Tuesday's Elections

Results in the Several States --Some Surprising Democratic Victories--Even Ohio Carried by Democrats--McCellan and Jerome Re-elected in New York.

New York, Nov. 8.—The city has elected McCellan Mayor by a plurality of 3,485 over Hearst.

Hearst refuses to admit McCellan's election and will contest it in the courts.

McCellan received 228,651, Hearst 225,166 and Ivins 137,049. Jerome is apparently elected with forty six election districts to be reported. He has a lead of 11,000 votes over Osbourne.

Other officers elected are:

Comptroller, Herman A. Metz, Democrat.

President Board of Aldermen, Patrick F. McGowan, Democrat.

The board of Aldermen is lost to Tammany, they having twenty-five members against thirty eight Republicans and nine Municipal Ownership members.

In addition to losing the board of Aldermen Tammany lost twelve members of the State Assembly from New York county and the next Assembly will be Republican by more than 2 to 1.

McCellan's plurality is the smallest by which any Mayor has ever been elected.

The next assembly will stand, Republicans 111, Democrats 35, Municipal Ownership 4. Last years it stood: Republicans 104, Democrats 46. The Senate holds over.

OHIO GOES DEMOCRATIC BY OVER 40,000.

Columbus, Ohio, November 8.—That John M. Pattison, Democrat, of Cincinnati, has been elected Governor of Ohio, for three years by a plurality running above 40,000 over Governor Myron T. Herrick, of Cleveland, Republican, is settled tonight, as also is the Democratic working majority in both houses of the new Legislature, but there is still some uncertainty as to the rest of the State ticket.

Republican estimates tonight give the Democrats from two to five majority in the next Senate and from ten to fifteen in the House. The Democratic claim is a majority of five in the Senate and of twenty-seven in the House.

A DEMOCRAT CARRIES PENNSYLVANIA.

Philadelphia, November 8.—Complete returns from nearly every county in Pennsylvania show that Wm. H. Berry, Democrat, is elected State treasurer, over J. Lee Plummer, Republican, by about 100,000 plurality. Berry carried 53 of the 67 counties, including many which were heretofore strongly Republican. The political revolution in the city and State was the greatest

in Pennsylvania in nearly a generation.

The victory of the City Party, the reform organization, over the regular Republicans in Philadelphia, was complete and beyond the expectation of the reform leaders. The City Party's plurality is 43,333.

THE RESULTS IN MARYLAND.

Baltimore, Nov. 8.—Late returns dissipate much of the doubt as to the result of yesterday's election in this city and State. With a few precincts of one of the usually Democratic counties to hear from, the defeat of the proposed suffrage restriction amendment to the State Constitution by 28,000 to 29,000 is indicated. Atkinson, Democrat, is conceded the State comptrollership and his majority will probably run over 6,500. That the lower house of the State Legislature will be Democratic is conceded by Republican sources of information.

RHODE ISLAND REPUBLICAN.

Providence, R. I., November 8.—The complete vote for Governor in this State gives Utter, Republican candidate for Governor, a plurality of 4,342. Compared with last year the results shows a Republican net gain of 3,486.

LIKEWISE NEBRASKA.

Omaha, Nov. 8.—The entire State ticket was captured by the Republicans by majorities larger in many instances than those of two years ago.

BAY STATE ALSO REPUBLICAN.

Boston, Nov. 8.—Revised returns show a Republican victory all along the line. Guild, Republican for Governor, has a plurality of 23,116. Draper, Republican for Lieutenant Governor, has a plurality of 1,996.

ANTI-MORMONS WIN IN UTAH.

Salt Lake, Utah, Nov. 8.—The American party, founded for the purpose of overthrowing the influence of the Mormon church in municipal affairs, gained a complete victory, electing its entire ticket by a plurality of about 1,000.

UNION LABOR'S VICTORY.

San Francisco, Nov. 8.—The Union Labor party achieved an astonishing triumph from the head of the ticket down to the eighteenth nominee for supervisor.

KENTUCKY DEMOCRATIC.

In Kentucky the legislature which will elect a successor to Senator Blackburn is heavily Democratic. The Democrats elected a mayor in Louisville by about 2,500.

DEMOCRATS CARRY VIRGINIA.

Richmond, Nov. 7.—The Democratic majority in the state will be about 20,000. The Republicans have representation in the present legislature on a joint ballot of 16. In the next legislature they will apparently have about 25.

Russia's Revolution.

Heartrending Horrors Occurring Daily---Wholesale Massacre, Riots and Incendiarism--Shocking Fate of Helpless Women and Children.

St. Petersburg, Nov. 8.—2.10 p. m.—The revolutionary wave continues to subside except in the Caucasus.

As details of what happened throughout European Russia during the upheaval arrive the story grows more revolting.

In the Baltic provinces murder, riot and incendiarism prevail. In Poland even the clergy, Catholic and Protestant, participated in the manifestations in favor of the autonomy of the ancient Kingdom. In Southwest Russia hardly a city or town escaped Jewish massacres.

At Tomsk, Siberia, according to the latest reports received here, the whole population of 40,000 and the military stood by while six hundred men, women and children were burned in a theatre. The Court House at Tomsk and the mayor's residence, where the students and revolutionists took refuge from the mob, were burned, and those who tried to fly were killed in the streets.

In Moscow the Social Revolutionists and the Black Hundred and the Cossacks and police fought bloody battles.

The descent of the butchers of Moscow with their knives and axes upon the students was one of the most horrible chapters, but not as pitiful, however, as the attack of the Black Hundred on a procession of school children carrying red flags. When the children sought to escape a cordon of police barred the way and the youthful martyrs were beaten into insensibility and in some cases were actually torn to pieces.

In the Alexander Garden at Moscow, Cossacks lay in ambush in the shrubbery and set upon their victims with whips. Many were beaten to death and others were hardly able to crawl away.

It has generally been accepted that the fourth Thursday in November shall be Thanksgiving Day, but this year President Roosevelt has fixed the fifth Thursday, the last day of the month for the festival. As a breaker of records Mr. Roosevelt has broken the record.—Charleston Post.

Wasn't the day "fixed" before the president issued his proclamation? This year's calendars, probably made a year ago, mark the 30th as Thanksgiving Day.

When a man is considered to be very clever his wife thinks that his greatest exhibition of cleverness was in picking her out to marry him.—Atchison Globe.

Letter From Sumter.

A Worthy Son of old Lancaster, now Engaged in Business in Sumter, Tells Why He Thinks One Paper Better than Three.

Mr. Editor: I notice from last issue of "The News" that you will discontinue visits unless invited. Please continue to visit me, and I enclose check along with the invitation. Lancaster county is my home county—Lancaster people my home people, and I can't afford to miss the home paper and lose touch with the people and affairs of the county.

I think that one great good accomplished by the birth of "The News" will be the binding of the people of the county more closely together, from the fact that all the "Items" and correspondence will be written to the one paper and will be more generally read than if divided among the three papers.

Allow me to wish you abundant success.

Your truly,

B. F. Estridge.
