J. N. Lipscomb, one of the members of Gaffney's board of public works, states that the work on the Gaffney sewerage system could not begin before next spring, as the purchasers of the bonds refused to pay for them until certain new questions which had been raised could be passed upon by the supreme court. This will be a great disappointment to the people as it was confidently expected that this much-needed work would have been commenced before the Christmas holidays.

John T. Thackston, aged 65 years, dropped dead Monday in J. B. Dillard's livery stable in Spartanburg. He had just walked into the stable and was talking with Mr. Dillard, telling him he felt badly and was going home and lie down, when he staggered and fell against Mr. Dillard. He died in a few seconds. The deceased was born in Greenville county, but had lived in Spartanburg for many years.

When cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all Dealers.

In court sessions at Wall-halla last week Bud Alexander was convicted of throwing rocks into a railroad train and sentenced to two years at hard labor upon the public works of Oconee county, or a like term in the state penitentiary. In this case the defendant was charged with throwing rocks in a Southern passenger train near Richland last spring. A new trial was asked for but was refused. Notice of appeal to supreme court was given and Brown was admitted to bail in the sum of \$700.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all Dealers.

While Landrum Allison, superintendent of the Cherokee county Chaingang, was absent last Wednesday, one of the guards who, it is alleged had been imbibing too freely of John Barlycorn shot one of the negro convicts through his clothing, scaring the negro nearly to death but otherwise not injuring him. As soon as Supervisor Lipscomb was apprised of the facts he repaired to the scene and dismissed the guard, who claimed that the explosion of the fireman was purely an accident, and that he had no intention of shooting the negro.

The old, old story, told time without number, and repeated over and over again for the last 26 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all Dealers.

There have been at the works at the Ninety-Nine Islands in Cherokee county about 30 cases of smallpox, but the disease is of a very mild type and has been confined wholly to the negroes on the works. Dr. C. F. Williams, secretary of the state board of health, visited the works one day last week and ordered a wholesale vaccination. No new cases have developed within the last few days, and it is probable that the disease has run its course.

Thousands Have Kidney Trouble and Never Suspect It. How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, furnishes almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water, scalding pain in passing it, or bad following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often all the day, and to get up many times during the night. The mild and pleasant effect of Swamp-Root is remarkable. It stands the highest of all kidney remedies. It is the only one that can be depended upon to cure the most stubborn cases of kidney trouble. It is the only one that can be depended upon to cure the most stubborn cases of kidney trouble. It is the only one that can be depended upon to cure the most stubborn cases of kidney trouble.
