Vegetables are needed at the Hospital—let our benevolent citizens see to it that the sick and infirm soldiers suffer not for a few vegetables.

What is the matter with our Jalappa subscribers? nine out of ten complain weekly of not getting the paper, when it is regularly sent. It is very unpleasant, and we are almost tempted to go up there and straighten the settlement.

With this No., June 21,

Closes the term for which many of our readers subscribed to the Herald, consequently this will be the last paper they will receive, unless their subscription is renewed. Our terms are strictly in advance, and we wish it understood that the paper cannot be sent out unless paid for.

In answer to correspondents as to what the terms are, we respectfully inform them that for \$1 in specie, or \$1.50 in provisions, (at market prices) such as corn, flour and meat, &c., paid in advance, they will receive the paper for the next six months, not otherwise.

SIDI H. BROWNE, P. E.

A Detachment of the 9th Ohio Troops

Arrived here on Sunday afternoon, and no little stir was exhibited by the colored population, who swarmed these visitors like bees around a gum. Their reception was cool and threw a damper on their feelings, water being squirted on them by the 9th Ohio, and other indignities.

Immense quantities of cotton, rosin and other native staples have made their appearance in the streets of Wilmington, N. C., since the issuance of the President's proclamation removing restrictions on trade, and been conveyed to the warehouses for shipment North.

A formal demand has been made upon the Spanish government for the surrender of the ram Stonewall.

The Supreme Court of the district of Columbia has adjourned. The trial of Mr. Davis will be postponed until September.

Application will be made to the next session of the U. S. Congress for a grant of land for a colony of about 20,000 poles.

Gen. Kirby Smith has departed for France via Mexico.

The war correspondence of the N. Y. Herald during the war cost half a million of dollars.

The States of North Carolina, South Carolina and Mississippi have been divided into internal revenue districts by the Secretary of the Treasury, and appointments of collectors for some of these localities have already been made by the President.

Gen. Ortega has received such an immense response to his Mexican emigration scheme that he appears to be bothered as to the means by which he can get them to Mexico.

Patronize a Free Paper—Great Enterprise.

It will interest our readers to know that as soon as the necessary arrangements can be made, we will commence the publication of a large, FREE Weekly paper, in the hope to meet the demand constantly made upon us, for a paper that costs nothing, and that subscribers to our PAYING paper will have the satisfaction of reading and keeping theirs, and also that having regular patrons to our Free paper, we can by mailing it, save the subscriber the necessity of continually asking for one, which must be mortifying.

Valuable prizes will be given as an inducement to get up a large subscription list, and every number will contain a full-sized engraving of the most notable of the class who read a free paper.

Cotton.

Mr. T. P. Robb, the U. S. Purchasing Agent, is now in Augusta, and will remain for a few days to consult with owners relative to their cotton.

By the new regulations, all restrictions relative to Cotton have been removed, except the payment to Government of one-fourth in kind. This is imperative, and is required to be done as soon as practicable.

The one-fourth in kind being paid, the balance is returned to the owner "free" from all other fees and internal taxes.

The Government thinks that its regulations relative to the marketing of cotton in the insurrectionary States are extremely liberal, and it is expected in return that no unnecessary delay will be had in meeting its requirements.

I have no authority to appoint sub-agents in the interior, and can only receive cotton at Savannah. I shall be glad to facilitate in every way in my power the efforts of owners to move their cotton, and to that end shall be pleased to advise with them in regard to it.

FULLY PARDONED.—We are gratified to learn by a private telegram received yesterday in the city, that the Hon. E. M. Bruce, late member of the Confederate Congress, has been granted the full benefit of President Johnson's amnesty proclamation.

Very certainly this act of forbearance could not have been extended a gentleman of greater worth. Mr. Bruce, while a "rebel," was an active and energetic one; now that he is a citizen of the Union, he will prove of invaluable use by the exercise of his great energy and admirable business qualities.

IMPORTANT TO FARMERS.—About twenty-six thousand mules are to be disposed of in Washington, D. C. The sales will continue until the number of animals is reduced in proportion to the reductions of the armies of the Potomac, the Tennessee and of Georgia.

Many of them were bought in the beginning of the war as young mules; have accompanied the armies in all their marches and camps, and are thoroughly broken, hardened by exercise, gentle and familiar, from being so long surrounded by the soldiers.

These animals are to be sold at public auction, and an opportunity will be afforded which may never occur again.

All trade restrictions are removed. The merchants of New York are anxious to accommodate their old customers in the South. It is said a large number of vessels are making ready to sail for Southern ports, heavily laden with assorted cargoes, which will be delivered on consignment, and until the roads are completed, and the crops brought forward to enable payment to be made.

The work of placing the cable on the Great Eastern is going on actively, and it is pretty certain she will start in the early part of July, accompanied by the British frigate Terrible, and another British war steamer.

New York is the largest market for sole leather in the world, more being brought and sold in that city than in Liverpool, London and Paris combined. It is estimated that 10,000,000 hides are tanned in this country annually, requiring about 70,000 cords of bark for the operation.

Public Meeting.

In pursuance of a call of Council for a public meeting of the citizens of Columbia and of Richland District, with the view to the restoration of the State of South Carolina to the United States, a large and respectable assemblage took place at the City Hall, yesterday morning.

Resolved, That the citizens of Columbia and Richland District, respectfully request his Excellency Andrew Johnson, President of the United States, to take such measures as will lead to the early restoration of the State of South Carolina to her former relations with her sister States of the Federal Republic, and as will restore her people to the enjoyment of their civil and political rights in the Union and under the Constitution and laws thereof, and remit them at an early day to the prosecution of their wonted pursuits.

Resolved, That a Committee of twenty-one be appointed to communicate the foregoing application in such manner as they may find most proper and convenient.

Resolved, That our fellow-citizens of the other Districts in the State, are earnestly invited to take early action for the attainment of the above objects, and that the committee appointed under the second resolution are authorized to act as a committee of correspondence with them whenever it may be desirable.

The following gentlemen constitute the committee appointed under the second resolution: C. R. Bryce, John Caldwell, Dr. John Fisher, M. C. Mordecai, A. M. Hunt, Jacob Lyons, E. J. Arthur, Capt. W. B. Stanley, William Gilmore Simms, John Townsend, William F. DeSaussure, E. J. Scott, J. A. Crawford, E. L. Kerrison, J. McKenzie, A. R. Taylor, W. H. Scarborough, H. Leiding, C. H. Baldwin, C. A. Bedell, J. M. Blakeley.—Col. Phoenix.

THE CROPS.—We learn from a gentleman living along the line of Georgia Railroad that the crops promise finely. The negroes very generally have resumed work with their former masters, and are quite cheerful under the new system of affairs.

In South Carolina great destitution continues. For the lack of hands and horses, the majority of planters will be unable to raise even moderate crops. In lieu of horses and animals, many planters are working cows and calves, some of the best ladies in the country being actively engaged in the labors of the field—plowing and reaping.—Constitutionalist.

An order from Brig. Gen. Ludlow, commanding in the Peninsula—Yorktown, Williamsburg, &c., says: "It has come to the knowledge of the authorities, that the negroes on the different farms are refusing to work, or are leaving their accustomed homes and coming to Richmond and other places occupied by troops. They are hereby directed to remain at their old homes to go to work as usual on the farms and raise the produce necessary for their maintenance."

The great clock that stands on the walk in front of the Fifth Avenue Hotel, New York, and which has not stopped since the building was erected, is now motionless and its hands indicate twenty-two minutes past seven, the point of time when Mr. Lincoln breathed his last.

One hundred hands who have been employed in coining pennies in the Philadelphia mint have been discharged. Pennies are a drug, and three-cent pieces are coming.

COMMUNICATED.

Called Meeting.

The citizens of Richland District have asked their sister districts to co-operate with them in primary meetings throughout the State; expressing their views in relation to matters of public interest; and as no one seems disposed to assume the responsibility, I would respectfully suggest, viz: In consideration of our unorganized condition—the suspension of civil government—the people without a proper circulating medium—trade and commerce paralyzed—want of postal communication—in fact of everything—and the entire mass in a state of anxious solicitude as to their future status—that a meeting of the citizens of Newberry District be held at Masonic Hall, Newberry C. H., or some other suitable place, on the first Monday in July, next, at 11 A. M., to take into consideration the political condition of our State. Respectfully, T. P. SLIDER.

OBITUARY.

DIED in Newberry, on the 13th April last, Mrs. BETHANY BLEASE, in the 68th year of her age.

In February, 1823, the deceased professed faith in Christ, and was baptized by the Rev. Dr. Manly, Sr., at Edgefield, from which time to the hour of her death, she not only exemplified the genuineness of her faith, but by a pious life and consistent walk she recommended to others the religion she professed.

DESTROYED.—The dwelling house of Gov. A. G. Magrath, of So. Ca., situated about one mile from Aiken, together with its contents, was destroyed by fire last night. Origin of fire unknown—supposed to be the work of an incendiary.
