Application blanks can be gotten from any of the members and good men are wanted in the order.

J. E. Garrett, of Pickens, R. 2, planted 14 acres of land in corn last year and from this piece of ground he gathered 1,400 bundles of fodder and 149 weighed bushels of corn. Figuring the fodder at \$2.00 per hundred and the corn at \$1.00 per bushel he realized from this land \$177.00; the entire expense account, including preparing the land, working, fertilizer and gathering, was \$39.00, leaving a profit of \$138.00 above all expenses. Who can beat this record, either with corn or cotton?

Are Doctors Any Good?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently, trust him fully. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you. Ask your doctor. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

If we did not believe doctors endorsed Ayer's Pills for constipation, biliousness, sick-headache, we would not offer them to you. Ask your own doctor about this.

Dry Goods, Shoes, Underwear, etc To the readers of the Sentinel-Journal:

You are hearing of HIGHER prices. I am glad to say that I believe Cotton will be higher. I am also glad to say that I have bought one of the largest and best selected stocks of goods—piece goods, men's and women's underwear, blankets, shoes—in a word, a stock of goods suited to the needs of the general public, that I have ever had, and I say to you MOST POSITIVELY that my prices are NO HIGHER, and on some goods LOWER than last season.

I do not advertise to give away goods—to sell a 10c. article for 5c.—I can't do that. But compare MY GOODS and PRICES with the "give aways" and if I do not give better values, I will not ask you to buy. I want your trade and will do all I can, LEGITIMATELY, to get it. I promise you

Dependable Goods. Lowest Prices. A Fair Deal. Your Money's Worth. THAT'S ALL.

"Trade Follows the Light"

The bright streets—the stores that use Electricity generously, judiciously—for purposes of advertising as well as illumination, are the ones that get the greatest trade.

Do you know of any big successful, progressive stores not using Electricity for either interior or exterior lighting.

Just think that over.

A store may shut its doors at sunset, but if its show windows are properly dressed and electrically lighted, they are doing as effective soliciting for the next day's business as a corps of salespeople.

The new Tungston Lamps will give you more and better light—for less money—than any other illuminant. Write or Phone for our special proposition.
