The Origin of Royster Fertilizers.

Mr. Royster believed that success awaited the Manufacturer of Fertilizers who would place quality above other considerations. This was Mr. Royster's idea Twenty-seven years ago and this is his idea to-day; the result has been that it requires Eight Factories to supply the demand for Royster Fertilizers.

Baptist Laymen's Movement
At a meeting of the committee of the Laymen's Missionary Movement for South Carolina held in Greenville, a plan was arranged for a conference of laymen, which will be held in Columbia in January. At the last meeting of the Baptist State Convention in Laurens, it was decided to hold a Laymen's Convention in Columbia early in the year 1911, in order that the work may be more thoroughly organized, and steps taken, if necessary, to put in the field an active secretary, devoting all, or part of his time to the organization of the movement in the Baptist churches of the State.

The committee in Greenville decided to hold the meeting in the first Baptist church of Columbia on January the 11th. There will be two sessions of the Convention, the first meeting at 4 o'clock in the afternoon, the second at 7:30 in the evening. Well arranged programs for the meetings are being planned. It is expected that Dr. J. T. Henderson, secretary of the Laymen's Movement in the Southern Baptist Convention, will be present, and an effort is being made to have Dr. A. J. Ninning, of London, Canada, who recently stirred the hearts of the people at the Baptist State Convention in Laurens. Dr. Vining is a man of wonderful power, and every effort is being made to have him present. Dr. Wm. H. Smith, of the Foreign Mission Board, Richmond, Va., will also be present, and everything points to an enthusiastic meeting.

All those who contemplate attending should write to Dr. E. G. Quattlebaum, Columbia, S. C., in order that reservations may be made.
