COLOR in Fabrics

Will be a marked feature of the fall and winter season; a great variety of beautiful patterns is being shown.

Some of the new colorings are so attractive that men are apt to neglect the plain blue serge or black thibet.

We advise you to have at least one good blue or black suit, in addition to the fancy, colored weaves; and a black or Oxford Gray Overcoat, in addition to the fancy fabric.

This permits a change, and gives each suit a rest; to get cleaned and pressed. It prolongs the life of all your clothes, to treat them this way.

Look into our show windows, you will see there a display of new models from some of the foremost makers, they represent the latest fashions, and you will spot them at once as winners,
Yours to please,

L. ROTHCHILD'S,

"Trade Follows the Light"

The bright streets are the busy streets—the stores that use Electricity generously, judiciously—for purposes of advertising as well as illumination, are the ones that get the greatest trade.

Do you know of any big successful, progressive stores not using Electricity for either interior or exterior lighting?

Just think that over. A store may shut its doors at sunset, but if its show windows are properly dressed and electrically lighted, they are doing as effective soliciting for the next day's business as a corps of salespeople.

The new Tungston Lamps will give you more and better light—for less money—than any other illuminant. Write or Phone for our special proposition.

Ivy Water, Light and Power Co.

Will pay 5c per pound for green hides; 10c for dry ones. See the Pickens market man.

Dry Goods, Shoes, Underwear, etc
To the readers of the Sentinel-Journal:

You are hearing of HIGHER prices. I am glad to say that I believe Cotton will be higher. I am also glad to say that I have bought one of the largest and best selected stocks of goods—piece goods, men's and women's underwear, blankets, shoes—in a word, a stock of goods suited to the needs of the general public, that I have ever had, and I say to you MOST POSITIVELY that my prices are NO HIGHER, and on some goods LOWER than last season.

I do not advertise to give away goods—to sell a 10c article for 5c.—I can't do that. But compare MY GOODS and PRICES with the "give aways" and if I do not give better values, I will not ask you to buy. I want your trade and will do all I can, LEGITIMATELY, to get it. I promise you

Dependable Goods. Lowest Prices.
A Fair Deal. Your Money's Worth.
THAT'S ALL.
