To the Patrons Of Liberty School.

The Liberty High School will begin work Monday Sept. 6th. I am indeed anxious that the patrons of the school see to it that their children are present on the opening day. We are desirous of making this the banner year in our school in both work and attendance. The pupil who enters school the first day and continues throughout the nine months is the one who reaps full benefit of the school (it is hard on both pupil and teacher when attendance is irregular, and the pupil who attends irregularly has a much harder time trying to make his or her grade.
 Of course there are circumstances which prevent regular attendance in cases. However I trust that when the bell rings Monday morning Sept. 6th that we may have a large attendance, and that during the next nine months one and all may have a pleasant and profitable year.

Deafness Cannot Be Cured

by local applications, as they cannot reach diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. And unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENNEY & CO., Toledo, O. Sold by all Druggists, 75c.

WE DON'T CUT THE PRICE!

The extra care and attention we put into the manufacture of our products—such as buying purest and best flavors and mixing the extracts, the buying of good bottles and the seeing to their being clean (each and every one of our bottles is washed, rinsed and sterilized by hand), the extra, but necessary time and trouble to keep a clean place and furnish a pure drink, is why we maintain the price on our drinks that we do. We could mix our drinks and bottle in a slipshod way and sell to you cheaper, but we ain't going to do it. Another thing:

ONE PRICE TO ALL

is our motto. The man in Pickens pays the same price for our goods that the man in Central or Pumpkintown does. We don't cut the price to any one, and we don't sell cheaper away from home than we do at home. Another thing: we never misrepresent anything to make a sale.

When you buy and drink our goods you are getting as pure as can be made and at the same price the other man paid. No cut prices in our business.
