### Military Training.

A young man who has been away in the army came home a few days ago on a visit. When he left home six months ago he was soft and flabby and practically worthless, physically and morally. Today he is browned and tanned, his eye is clear and his step is springy; he is stout and upstanding and very much of a man.

His military training has done wonders for him. He is a totally different man from what he was six months ago. He has a totally different viewpoint of life from what he had then, and he has a different viewpoint from other young men of his age who have not been in the army.

His friends have seen all this, and they are beginning to see and understand what military training in the open air does for a man. And they are pleased with it.

After this war ends we are going to have universal military service in this country. We may never need another big army, but we need a better class of young men. The people will insist that every young man have a period of military training, for his own good quite as much as for the good of the country.—Anderson Mail.

### Be Immune From Colds.

It is easier to avoid a cold or to cure it when it first starts—than it is to cure one that has become obstinate. Avoid complications that may result from a neglected cold by using Lawson's La Grippe Capsules. They will quickly overcome congestion and stop the feverish condition which usually accompanies a cold. They are pleasant to take and are in no way harmful. Sold in Union by People's Drug Store. Phone 69.

### Wheat Campaign.

To all Agents:

Dear Sir:

I have been scanning your reports for the last two weeks with a great deal of interest, especially for the purpose of getting such information from them as you have given concerning the seeding of grains, especially wheat, in your respective counties.

I have been greatly disappointed in the information I have obtained. Up to this time, little grain, and especially wheat, has been seeded. There is little time left if we expect to obtain a profitable crop at the next harvest. Surely our people have not forgotten the call of our government for the seeding of an increased acreage in wheat to the amount of 37 per cent over last year. Last year's acreage in this State was 225,000 acres. In order to meet the demands of the government we should seed 350,000 acres. This is absolutely necessary if we are to do our part in the furnishing of the bread supply for our armies and the armies of our allies.

We are asking our young men to defend our honor and our liberty, if need be by giving their lives. If they are willing to die for us, surely our people should be willing to live for them.

Please have this letter published in all the papers and bring every influence to bear, that we may meet the sacred demands of our government.

Yours very truly,  
W. W. Long,  
Director.

Miss Marian Ditmark of New Jersey spent several days in the city this week on her way home from Camp Hancock, where her brother, Lieut. Ditmark, is stationed.

### Coming and Going.

L. P. Walker of Spartanburg is in the city today.

J. B. Moore spent the week-end in Union with friends.

Alston Hix of Camp Sevier is home on a few days' furlough.

F. A. Blair with his family visited his brother at Rock Hill yesterday.

W. H. Jeter of Carlisle was a business visitor to the city yesterday.

W. S. Ashe of Columbia is spending a few days with his family on S. Church street.

Mrs. J. E. Hancock, who has been visiting friends at Carlisle, returned to the city this morning.

Capt. William A. Mulloy of Camp Sevier, Greenville, will spend the week-end with relatives in the city.

Mr. R. L. White, Mrs. White and little daughter, Miss Benita White, of Jonesville, were visitors to Union yesterday.

### Dr. Dover Leaves For Spartanburg

Dr. H. C. Dover, who has been with the Morgan & Layton drug company, has resigned to accept a position with McIntosh Drug Co., of Spartanburg. Dr. Dover will leave the 15th to assume his duties and will have charge of the prescription department.

### Write to the Soldiers.

A member of The Times force had a letter from a soldier in one of the camps in South Carolina and it had a pathetic ring. He said: "If the folk back home only knew how we long for news—just anything that the home people are doing, they would write us every day. The little bit of gossip going around or the next couple to get married or where the neighbors have moved, would cheer us up and bring a touch of home to our tents."

We pass this on and if you have relatives or friends in the camps, drop them a line every now and then and cheer the fellows up. They are not grumbling at their lot and would not have it otherwise, but we who are at home can make it less tiresome for them by writing oftener to them.

### Let Them Smoke.

Previously reported	\$11.00
J. B. Leonhardt	.50
A. H. Howell	.25
Mrs. A. H. Nowell	.25
E. M. Garner	.50
Mrs. R. C. Bishop	.25
Total	\$12.75

Most of the money collected for smokes has been from those who have sons or relatives in France and if they are willing for the dear boys to smoke surely we ought to be. Show your willingness by helping us make this fund \$50.00 from Union county; the whole world knows how patriotic we are, so do not fall below in this. The boys love to smoke. Let's send them heaps of tobacco for Christmas.

### Fortnightly Club Entertained Monday

Miss Pansy Watson entertained the Fortnightly Club and other friends on Monday afternoon, at the home of her sister, Mrs. J. W. Mixson.

Tables were arranged in the parlor and dining room for bridge. Beautiful fall roses filled the vases—the mantel being banked with many red roses.

The table markers and score cards bore turkeys in token of the near approach of Thanksgiving.

The highest score was made by Mrs. Eaves, who received a wicker basket filled with fruit. The consolation was cut by Miss Mamie Young.

Miss Maud Garner assisted the hostess in serving an ice course.

### New Hope Locals.

New Hope, Nov. 13.—We surely have been having what we call fine weather. Had a nice rain last night which will help the growing grain.

Must say the weather was ideal for the fair, and the attendance was good every day. School day the attendance was real large and everybody seemed to enjoy the fair and all the exhibits were fine. The Monarch booth seemed to attract lots of attention. The flowers that were on exhibit certainly were beautiful. We agree with our editor in the idea that the fair should be moved to the park in Union as we think it could be fixed up better and more room for exhibits, so we hope this idea will be decided on.

The missionary meeting was held at the home of Mr. and Mrs. J. G. Bishop Sunday afternoon.

Miss Etha Gallman spent the week-end in Sulphur Springs community.

Mrs. H. I. Horton of Spartanburg visited in the community Sunday.

Mrs. James Whitlock visited her mother, Mrs. Summer, in Union Sunday.

Mr. Henry Sprouse and children visited at the home of Mr. and Mrs. J. G. Bishop Sunday afternoon. Vero.

## EDISONIA TODAY

### "The Man Who Was Afraid"

From Mary Brecht Pulvers Story in The Saturday Evening Post.

A Special 5 Reel Feature.

Admission:

5, 10 and 15c

### Historical Paper.

Miss Minnie Walker, a member of the Fair Forest chapter, D. A. R., has been signally honored in having her paper on Old Pinckney placed in Smithsonian institute as valuable history. This paper was selected by the chapter as the best of the year's work and was very full and comprehensive, and read with a deal of interest by the people in this and adjoining counties.

### Christmas Packages for the Boys in France.

This week the homefolks have been busy packing boxes for the boys in France and it is surprising to find how many Union county boys are over there. The boxes were filled with fruit cake, smokes, homemade candy, gifts of various things and tied up with Christmas ribbons and a heart full of love. We hope soon to publish a list of all the boys in France just to let you see how many of our very own are there.

### Eye-Witness Describes Conditions in Germany

The Economic and Civic Conditions Depicted — Believes Conditions Constantly Growing Worse

(By Associated Press)

Berne, October 30.—(Correspondence)—There has just arrived here from Germany a naturalized American who has lived in Germany throughout the war, worked in German seaport cities, passing for or being considered a German subject, mingling not only with the common people, but having occasional access to the councils of the high.

In his opinion Germany is suffering acutely now and dissatisfaction and worse reign in certain strata of her army and navy. Recent mutinies uprisings have had to be sternly repressed and the mutineers shot. Thoughtful Germany, he thinks, comprising men of the Ballin type, is desperately anxious for peace and secretly anxious to end the war before America has been utterly alienated.

This man left Germany early in October because he had reason to fear that he was going to be impressed for military service. The German government had refused to recognize the validity of his American naturalization since he failed to comply with the law existing in 1913 and did not seek the consent of the German government to his step. To get out he had had to induce the Spanish embassy to bring pressure to bear on the German government. On reaching Switzerland one of his first steps was to seek the Associated Press correspondent, to whom he first proved satisfactorily his American citizenship, then volunteered such information as he possessed about Germany as the duty of a patriotic American citizen. Strangely enough, at the very moment he was telling his story with details about mutinies in the German navy, the German minister of marine, Admiral von Capelle, was announcing the naval mutinies to the Reichstag.

"The economic situation in Germany," he says, "is far worse than anyone on the outside realizes, is so critical that I look for a break, a collapse, next spring or late in the winter. Nor are the good crops that one hears about every once in so often going to change the situation materially."

The finest way we know of to add to you collection of enemies is to butt in when other folks are holding a conversation.

The queen of Italy is a brunette, with dark eyes, jet black hair and a very fair complexion. She plays both the piano and the violin, is devoted to outdoor sports and is as fond of the sea as is her husband. She speaks four languages, including Russian.

## WAR-ZONE HOME FOR OUR BOYS "OVER-THERE" IS "Y" SLOGAN

"War-Zone Home for Our Boys 'Over-There'."

That is the slogan which has been adopted by the National War Work Council of the Young Men's Christian Association which has extensive plans for carrying its recreational, educational, social and religious work to the hundreds of thousands of American troops who will go overseas to France this winter.

The "Y" is already "over-there." Buildings have been constructed for the first American overseas expeditionary army and at the harbors of France for the navy. They are the nearest approach to home that General Pershing's and Admiral Sims' men find in all the foreignness with which they are surrounded. There they can write letters, read American newspapers and magazines, have their athletics, learn French, hold their Bible classes.

These "little bits of America" take the place "over-there" of school, theater, gymnasium, club, church and home. They must be supplemented with other buildings in all of the fighting zones as rapidly as the United States reach the other side.

The "Y" is also "over-there" among the troops of our allies. It gets its refreshment stands right up into the trenches themselves and serves hot drinks and many other supplies to the

men. The picture herewith shows one of these "canteens" with the British forces in the Holy Land. "The more stuff we can get up to the front, the more we can dispose of," writes one of the secretaries with these troops. "The men come for many miles, most of them, and we can meet only a part of their needs, as the supply is never equal to the demand. A line of men a quarter of a mile long waiting their turn is not uncommon."

There are now 600 War Work Y. M. C. A. buildings in operation in the camps of the United States manned by 2,000 secretaries. Hundreds of other buildings and men are required for overseas.

It is to continue and expand this service to our own troops at home and abroad and among our allies in France, Russia and Italy, as well as in the prison camps,—something like 20,000,000 men all told—that a campaign for \$35,000,000 is being conducted throughout the nation from November 11 to 19.

Every citizen's help is needed, just as it was needed for the Red Cross and the Liberty Loan. Send checks to C. E. Calhoun, Campaign Director, Southeastern Department, Y. M. C. A., Atlanta, Ga.
