New Lydia Improvements

RECENT IMPROVEMENTS at Lydia Mills shown above all add up to better cloth at competitive prices which mean steadier employment, according to Supt. J. B. Templeton. Top, new spinning room with 48 new frames equipped with ball bearings and ball bearing spindles for high-speed production and Pneumafil to ease the spinner's work. The room also has overhead cleaners and is air-conditioned. Center, this new weave room has 276 new X-2 looms equipped with Diehl drives for high speed weaving. The room is air-conditioned and has strip lighting. Bottom, this new cloth room has ample room, is well lighted and air-conditioned.

L. S. STRICKLAND, above, sign painter extra-ordinary, contributes much to the appearance and morale of our villages, and is always interested in improving the mills. Widely traveled and the father of 11 children, he often is known as the Mark Twain of Lydia and the Will Rogers of Clinton.

HERE'S PROOF. Walter Nodine, Lydia No. 3 weaving, with the 28 pound bass he caught at Georgetown. With him were J. B. Templeton, Hugh Campbell, A. C. Young and J. M. Cooper.
