"I came here in 1941 from Gaffney. If I hadn't enjoyed it so much, I'd been gone a long time. The Opening Room is a good place to work and the new equipment Clinton has added makes the job even better."

Raymond Cash

"Except for various summer jobs, this is the only place I've ever worked. I like working the 46 hour schedule we have. The pay is good and it lets me save a little money for the future."

Steve Darbins

"I've always been happy with my job. Clinton takes an interest in all of us by providing good fringe benefits and pay. I've been here almost 25 years."

Leroy Dunaway

"It's the best place I've ever worked. The benefits are as good as you'll find anywhere—especially the group insurance. That's why I've chosen to work here."

Patsy Finley

"Clinton Mills provides me with a good job. The working conditions are excellent. I'm just satisfied with the job I have with the company as an electrician motor builder."

Wilgus Fortney

"It's difficult to pick out exactly which thing I like best at Clinton Mills. I worked in a local dime store until coming to the Bailey Plant in 1971. I really enjoy the vacations and holidays which the company provides. These you just don't get in a store."

Willie Greene

"My job affords me an opportunity to do many of the things I want to do. I'm now learning to repair quillers and this broadens my basic maintenance knowledge. Clinton Mills has excellent people to work with."

James Parkman

"It's difficult to find a better place to work than Clinton Mills. Over the years, as long as I do my job I don't have anything to worry about. That's a good reason to stay with a company."

Jared Sullivan

"Clinton Mills provides excellent benefits as well as a pleasant work environment. I just enjoy variety in my job."

Kathy Whitman
