Removal.

The Pennsylvania Company
FOR

Insurer on lives, and granting annuities.

HAVE removed their office, from No
72, South Second, to No. 173 Chesnut
street, opposite to the State House, where
they continue to MAKE INSURANCES,
by Sea and Land; Grant Annuities and
Endowments; and generally make all kinds
of contracts in which the casualty of life is
concerned, on the most reasonable and e-
quitable terms. The following is a brief
exposition of some of the advantages which
may be obtained by contracts with this
Company.

BY INSURANCE,

A man aged 27 years, may secure 1000
dollars to be paid to his family at his de-
cease, for the consideration of 17 dollars
and 50 cents, if it shall happen within one
year, and a proportionate rate will be
charged on other ages, and for other pe-
riods.

BY AN ANNUITY.

A person aged 62, may secure himself
an income of 12 per cent. per annum. One
of 69 years 15 per cent. or if aged 75 years,
20 per cent. per annum during life. If the
receipt of the Annuity is deferred for some
time, the annuity will be increased; thus
if the annuity was deferred 10 years, a
person aged 60 would receive 42 percent.
per annum during life, after attaining the
age of 70 years, for any sum he might
choose to deposit with the company. De-
ferred Annuities will also be granted for
the consideration of an annual payment to
be made to the Company, during the time
it is deferred—thus a person aged 24, pay-
ing 10 dollars per annum till the age of
60, will receive an Annuity of 270 dollars
per annum, during the remainder of his
life.

BY ENDOWMENTS,

The sum of 1000 dollars, or an Annuity
of 68 dollars and 40 cents will be secured
to a child just born; for the payment of
157 dollars in a gross sum, or an annual
payment of 22 dollars and 35 cents, during
that interval; or, by continuing such pay-
ment until the age of 50, it will receive
\$10,061 in a gross sum or 932 dollars per
annum, during the remainder of his life.

The above is intended as a mere sketch
—and sums and ages are assumed for the
purpose of example; but contracts will
be made for any other sums and ages; and
for any possible combination of circum-
stances, in which the casualty of his life
may be in any way involved.

Application to be made at the office at
any time between 9 o'clock A. M. and 3
P. M. where a prospectus of the Institution
will be distributed gratis, and any further
information given.

Letters post paid will be duly attended to.

Notice

The Subscribers take great pleasure
in announcing to the public, and
to the citizens of South-Carolina,
particular, that we have employ-
ed **Doctor PATTERSON,** of North-Carolina,
to take charge of our Academy.
It is situated upon a high and
beautiful hill, from the foot of which
issues a number of pure and never
failing streams of water, about three
quarters of a mile distant from the
Bradford Springs, (a place well
known and pronounced by phy-
sicians and a number of others who
resort there for their health during
the sickly seasons,) to be one of the
most healthy and pleasant spots in
the state.

Doctor PATTERSON, received his
education in the University at Fayette-
ville, where he afterwards taught;
he also taught in two or three other
academies in North-Carolina, with
great applause and success.

He educated a number of young
men, who have since taught in this
District, and was pronounced by all
who knew them to be men of educa-
tion.

He prepared **Mr. M'LEAN,** (prin-
cipal to Lodebar Academy) for ad-
mittance in the Senior Class of the
University of North-Carolina; he
also prepared **Mr. PATTERSON** for-
mer principal of Mount Clio Aca-

demy for the above institution; and
from the long experience which **Doc-
tor Patterson** has had, and the suc-
cess which he has met with in the
management of schools, we are fully
persuaded he will do us justice and
meet the expectations of the public.

For the satisfaction of those who
may favor us with their patronage,
we will state, that the utmost atten-
tion will be paid to the morals as well
as the education of the youths that
may be committed to our charge.
We are authorised to state to the
public, that boarding may be procur-
ed in decent houses quite convenient
to the Academy; boarders paying
one half in advance.

This school will go into operation
on the first day of February next.
The following Branches will be
taught, terms of tuition annexed—
viz: Reading, Writing and common
Arithmetic \$12 per annum; English
Grammar, Geography, Ancient and
Modern History, Rhetoric, Moral
Philosophy and Astronomy, the La-
tin and Greek Languages, together
