TWO ARE SLAIN IN ALL NIGHT BATTLE

Syrian Alien Enemy Resists Draft and Trouble Results at Hawkinsville, Ga.

Hawkinsville, Ga., Sept. 10.—In an all night battle between Syrians and Americans here two persons were killed and three others wounded, one of whom is believed to be in a dying condition. One Syrian, who escaped, has been located on a farm two miles from this city. A posse of forty men left here at 6 o'clock to capture him. The Syrian is heavily armed.

The trouble is said to have started over the drafting of a Syrian alien enemy, Thomas Simon, who is said to have relatives in the Turkish army. Simon's name was certified to the district exemption board because of lack of proof of his claims. He met one of the officials of the local board in a crowded drug store last night and is alleged to have struck the official.

Simon then ran to the Syrian store, kept by himself and his brother, Mose Simon. The two Syrians and the former's wife loaded Winchester rifles and revolvers in plain view of the street and prepared for a pitched battle, it is said.

Late in the evening police attempted to arrest Thomas Simon for the assault. Then the Syrians opened fire. Allen Dortch, a popular young man about town, fell wounded in the lung. M. L. Bembry, post-office clerk, was shot through the ear, and John Hill, planter, was shot through the arm. In the return of shots the wife of Thomas Simon was killed. When her body was picked up in the street every cartridge in the revolver which she still held in her right hand was empty. The Simon brothers then barricaded themselves in a vault inside the store and defied the police. They are alleged to have opened fire on every one who approached. Several vehicles were struck, but no one else was injured.

Shortly after 4 o'clock this morning the crowd prepared to close in on the Syrians. The Syrians tried to escape through a rear door, shooting as they retired. Thomas Simon was shot and killed in his flight.

An appeal was made for troops from Camp Harris during the night but information was obtained that the officers there had no authority to send the soldiers here.

TO HAVE CONTROL OF SUGAR

Entire Industry Under Government After October First

Washington, Sept. 11.—The entire American sugar industry will be placed under government control October 1st, the food administration announced tonight by the institution of a licensing system to include manufacture, refining and imports. The step was decided upon with the approval of President Wilson to prevent speculative prices and to assure equitable distribution.

The critical situation in the sugar markets makes prompt action necessary, said the announcement. The sugar problem being one of distribution as well as one of supply, the solution is to be brought about by voluntary agreements with the trades.

Beet sugar producers already have accepted a scale of prices suggested by the food administration which means a saving to the consuming public of more than \$30,000,000 between now and the first of the year.

Institution of a licensing system will prevent hoarding and will insure a stabilized price, according to food administration officials.

THE FINAL VOTE IS DELAYED.

House to Pass the War Insurance Bill Today.

Washington, Sept. 11.—Final action on the sailors and soldier's insurance bill was delayed in the House again today by repeated unsuccessful attempts of its opponents to change the measure. When the overwhelming support of the bill became apparent through decisive defeat of amendments, administration leaders abandoned plans for a special rule to end debate. They predicted its passage by tomorrow night without material change.

Only one amendment of importance was adopted. It was offered by representative Cannon and struck out a provision for additions of \$1,000 a year to the salaries of officials enforcing provisions of the bill.

Thomas Simon came here recently from Oklahoma. It is declared by police here that he was affiliated with the I. W. W. in the West.

At midnight the posse had found no trace of Mose Simon. Other cities are on the lookout.

TROOPS DISPERSE PARADE.

Springfield, Ill., Sept. 9th.—Two men were shot and several were injured today when troops of the Ninth Illinois infantry dispersed a parade of labor unionists intended as a demonstration in support of the street car strike which has been in progress for seven weeks. Neither of those shot were seriously wounded. The parade had been forbidden by police as precaution against disturbances. Anthony Reddick was struck in the leg by a bullet fired from an army pistol. The bullet passed through Reddick's leg, struck the pavement and penetrated the shoulder of Albert Heinick.

The shots were fired, military authorities say, after the paraders had joked at the order of a military officer, and had defied the city police.

A resolution was adopted instructing the strike committee to inform President Wilson that the right of miners to assemble peacefully had been denied here.
