,000 on the Columbia Female College. There is a debt of \$12,000 on Lander College, but the conference accepted the college with the debt. The plant of the college is worth \$50,000 and the attendance at the school this year was 137.

Mr. Nettles Re-Elected

Rev. S. A. Nettles was re-elected editor of the Southern Christian Advocate, the official organ of the Methodist church of the state.

TILLMAN'S SONS TO LEAVE S. C.

Reported That they Will Go to Oklahoma to Live.

A dispatch from Columbia says: The Edgefield Chronicle is authority for the news that Senator Tillman's two sons will likely move to Oklahoma, where it seems that Senator Tillman has acquired some property interests of value which B. R. Tillman, Jr., and Henry C. Tillman will control. The Chronicle says:

"Benjamin R. Tillman, the oldest of the two sons of Senator B. R. Tillman, left his home near our town a week or more ago for the new State of Oklahoma, where, so far as we can learn, he and his family will make their home. Mrs. B. R. Tillman, Jr., and her children are now at Trenton, and will accompany them to Washington in December. Then early in the new year Mrs. B. R. Tillman, Jr., will join her husband in Okla-

homa. We understand, too, that Henry C. Tillman, who lives in Greenwood and has lately married, will also move to Oklahoma."

The above cannot be sustained, though it has been known that Senator Tillman had interests in the new State of Oklahoma.

Birmingham Loses \$50,000 by Fire.

Birmingham, Ala., Nov. 28.—Fire in Morris avenue totally destroyed the building occupied by Bell & Myers and Douglas Bros., produce merchants, entailing a loss of about \$50,000. Captain Teeter, of a local hose company, fell through an elevator shaft and sustained serious internal injuries.

Germany Owes \$950,000,000.

Berlin, Nov. 28.—A memorandum submitted to the Reichstag Tuesday dealing with legislation concerning public loans since 1875, shows that the imperial debt amounted to \$950,000,000 Oct. 1, 1906, and that more than half that sum was spent on the army and navy.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable emollient, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:
"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufacturing products of the present time in its action upon unfermented, disordered stomachs, especially if there is irritation or catarrh of the stomach. It is a most efficient preparation. Glycerine will relieve many cases of prostatic (dysuria) and excessive gastric (dyspepsia) acidity."
"Golden Medical Discovery" emulates and purifies the blood, curing rheumatism, neuralgia, erysipelas, scrofulous swellings and old sores, or ulcers.

Sent to Dr. E. V. Pierce, of Buffalo, N. Y., for the best relief of a very painful and dangerous disease. There is no other like it.

CRUTCHFIELD ON TRIAL FOR SHOOTING WIFE

Much Time Was Spent In Securing Jury.

WIFE MAY APPEAR IN COURT

Dr. James N. Ellis Was the First Witness Called—Gun and Cartridges Used in the Gun Are Exhibited in Court.

Much time was spent in selecting the jury. The remnants of several panels were used to choose the jury from, considerable difficulty being experienced.

Dr. James N. Ellis, who attended Mrs. Crutchfield, in her illness, was the first witness.

The gun used by Crutchfield when he shot his wife and the cartridges were exhibited in court.

Mrs. Hattie Barrett, who testified about Crutchfield's alleged threat, was in the court room.

It was stated that an effort would be made to have Mrs. Crutchfield brought into court if she were physically strong enough.

Reuben R. Arnold, V. A. Batchelor and J. E. McClelland represent Crutchfield.

Threatened to Kill Rockefeller.

New York, Nov. 28.—Charged with threatening to kill John D. Rockefeller unless he paid her a million dollars, Mrs. Rose Deluax Beaulieu Handfield, 40 years of age, was arrested in front of the offices of the Guardian Trust company in lower Broadway. The arrest was made on a warrant issued by a police magistrate. At the district attorney's office, Mrs. Handfield said that her husband had been in the oil business but that he had been ruined by the Standard Oil company. Mrs. Handfield is charged with having forced herself into the office of Mr. Rockefeller's secretary last Friday and declared she wanted a million dollars and that if she did not get it forthwith, she would kill Mr. Rockefeller and burn down the building where the company's offices are located.

Luther Frazier Was Convicted.

Atlanta, Nov. 28.—Luther Frazier, the negro who entered the house of Rev. T. L. Bryan, a Methodist minister, on the night of Sept. 20, and in a partially disrobed condition, sought to assault Miss Orrie Bryan, was convicted in the superior court of attempted criminal assault and sentenced by Judge Roan to fifteen years in the penitentiary. Frazier, who is about 20 years old, will have to face another trial upon an indictment charging attempted criminal assault upon Mrs. Bryan on the same occasion.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
