Newberry as it is to-day—its Business and its Advantages.

Newberry is one of the most thriving towns in the State. With an enterprising and energetic population, backed up by a fertile country and industrious and successful planters, she would long ago have risen to the dignity and proportions of a city but for her lack of railroad facilities. Her energy and pluck are shown by the manner with which she has met and overcome misfortunes. A fire in 1865 destroyed nearly half of the business portion of the town, but so completely has she recovered that the fact is scarcely remembered. March 8, 1877, a terrible conflagration swept away a large portion of the business part of town. Starting at Pool's Hotel, corner of Pratt and Caldwell Streets, it laid in ashes every store on both sides of Pratt Street for a distance of two blocks. At present there is nothing to indicate the ravages of that fire except the handsome buildings that have taken the places of those destroyed, and the ascending walls of what is soon to be one of the handsomest hotels in the State. On the 17th of Feb. 1879, another great fire occurred, sweeping away the entire block of stores enclosed by Pratt, Caldwell, Friend and Nance Streets. Already the entire block is re-built, except the three stores on the corner, which are now going up, and the last state of that block will be far better than the first. Newberry has had several other fires of less importance; but she seems to be imbued with the qualities of Phoenix, and rises each time from her ashes with fresher beauty and vigor.

As a cotton market Newberry has no superior in the interior of the State. Our lands are admirably adapted to the fleecy staple. Some idea of the business done here in that line may be gathered from the following figures, showing the number of bales shipped from this point for several years past, from September to September:

1873-4,	25,520	1876-7,	19,395
1874-5,	25,156	1877-8,	17,330
1875-6,	21,855	1878-9,	19,067

There are fifty-three stores in Newberry, divided as follows: Dry Goods 12; Groceries 8; Dry Goods and Groceries combined 6; Confectioneries, Cigars, etc. 2; Bar-rooms 6; Furniture 2; Drugs 3; Hardware 2; Bookstores 2; Millinery 3; Bakery 1; Tinware 2; Shoes 1; Saddlery and Harness 1; Jewelry 2. There are 2 Livery Stables, a Thespian Club and Hall, a National Bank, 2 Newspapers, 2 Trial Justices, 22 Lawyers, 6 Physicians, 3 Dentists, 2 Undertakers, 1 Marble yard, and 9 Churches,—6 white and 3 colored. Her population is between 2,500 and 3,000.

The health of Newberry cannot be excelled by that of any section of the State.

Her educational facilities are of a very superior character. The Newberry College, under the auspices of the Lutheran denomination, but totally unsectarian in its spirit and instruction, is presided over by a complete and able Faculty. We have also the Newberry Female Academy, under Prof. A. P. Pifer, a thorough instructor, aided by competent assistants. Though only an "Academy", its course of instruction

will compare favorably with that of any of those female institutions in the State that bear the pretentious and high-sounding title of "Colleges"

Taking Newberry all round, in her social, religious, educational and business advantages, there is not a more pleasant nor desirable place anywhere. This is abundantly proved by the fact that very few ever leave her to hunt other homes; if they do they soon regret it, and in nine cases out of ten they are glad to return. To a Newberrian it is emphatically true that "there is no place like home."

Lutheran Synod.

Synod was opened by the retiring President Tuesday 7 P. M., when Rev. Dr. Smeltzer preached the sermon from 1 Tim., 6: 12, "Lay hold on eternal life." The President read his annual report—received to be referred to proper committee. Synod proceeded to elect officers, when Rev. J. F. Probst was chosen President; Rev. L. Muller, D. D., Vice-President; Rev. E. T. Horn, Rec. Sec.; Rev. J. Hawkins, Cor. Sec.

Adjourned till Wednesday morning at 9 o'clock. Opened with prayer by Rev. Sligh.

Different Treasurers made their reports—referred to proper committees. Minutes of last Synod were referred to Committee on Unfinished Business. Report of the Professors of Theological Seminary received and referred. Report of the delegate to N. C. Synod reported. Synod went into an election for Treasurer of Synod. Major P. E. Wise elected. Adjourned to meet as Ministerium.

Synod convened again at 2 P. M.

Parochial Reports was the order for the hour, followed by *briefs* on the state of religion in the different churches.

Synod then proceeded to elect a Treasurer of Missionary Fund.

The Herald Bulletin.

We present our little BULLETIN to the members of the Newberry Agricultural and Mechanical Society, visitors and citizens generally, as an aid to the success of this our Second Annual Fair, distributing it free to all in the hope that it will serve the purpose intended, and prove of interest. It will be issued each morning of the Exhibition and will contain as much of each day's doings as we can squeeze into so limited a space. Believing that it will be appreciated we send it on its mission.

If you want any kind of Stationery, fancy or plain, call at the HERALD Book Store. Large variety, prices moderate.

The owners' names will not appear upon the articles exhibited; they will be designated by numbers.
