### Hendersonville, N. C.

Please find inclosed \$1 for another year's subscription to your paper. I know my time was out in July, but I have neglected to renew until now. I am always pleased to receive my old home paper, although I find life very pleasant here in this little town of Hendersonville.

We have a lot of visitors here during the summer from your state, and from Alabama, Florida, Georgia, Mississippi and other states. The town is full now, and still they come. They find it cool and pleasant here.

I have just returned from a trip up French Broad valley, and the crops are fine all through the country. My trip was very enjoyable with the exception of little wrecks on the Transylvania railroad—one last Wednesday and the other yesterday evening. The train left the track; a few people slightly hurt; nothing serious.

With many good wishes for the SENTINEL-JOURNAL, its editor and its many readers, I will close.

D. A. COOPER.

### Pointed Paragraphs.

Clouds come high, but we must have them.

A landslide is a significant movement in real estate.

Just for variety, try to make some one happy beside yourself.

As long as a woman can change her mind she doesn't seem to mind.

A man may be of the earth earthly, but his dreams are of the air airy.

If some people only spoke their minds they wouldn't have so much to say.

If you would be happy lend yourself to good deeds and don't borrow trouble.

Matrimony makes a man awfully restless a little while before and forever after.

There is no good in lies, yet some men boast of their ability to tell good ones.

Fathers who think they have the brightest child in the world should keep the thought to themselves.

A man is foolish to go around looking for trouble unless he is strenuous enough to take a fall out of it.

Conceited people would not be so bad if they didn't spend so much time in trying to monopolize all the limelight.—[Chicago News.

### Old Riddle.

### Dots From Brushy Creek.

Special from Brushy Creek, Anderson Co. We are having some fine weather since the recent rain and crops are fine. Cotton is well fruited and looks promising.

Every body seems to be in good spirits and having a real good time.

One of the most delightful occasions of the season was the Nalley reunion held at the residence of the Rev. G. B. Nalley on the 21st instant, it being the 80th birthday of Mrs. Mary P. Nalley, mother of Rev. G. B. Nalley. Mrs. Nalley is truly one of those whose "children arise up and call her blessed." Her four score years which have been allotted her, already "by reason of strength," have been well spent and as she sits and watches for the sun to set she can say truly "I have fought the good fight." It is the sincere hope of all who know her that she may live to see many more reunions of her children, grandchildren and great-grandchildren. Mrs. Nalley has been an invalid for more than a year, but was able to be carried out on a cot and in the shade of a nice little tent that had been prepared for her, enjoyed the day. Her many friends will be pleased to know that she is improving.

There were one hundred and eighty-seven people present and everybody had a good time. In the morning the time was taken up, first, by

a Bible lesson by Rev. G. B. Nalley, followed by singing, then sixteen recitations by different boys, most of them being Mr. Nalley's boys or the boys he has given a home, then Mrs. Flora Latham, of Greenville, made a good talk on "working for motherless children;" then a good recitation by Miss Nannie Green.

One hour was then taken for dinner, and a handsome spread was made. A table 40 feet long and four feet wide was heaped with exquisite viands to the delight of all.

After dinner, Hon. Imann, of Greenville, made an address which was highly enjoyed.

Mr. N. D. Taylor, the photographer of Easley, was present and made a picture of the group after the speaking.

A watermelon slicing and a barrel of lemonade were then in evidence which were the last but not the least of the many features of the occasion, and every one went away felling better. The day will long be remembered by all present. Blue Bell.

Our meeting closed at Griffin on the 15th, which was well attended. Four candidates are to be baptized the second Sunday in September. Friends, if our meeting was not what it should have been, surely it was not the preacher's fault. I feel that I have left undone something that I should have done.

"Dresmer," your letter was interesting to me, for that is the way the old people treat us, but I do not find fault with them. We'll some day have to fill their places. In other words, we'll have to fill our own places when they are gone; and I hope I will be able to fill my place as well as my parents have done. I would be glad to know that the world was better for my having lived in it. I believe that if we do the best we can all our lives we'll have more happiness than one who lives in sin just before death. That is why I want to do something while I am young that I may have stars in my crown. And I do not believe in speaking ill of any one.

In speaking of a person's faults, Pray don't forget your own; Perhaps you may, for aught we know, Have fifty to their one.

Think of the harm one word may do Before to others tell;

You have no right to judge a man While here on earth you dwell.

And though I sometimes hope to be No worse than some I know, My own shortcomings bid me let The faults of others go.
