SANTA CLAUS IS NOT DEAD

Germany thought she had killed Santa Claus, but Germany has not shot a gun even in the direction of Santa Claus. Germany used to furnish all the things for Santa Claus, but America has whipped Germany to a finish on the Santa Claus business. We have **BETTER TOYS AND MORE OF THEM** for Santa Claus than Germany ever thought of. So come and see for yourself.

DOLLS OF ALL KINDS, TOYS OF ALL SHAPES AND EVERYTHING YOU COULD NAME FOR GIFTS.

**Bicycles, Tricycles, Wagons
Of All Sizes
Kiddie Kars, Irish Mails**

All to ride and they will last too. **ERECTOR STEEL TOYS.** Now this is what you want to buy for your boy. It will learn him to erect and maybe it will assist him later in life. Buy that boy an **AIR RIFLE** and learn him how to shoot. It might come in handy some time. Wouldn't let me have a gun when I was a boy and now when a gun fires I want to get under the counter.

Come to see the toys and if you do not want them, you don't have to buy. Remember

SANTA CLAUS IS NOT DEAD
and will not be until you lose your soul and cotton has gone to less than one cent per pound.

ABOUT TOWN.

Constable John Caskey left this morning for Winston-Salem, N. C., to bring back a negro under arrest there and wanted here on a charge of fraud.

Division Superintendent Park, of the Southern Express company, of Columbia, was here Tuesday on business, connected with the company and its service in Lancaster.

C. D. Walters, prescription druggist at the Lancaster Pharmacy, who recently came here from Cheraw, has moved his family here and they are occupying the cottage next to the Baptist church.

The town election will be held next Tuesday and while seemingly little interest has been taken in the campaign there is expected to be a reasonably large vote cast. The voting booth will be at the court house and the polls will open at 8 o'clock and close at 4.

The December meeting of the Lancaster County Teachers Association will be held here tomorrow, beginning at 11 o'clock a. m. The sessions will be held in the Central school building and Profs. Walmsley and Brim, of Winthrop college, will be the principal speakers.

Five Lancaster boys went to Charlotte this morning to enlist in the aviation corps. They were E. B. Langley, B. C. Hough, Ross Carnes, Pierce Horton and Bevan Funderburk. Shala Mobley, who for some time has been clerking at the Lancaster Pharmacy enlisted in the navy yesterday at Columbia.

Ulmer Wilson, young son of J. S. Wilson, broke his arm Monday while cranking an automobile. Only a few months ago the boy broke the same arm. Ulmer had gone to the assistance of the Lancaster Mercantile company's delivery car, which had skidded and run into Mrs. Leroy Springs' car near the Central school, when the accident befell him.

The charter for the Mutual farm loan association has been received by the secretary-treasurer of this association, W. P. Robinson. Loans aggregating \$42,000 have been approved by the Federal Land Bank, of Columbia, for this association and quite a list of other applications are pending. This association is now legally and officially a part of the Federal Farm Loan system.

The Kershaw Era says that R. E. Browne, agent of the Southern Railway company at that place, left Monday night for Rock Hill on thirty days' leave of absence. During this time J. C. Beckham, agent of the Southern at Heath Springs, is filling Mr. Browne's position. It is probable that Mr. Browne will not return to Kershaw and that Mr. Beckham will become permanent agent there.

“Wheezing in the lungs indicates that phlegm is obstructing the air passages **BALLARD'S HOREHOUND SYRUP** loosens the phlegm so that it can be coughed up and ejected. Price 25c, 50c and \$1.00 per bottle. Sold by all dealers in medicine.—Adv.

LET'S CO-OPERATE.
Advertisers should take note of the fact that “copy” should be in the office by 10 o'clock Monday morning for the Tuesday edition and 10 o'clock Thursday morning for the Friday edition. When the ads come in late it makes it impossible for us to make our schedule of “press hours.” We have been trying to make arrangements for changing our press schedule to early Tuesday morning and early Friday morning so that the paper may reach all its subscribers on the day published, but to do this it will be necessary to live strictly up to our rules of going to press on time. We believe our advertisers will find it to their advantage to give us plenty of time to get up their ads in an attractive manner.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

**Bank president prefers
Buckeye Hulls**

Mr. D. W. Gaston, President of the First National Bank, Aiken, S. C., feeds Buckeye Hulls to his steers and milch cows. He says that he expects to continue to use them as he considers them superior to old style hulls. The most successful owners of live stock in every community realize the advantages and economy of feeding

BUCKEYE HULLS
COTTONSEED
LINTLESS

They readily see that Buckeye Hulls, being 100 percent roughage and selling at several dollars per ton less than old style hulls, are much better value. So long as you get more real roughage to the ton and every ton costs less, why should you buy anything but Buckeye Hulls? Get a ton. See how much farther they go and how much money they save you.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free
Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to nearest mill.

SOCIAL.

MRS. DERRICK ENTERTAINS.
Mrs. G. J. Derrick was the charming hostess of the Lancaster chapter of the U. D. C. yesterday afternoon at the monthly meeting. The meeting was well attended and enthusiastic. The business of the meeting was first dispensed with, and after this the daughters decided to serve oysters, Saturday, December 15, the proceeds to be given to the auxiliary of the Red Cross to help defray the expenses. A motion was then made to adjourn and the chapter will meet the first Thursday in January with Mrs. Lester Robinson. The hostess was assisted by Mrs. Lester Robinson in serving refreshments which consisted of fruit cake and wine.

TYSON-CARNES.
Miss Masourri D. Carnes announces the marriage of her daughter, Stella Albertgile, to Mr. William David Tyson, December 28, 1917, First Baptist church, Monroe, N. C.

MR. AND MRS. SPRINGS ENTERTAIN.
Mr. and Mrs. Leroy Springs entertained last night at their handsome home on Gay street complimentary to the visiting members of the executive committee of the South Carolina Federation of Women's clubs. All the club women of the city, their husbands, members of the faculty of the graded school, and others were invited and the affair was one of the important social functions of the season.

MRS. COKER SPEAKS.
Mrs. J. L. Coker, Jr., state president of the South Carolina Federation of Women's clubs, delivered an intensely interesting and greatly enjoyed address at the Central school yesterday afternoon. Mrs. Coker's theme was “Woman's Work,” and the subject was handled in such a pleasing way that the audience was held spellbound. Mrs. Coker is not only an accomplished and attractive woman but is an able speaker.
