Notice

The Subscribers take great pleasure in announcing to the public, and to the citizens of South-Carolina in particular, that we have employed **Doctor PATTERSON**, of North Carolina to take charge of our Academy. It is situated upon a high and beautiful hill, from the foot of which issues a number of pure and never failing streams of water, about three quarters of a mile distant from the Bradford Springs, (a place well known and pronounced by physicians and a number of others who resort there for their health during the sickly season,) to be one of the most healthy and pleasant spots in the state.

Doctor PATTERSON, received his education in the University at Fayetteville, where he afterwards taught; he also taught in two or three other academies in North-Carolina with great applause and success.

He educated a number of young men, who have since taught in this District, and was pronounced by all who knew them to be men of education.

He prepared **Mr. M'LEAN**, (principal to Lodebar Academy) for admittance in the Senior Class of the University of North-Carolina; he also prepared **Mr. PATTERSON** former principal of Mount Clio Academy for the above institution; and from the long experience which Doctor Patterson has had, and the success which he has met with, in the management of schools, we are fully persuaded he will do us justice and meet the expectations of the public.

For the satisfaction of those who may favor us with their patronage, we will state, that the utmost attention will be paid to the morals as well as the education of the youths that may be committed to our charge. We are authorised to state to the public, that boarding may be procured in decent houses quite convenient to the Academy; boarders paying one half in advance.

The school will go into operation on the first day of February next. The following Branches will be taught, terms of tuition annexed—viz: Reading, Writing and composition, Arithmetic \$12 per annum, English Grammar, Geography, Ancient and Modern History, Rhetoric, Moral Philosophy and Astronomy, the Latin and Greek Languages, together with all Mathematics \$30 per annum.
