Some Things You Know and Some You Don't Know About Our Towns, County & People

How About The Fair?

The people of the county have pulled off two successful fairs; they were well pleased with the results and spoke in high praise of the exhibits made.

The consensus of opinion at the time was that there must be one next year. To make it a success there should be all of the preliminary work under way at once so that the people will know what to complete for and how to go about it. The various committees should be appointed and they get down to work so as to give all the contestants plenty of time to get themselves in shape.

There should be a permanent organization and a stock company formed to take over the fair and run it as a business proposition.

The merchants of Pickens cannot stand for the tax of the premiums and other expenses indefinitely, and for this reason, alone, if for no other, the fair should be put on a self-sustaining basis.

If you favor a county fair on this basis meet at the court house next Monday, at 10 o'clock and organize an association, so that we can have, next year, a fair that will be a fair worth seeing.

—FOR SALE: Two good bicycles; \$10 and \$12. Call at the "Fix It" shop.

—There will be an all-day singing at Cross Roads church the first Sunday in November.

—Mrs. W. T. Field, of Pickens, R. F. D. No. 1, spent a part of last week with the family of R. A. Bowen in this city.

—Pickens County Fair organizes next Monday, at 10 a. m. The sales come off at 11 a. m., so be on hand for both.

—Wheat sowing time is here. I have good good seed wheat, bright and sound. Apply to B. Kelley at mill. Also a good young bull for sale.

—Remember to go to N. D. Taylor's Photo gallery at Pickens next Saturday and have some good photos made. He will be there.

—Mr. Isaiah Cox, of Washington, D. C., reached Pickens Saturday, on a visit to his wife, parents, sister and brother. It is very probable that he will spend a time with them.

—Mrs. C. M. Bowen and children, who have been living in Greenville for the past year, has moved back to Pickens. It is very probable that her husband will come about the first of the year.

—Cotton seed has been selling at a pretty high price lately and the Pickens buyers have been scrambling to get them. Last week they sold for \$1.38 a hundred pounds. Better sell, if you have any, before they slump in price.

—Mr. J. R. Morgan of the Pea Ridge section of the county, sold a bale of cotton in Pickens yesterday and the seed with it, receiving therefor the sum of \$100.49. Pickens is now the best cotton market in the up-country.

—Good jack for sale, or will exchange for good mare. Jack will be on exhibition at Pickens on Monday, Nov. 1st, and will be offered for sale in front of the court house at 12 o'clock or right after the legal sales are over.

—Robt. E. Latham, one of the prominent citizens of the county died at his home in Easley, last Monday night, after a short illness, although he had been in declining health for several months. He leaves a wife and daughter and one brother, besides a host of relatives and friends to mourn his death. He was in his 39th year and a progressive citizen. The afflicted family have the sympathy of many friends in this, their hour of sorrow.

—A short time ago some of our good farmer friends mentioned to us that cotton on this market was bringing less than other towns were paying for it. Since that article appeared we find that the H-B-M. Co. are independent buyers and are paying the top of the market, or a "leete over," and as a consequence much cotton has been put on this market. It is the intention of the buyers here to make of this the best market in the up-country, and we sincerely hope they will succeed. There is no reason why any man in reach of this territory should have to go elsewhere either to sell or buy. We hope all of our subscribers will give this town a fair trial before they go elsewhere to sell their stuff or buy what they need.

—Several weddings are scheduled to take place in and around Pickens between now and the holiday season.

—Mr. and Mrs. E. B. Webb and little daughter, left Pickens for Atlanta, last Friday, where they will stay until after the automobile races.

—Hagood School, Henry A. Townes teacher, will open on Monday, November 8th. The patrons and pupils will govern themselves accordingly.

—Men can be found who are willing to go to Africa as missionaries who are not willing to take care of a cross baby for the tired wife for half an hour.

—Mr. Frank McFall, who has been with the Moore & Mauldin Co., has resigned and accepted a position as clerk and book-keeper with the Pickens Bank.

—There was a good crowd in town last Saturday trading. Cotton was bringing a good price and many people sold at the Pickens market and bought lots of goods.

—Lots of people from this county are in Greenville today. They are taking in the Barnum & Bailey circus and we hope they are having a good time and will not "stir up the animals."

—There is a good Sunday School being conducted now at Secona. It meets in the afternoon at 2 P. M., and there is always a large attendance. Bro. O. P. Field is superintendent and W. M. Murphree is musical director, and good singing is one of the features.

—Contractor Anderson Babb is building a nice cottage for Mrs. J. W. Sutherland, on the lot near Elbert Mauldin's residence, that she recently purchased from Mr. J. McD. Bruce, and is fast pushing it to completion. It is a nice little home and adds much to that part of the town.

—We are requested by John T. Boggs, secretary Pickens County Farmers Union, to state that the County Union will meet at the county court house on Monday, November 1st, at 11 A. M. All locals are urged to take due notice and have delegates on hand in due time, as business of importance is to be transacted.

—Mr. John Roper and family of the Cross Roads section of the county, has moved to Pickens and is occupying the Hunt house on Hampton Avenue. We welcome this excellent family to our city. Mr. Roper is laying down lumber on his lot near the Graded School building, preparatory to building a nice house in Pickens.

—Mr. Bruce Boggs, of Pickens who served the Pickens Bank most efficiently as book-keeper, has decided to locate elsewhere and a short time ago left for a trip through the west, to see the country. A letter received Monday conveys the intelligence that he is in Los Angeles, Cal., and has a position offered him in a bank there. Bruce's many friends here and elsewhere, will be glad to hear this for they know he can, and will, "make good" anywhere he decides to locate and at anything he goes at.

—Dr. W. J. Bowen, who was in Pickens last week looking after his cancer and fistula patients in vicinity, had several new cases to treat this time. Dr. Bowen, for the past two years, has made a close study of tuberculosis and has reached a treatment that is infallible. His patients embrace the professions, physicians, lawyers and ministers, all of whom are loud in their praise of the benefit derived from putting themselves under his care. Joel works on the plan of no cure, no pay, in that he, after examining the patient, tells him fair and square, whether he can do him any good are not. We advise the hopelessly sick and afflicted to correspond with him. His address is Mt. Pleasant.

—Never knew finer weather for gathering crops than we are now having.

—Feed stuff is high, either for man or beast, and those who have to buy had better lay in a supply while they can.

—There is nothing gained in the government of children by threatening that which is not performed.

—Several of our farmers last spring sold their cotton for future delivery, some as low as ten cents. They took their medicine and then went out in the bushes and kicked themselves.

—The parcel of land near Six Mile church, owned by Hagood & Sloan, and advertised in this paper for sale on Tuesday, October 26th, was pulled off according to schedule. It had been divided up into 31 tracts and brought good prices.

—It looks as if Pickens County was on the block. This paper contains the advertisements of three land agencies, all of whom have plenty of stuff to sell; then Hagood & Sloan offer 31 tracts for sale, and just look at the land for sale by the clerk and sheriff. "It do beat all" at the amount of stuff that is scheduled to change hands this fall.

—The W. O. W. camp has been organized at Pickens under the name of Keowee camp No. 496. Some of the best people of the town and upper section of the county, are members. This is a mighty good order and furnishes insurance at a very cheap rate. The social features are also good. If you are not a member you should look into the merits and benefits of the order.

—Mr. J. F. Harris has just finished lotting up a portion of his land in the southern part of town and has cut up a section into 87 lots. They are well located having running through them from the Easley road to the Liberty road are in nice shape for building lots. Any one desiring to locate in a progressive town can find an ideal building site on this allotment. The prices for these lots is very reasonable and the payments are arranged to suit the purchaser.

—W. O. Willard, of Liberty, has leased the Hiawatha hotel of T. D. Harris and has moved his family to Pickens and taken charge. The house will be under the management of Mrs. Willard whose reputation as a manager of a first-class hostelry has gone abroad in the land. For many seasons Mrs. Willard ran the Liberty hotel and had her house crowded with guests all the time. There is no reason why they should not have all the patronage that the Hiawatha can accommodate, and through the summer season have it full to overflowing of low-country guests. On behalf of the people of our city we extend to them a cordial welcome and hope their stay amongst us may be both pleasant and profitable and that they will decide to locate here permanently.

—The editor of this paper acknowledges an invitation to attend the celebration and barbecue given by the citizens of Spartanburg, in honor of the completion of the Carolina, Clinchfield & Ohio Railroad to their city. A rousing big time is expected to be had; an excursion train will be run over the new road from Johnson City, Tenn., to Spartanburg; the mayors and prominent citizens and newspaper representatives from the towns along the route of this road as well as from South Carolina, have been invited to be present. The Governors of North and South Carolina will be present and address the multitude and that time-honored expression of "what the governor of North Carolina said to the governor of South Carolina" will probably again be repeated.

Alcohol to Children

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely. Children do not need stimulating." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young. Follow his advice. He knows. J. C. Ayer Co., Lowell, Mass.

The first great rule of health—"Daily movement of the bowels." Ask your doctor if this is not so. Then ask him about Ayer's Pills. Sold for nearly sixty years.

—There never was a woman but was just aching to tell some one how to do up her hair.

—The reason why women do not propose is supposed to be due to the fact that they want to have the last word.

—Mr. and Mrs. R. T. Stewart, of Liberty, R. 3 spent Sunday in Pickens with their daughter, Mrs. J. B. Craig.

—Mr. B. P. Kelly believes in advertising. Some time ago he had some wheat left at his mill and he found the owner with a little notice in this paper. He now has seed wheat and a bull to sell, and will have seed potatoes at the proper time.

—A movement is on foot to establish a lodge of Odd Fellows in Pickens. All those desiring to join as well as members belonging to other camps who wish to become identified with this lodge, are urged to hand their names to Dr. F. S. Porter, or to Arthur S. Porter, at the barber shop. From report this is a splendid lodge and you will never regret going into it.

—"Hot Tom," the great cold weather temperance drink, guaranteed to reach the spot, manufactured by the Pickens Bottling Works, is meeting with popular favor and having large sales. The ingredients are such that it acts as a great cold-breaker, if drank just before going to bed. It is a pleasant and palatable drink and if you want to keep up your drink sales this winter you had better put in a keg of it. All orders promptly filled by the Pickens Bottling Works, R. L. Davis, proprietor, who has the exclusive right in this territory to make and handle this palatable drink.

—Notice. I have quite a number of old accounts on my ledger. I am not going to carry them any longer. Pay me inside of thirty days or then pay some one else with the penalty. Yours for settlement, J. L. Bolt.

Dry Goods, Shoes, Underwear, etc.

To the readers of the Sentinel-Journal:

You are hearing of HIGHER prices. I am glad to say that I believe Cotton will be higher. I am also glad to say that I have bought one of the largest and best selected stocks of goods—piece goods, men's and women's underwear, blankets, shoes—in a word, a stock of goods suited to the needs of the general public, that I have ever had, and I say to you MOST POSITIVELY that my prices are NO HIGHER, and on some goods LOWER than last season.

I do not advertise to give away goods—to sell a 10c. article for 5c.—I can't do that. But compare MY GOODS and PRICES with the "give aways" and if I do not give better values, I will not ask you to buy. I want your trade and will do all I can, LEGITIMATELY, to get it. I promise you

Dependable Goods. Lowest Prices.  
A Fair Deal. Your Money's Worth.  
THAT'S ALL.

**5 Strong Reasons For Fall Painting**

- The wood is thoroughly dry. Summer's sun has removed all moisture.
- Paint penetrates deeper into dry wood. The deeper it goes the better it holds.
- Fall weather is warm, dry and dependably. Little danger of cold, damp, rainy days, which endanger the durability of the paint.
- Wet weather decays and destroys unprotected surfaces. Lack of paint means unsightly and less valuable property.
- Fall painting keeps out winter moisture. The greatest enemy to the life and beauty of all structures.

Chattanooga Chill Plows  
No. 72 Cutter Share.

This is a Chilled Plow constructed after the type of steel plows. There are more satisfied customers using it now than any other plow on earth. Why? Because it is lighter draft and sheds soil as no other plow will. This plow was designed and made on the suggestion of those who plow—those who KNOW. The finish and style attract like a magnet. Ask the man who uses one.
