GREAT DRIVE FOR \$3,500; UNION COUNTY'S PART TO CARRY ON Y. M. C. A. WORK AMONG SOLDIERS

The following letter has been sent out by J. A. Sawyer, county chairman, and tells its own story:

"Union, S. C., Nov. 12, 1917.

"Dear Sir:

"At one of the greatest mass meetings ever held in Union county in the courthouse on Saturday, Nov. 10th, Dr. A. W. Beavers, of Camp Wadsworth, made a patriotic plea for our support in the raising of the \$35,000,000 for the Army Y. M. C. A. Union county's share is \$3,500. There was an immediate and heart-felt response to this Christian call. Dr. Beavers explained the great working of the Y. M. C. A., and emphasized the obligations which rests upon us as a patriotic and Christian people.

"The county organization followed immediately and the following resolutions were adopted for the county campaign:

"First, Be it resolved: That the territory be divided up into school districts and each district be allotted its share; its share to be determined by the taxable property in said district.

"Second, Be it resolved: That the school trustees of each district be appointed as a committee and that they be empowered to appoint two others on said committee to advise and work with them.

"Pledge cards and any other desirable material can be had by applying to the undersigned. As to the method of campaign, you and your committee are to use your own discretion. If you desire to have a get-together meeting in the early part of this week and want a speaker to address your people along the line of the work, please notify me at once as to the date, the hour, and the place, and I will have a speaker there to speak to you. You should have as many people, ladies and all, out as possible. If, however, you think that your people need no further information and you want to start a house-to-house campaign at once—apply for cards.

"Trusting that you will heed the call of your country and give this matter your earliest consideration. Know ye that a week is only seven days and that this campaign begins November 12th and ends the 18th.

"Your co-worker in this mighty conflict, and your friend,

"Very sincerely,

"J. A. Sawyer,

The county, outside of the city of Union, has been divided into districts, each school district constituting a district, and the school trustees of each district have been appointed as the committee for their district, with the power of appointing two other persons, either men or ladies, to serve with them as such committees. All school trustees have received notice of their appointment, and they are urged to "get ready" and make an active campaign this week.

If the trustees in any district wish to have a meeting one night this week or on next Sunday, either during the morning hour, or an afternoon mass meeting, at their school house or at one of the churches in their community, and will arrange for same and advertise same and advise me of such, I will be glad to arrange to have a speaker for any such meeting who can explain the objects and the urgent needs of the funds we are asked to raise. Two or three such meetings have already been asked for and arrangements are being made to make them a real success.

I am sure that we do not realize the importance and the great need of this work. We need to be informed as to this. If we only knew the urgency of this matter and could get the inspiration that those present at the great mass meeting at the courthouse last Saturday the \$3,500 asked of this county would be subscribed in a day.

All committees are asked to call at my office at once and get the Pledge Cards and other literature on the subject, and be ready for the GREAT DRIVE in this county, not later than Friday morning at 9 o'clock. Men and women of Union county, remember the boys at the FRONT and more are to follow, many from Union county need your help. Let's support them in every possible way. It is a little as we can do, even when we have done our best.

J. A. Sawyer,
County Chairman.
