

A FRIEND = IN NEED = IS A FRIEND INDEED

We Are Indeed Your Friend if it is Anything in

Dress Goods

you are looking for. We still have the lead on all that is new and most fashionable in this line, notwithstanding the fact that our success has been so good thus far this season that we have had to replenish several of our leading novelties the second and third time. Our trimmings to match these same pretty goods, braids, buttons, etc., are all that could be desired.

Cloaks and Jackets

We have them **new, stylish and stunning** in effect. Don't buy your Cloak or Jacket until you have seen ours.

Millinery Department

The pretty Hats continue to go out in numbers, which is a good proof that if you call on Miss Deragon you are sure to be interested. The

three ladies in this department are constantly busy taking and filling orders, but are not too busy to attend to your slightest wish in the selection of one of these exquisite hats.

Clothing! Clothing!

The latest styles, the new effects, the most serviceable, the best fitting, the biggest values, are only a few of the nice things to be said about the two famous lines of Clothing, namely, **Strouse & Bros.**, and **Snellenburg Clothes**. We have them both.

Shoe Department

The amount of business done in this department already this season has far exceeded our expectations, and we have had to duplicate our fall orders on all three of our leading lines, **W.L. Douglas**, **Godman** and **Drew Selby**. We can fit you and will please you in a shoe.
