LET'S TAKE TIME TO BE SAFE

"LET'S TAKE TIME TO BE SAFE"
—That's the Clinton Mills safety theme for the remaining months of 1974.

The safety promotional program utilizes materials supplied by the National Safety Council which are designed to call attention to areas where employees can prevent accidents if they take time to be safe.

Lydia Plant Manager Ted Davenport, center, is shown in the accompanying photograph, outlining the program to Weaving Assistant Superintendents Scuppy Gallman, left, and Bobby Johnson, right.

Included in the materials are full color posters with varying safety subjects which will appear periodically on departmental bulletin boards, adhesive p-o-p posters for designated areas and continuation of the giant safety posters located outside each plant.
