

NEW-YORK, JULY 22.

LATEST FROM ENGLAND.

The ship *Illinois*, Capt. Funk, sailed from Liverpool on the 14th ult. and the editors of the *Gazette*, thank her owner for London and Liverpool papers to the 13th of June.

It will be seen by our extracts, that there had been numerous arrivals at Liverpool from the United States, which had a tendency to depress the markets; but the prices were quoted the same as at our former advices.

Confidence had revived in London. Good bills are readily done at 4 1-2 per cent. Silver and gold are both low, and in little demand; dollars being at 5s 4 1-2d per oz.

Price of English stocks—3 per cent reduced, 99 1-4 1-8 637-8; Consols for account, 69 to 70 1-4; Omnium, 3-4 prem. 1-8 1-4 dis.

At London, on the 11th of June there was still a fluctuation in the funds. Omnium began in the morning at 3-4 per cent, premium, immediately went to par; and at half past 12 was at 1-4 discount. There was a strong impression it would improve.

News had been received from the Cape of Good Hope of the most serious nature. All the inhabitants, capable of bearing arms, were ordered to join the military force.

The King of Prussia has met with a serious accident from a fall, by which he bruised his face, and broke the bridge of his nose.

The Loan.—The gentleman who had prepared lists for the loan, waited by appointment on the first Lord of the Treasury and the Chancellor of the Exchequer. The Governor and Deputy Governor of the Bank were present. The attendance was very numerous. The Earl of Liverpool stated that the loan is to be for twelve millions. Half of this sum to be taken in Exchequer Bills at 10 1/2.

The biddings were as follow:—Rothchild & Co. 63 1/2, 18s 3d; Reid, Irving & Co. 65 1/2, 19s; Ricardo & Co. 65 1/2, 2s 6d. The biddings being in the three per cent, reduced, Rothchild & Co. of course obtained the loan.

The Chancellor of the Exchequer has brought forward his budget in the House of Commons. He requires three millions of new taxes. Nearly nineteen millions had been repealed, reduced, or suffered to expire since the termination of the war.

In the House of Commons on the 10th, Earl Grey moved for the second reading of his bill to repeal declarations required of Roman Catholics, relating entirely to questions of faith and doctrine, and which had no reference whatever, to the supremacy of any foreign power. The House refused its second reading by a majority of 59.

The motion of the Attorney General for preventing British subjects from engaging in the service of the Patriots of South-America, was lost in the House of Commons by a majority of 14.

The weavers at Carlisle had turned out for wages. No arrangement between them and the employers had taken place at the latest date. They had committed no excesses.

Some new law arrangements were expected to take place in England. Sir S. Shepherd retires from the office of Attorney-General, and is to be Chief Barron of Scotland. The Solicitor General, Sir R. Gifford, to be Attorney-General. Serjeant Copley, Solicitor-General.

The Pope has erected the bishoprick of Quebec into the see of an archbishop.

The plague is stated to have broke out at Malta, and that several persons have fallen victims to it.

The Princess of Wales intended passing the Summer at Rome, having sold her seat on the lake of Como to the Duke of Torlinia.

In the French Chamber of Deputies, M. de Villeveque expressed his wish that, Hayti might be re-

stored to its ancient dynasty; and contended, that a naval blockade would awe those "arrogant chiefs" who were hostile to the measure. The Minister of Marine replied, that the pending negotiations with St. Domingo were of so delicate a character, that they ought to be cautious of interfering with them. From this reply it would appear, that all hopes of its restoration are not abandoned.

Preparations were making at St. Cloud for the reception of the King, who was expected there on the 25th.

King Ferdinand, it is stated, has chosen for his Queen the Princess Maria, niece of the King of Saxony. Three hundred suicides had taken place in Paris in five months.

A loan of ten millions is to be negotiated in England for the Russian government.

The Duke of Wellington it is stated, was going to Stockholm on an important mission.

LIVERPOOL, JUNE 12.

Don Onis, the late Spanish minister at the Court of Washington, and Suite, arrived here on Saturday last, in the *James Monroe*, from New-York. Lady Selkirk, Mr. Parish, the celebrated merchant and banker at Hamburg, and other distinguished persons, also came passengers in the same vessel. Lady Selkirk left town on Sunday morning for London.

PETERSBURG, MAY 15.

"The port of Cronstadt is entirely free from ice, fifty ships have already entered the harbour, thirteen of which are loaded with the productions of the South.

"Many persons who pretend to be well informed, continue to assert, that our august Sovereign has returned a letter addressed to him by King Charles John [Bernadote], unopened, the contents of which being known by duplicate, were at variance with acknowledged forms, and might have been seriously offensive to the feelings of our Monarch.

STOCKHOLM, MAY 24.

"If we may credit the rumours in circulation, a considerable body of troops are assembling in the environs of Petersburg. With regard to our military establishment, it is at its effective height, and we do not see how it can be augmented, it is said that in Denmark, all the military absent on leave, or furlough, have been recalled.

"Other reports, which we do not guarantee any more than the above, notices an invitation made to the Prince Regent by a great Continental power to form a strong camp upon the Elbe, which is to be in communication with a neighbouring state.

Extract of a letter dated Havre, June 10, 1819, received at Boston.

"Our place cannot now suffer much from known or future disasters, as it has long been on a liquidating system.

"Unless we are brought down by the English markets, we are inclined to think that our prices will be maintained. Our stock of fine cotton is very light, and choice parcels would command proportionate high rates—good ordinary uplands sell for 32 a 33s; New Orleans, 37 a 38, superior qualities might attain 36 a 41; Coffees seem disposed to advance—they are firm at 23 a 25 in bond; Rice dull, a 28f. in bond; Sugars very heavy—nothing doing in tobacco."

BOSTON, JULY 21.

Spanish Treaty.—By the *Laura Ann*, at New-York Lieut. Ward, in this town, received a letter from an officer on board the *Hornet*.—The following is an extract:—

Cadix, July 6, 1819.

"Here we are and probably shall remain for five or six weeks. We yesterday received letters from Capt. Reed, at Madrid, and on the 29th ult. the Treaty was not ratified—some are doubtful whether it will be or not."

As the five million of dollars is not supposed to be sufficient to satisfy all the claims of the merchants for property confiscated, with interest, and the Spanish government being discharged from any balance of claims, the delay of ratification will be at the loss of the interest by our merchants, and suspense under the present embarrassments in commercial affairs must promote uneasiness. Government has probably received some advices concerning the treaty by the late arrivals, and after their experience it is natural to infer will not endure cavilling.

NEW-YORK, JULY 20.

The Season.—The weather is still uncommonly dry, and vegetation is suffering in the immediate vicinity of the city. But we are much gratified in being able to say that our country generally is enjoying one of the finest seasons ever known. Some refreshing showers have recently fallen at a little distance from the city, on Long-Island, and in New-Jersey.

JULY 22.

Providential Escape.—Last evening, a mad dog, at large in our streets, snapped at four editors of newspapers, but left no marks of his teeth. He may be out again this evening. Ought he not to be shot.

Franklin & Minturn, sold yesterday at auction, fresh hyson skin tea, of a superior quality, at from 66 to 70 cents per lb. and received in payment therefore the notes of the Exchange Bank and also of the Washington and Warren Bank of every description. Their sales of tea for the same paper, will be continued, pursuant to the terms of the original advertisement.

Hard Times.—There were \$1200 taken at the *Circus* on Monday evening. The audience went to see Campbell, the clown, make faces and throw flip flaps, being for his benefit. If money is to be thrown away, there is some consolation, that it was for the benefit of a clever fellow.

BUFFALO, JULY 6.

The Hon. Morris S Miller and suite, arrived in this village on Friday last. Judge Miller is a Commissioner on the part of government, to treat with the Indians for the cession of certain lands in this vicinity and at Saganaw Bay, in the Michigan Territory. A council was yesterday held with the Indians, at the Indian village, about three miles from this place, on the subject of the lands in this county; but we have not yet learnt the result. We are sorry to state, however, that from appearances, there is little or no probability of success.

We regret to learn, that the remnant of the Six Nations of Indians, residing within this state, during the last week, in full council, solemnly resolved not to encourage the introduction of the christian religion among them. We understand that the debates on this subject were long and violent.

SAVANNAH, JULY 27.

In Council, Savannah, July 26, 1819. The frequent enquiries made by citizens and strangers, "where lie the remains of the gallant General Greene, who died and was buried in our city?" and the acknowledged want of information on this subject, imply a neglect highly reproachful to the known patriotism and feelings of the inhabitants. And whereas it

would be desirable, and, in fact, almost our duty to satisfy public curiosity in this instance, and thereby give an opportunity to the people of this State, among whom the General lived and died, to testify a share of

their gratitude of the noble and important services render in the revolution by this great and eminent soldier and patriot: and though this be done late, it is yet but a common respect to his memory for this body to claim his precious remains and remove them from the vault where they are now supposed to be deposited, and mingling with the ashes of those in no wise a kin to him, and have them interred under the order, sanction and special protection of this board, so as to enable the Legislature or the public hereafter to erect some monument worthy the memory of this great and good man:

On motion of Mr. Alderman Harris—

Unanimously resolved, That the Mayor and Aldermen Harris and Ash, be a committee to ascertain, by all means in their power, the vault where the remains of General Greene have been deposited and, on identifying the same, to have such remains placed in a neat mahogany coffin, and hereupon report to Council for their further proceedings on this interesting subject.

Resolved, That this resolution be communicated to the representatives of the deceased, who may now be in this State, and also to the proprietors of the vault to be opened, to obtain leave for the committee to carry this resolution into effect.

Extract from the minutes of council,
R. R. CUTLER, city clerk.

HUNTSVILLE, JULY 3.

Convention.—On Monday last the Convention, for framing a Constitution for the State of Alabama, met in this town. Col. Pickens, from Washington County was called to the Chair, and the Convention proceeded to the choice of a President, when upon canvassing the ballots, it appeared that the Hon. John W. Walker, one of the Judges of the Superior Court, and a member from Madison County, was unanimously elected.

TUSCALOOSA, (A. T.) JULY 1.

By a gentleman from Tombebee we are informed that General Jackson has written to Mehuleetubbee, head chief of one of the three grand divisions of the Chactaw nation, through the interpreter Peachland, requesting them to meet him at a time and place specified, (when or where our informant did not learn) to hold a conference on the subject of the sale of that part of their nation to the United States. When our informant left there Mehuleetubbee and Peachland were on a tour through the district to consult the other chiefs and head men on the subject; and the opinion was almost universal among the whites in the neighbourhood, that the district will be ceded to the United States, either by sale or by exchange of lands on the Arkansas—though not immediately.

We learn from another source, that a deputation of the Chactaw nation visited the country on the Arkansas, with a view of such an exchange, and have made a very favorable report both of the country and quantity of game. In consequence of which a great number of the Chactaws have expressed a willingness to exchange with the United States on the same terms as those granted to the Cherokees. The district embraces the military crossing on the Beskbee, where it has lately been determined, the great road from Nashville to New-Orleans shall cross that river.

Mr. Meigs—Agent for the Cherokee Nation has given notice to intrude on the Cherokee lands, that unless they remove off the said lands by the first of July, he shall apply to Gen. Jackson to remove them by military force. These intruders were ordered to leave the nation before the season of planting, and many did then remove; but many others setting at defiance both law and justice,

swore they would not remove and proceeded to plant their crops—they therefore deserve the less commiseration.

CHARLESTON JULY 31.

More Piracy—and Murder!—Seven men were apprehended in this city on Wednesday night last, under a Bench Warrant from the Hon. Judge DRAYTON, and committed to Gaol, charged with *Piracy and Murder!*—Several more of the gang are now lurking about our city, and the Police are making diligent search for them. One of the prisoners, named REED, turned State's evidence, and yesterday gave a partial statement of their nefarious and bloody transactions, before Mr. PARKER, District Attorney.

It appears that these men, or most of them, belonged to the smack *Lawrence*, Captain ATTWICK, the property of Mr. J. J. DANIEL, of this city, which vessel arrived here on the 16th inst. ostensibly from a wrecking cruise off the Florida Coast, with a cargo of Coffee, in bulk. On his arrival, Capt. A. reported, that "on the 14th inst. near Musquito, he fell in with a schooner, not having a single person on board; that he took out a load of Coffee in bulk, and proceeded to this place."

From the declarations of REED, however, as far as obtained, it appears that the sloop was sent by her owner, from Havana, (where he now is) to the Florida Coast, to cut wood. She there met with a small piratical sloop, the Captain and crew of which affected to believe that Capt. ATTWICK had brought money to purchase a cargo, which the latter denied—stating that he had but seven dollars. This was taken from him, and he hung up for some time in the shrouds, to make him confess. After being convinced that he had no money, the piratical Captain proposed to ATTWICK and his crew, to join him in a piratical cruise. After consulting his men, they agreed, with the exception of the above named REED. He being indirectly threatened in case of non-compliance, at length acceded, as he declares, to save his life. Both sloops then sailed in company, and soon after, on the Florida Coast, they fell in with the British brig *Ann*, Capt. SEEKEY, from Matanzas, bound to Falmouth, (Eng.) in distress, which they boarded and ran ashore. The brig's crew consisted of ten, including officers. Six of her men joined the pirates, and then informed the Capt. of the gang, that the Captain and Mate of the brig could not be trusted. Immediately after, they, with the cock and one man, who had refused to join the pirates, were inhumanly murdered and thrown overboard! Both sloops were then loaded with Coffee, as above described, and the story made up that was told here, previous to their leaving the brig.

It is believed the foregoing statement is substantially correct; and we hope in our next to give a further development of this horrid and abominable transaction. Indeed, we are in possession of further particulars, which it is deemed injudicious at present to make public. We sincerely hope that every virtuous citizen will exert his energies to bring to the gallows, a gang of cut-throat villains, who are the disgrace of humanity.

George W. Hunter, alias *Morris Hunter*, alias *Benjamin Tyler Morse*, charged with the crime of Forgery, was safely lodged in the Gaol of this city on Wednesday morning. He was apprehended in Savannah a short time since, and delivered over by the Executive of Georgia.

COLUMBIA, AUG. 3.

We learn, from various quarters, that the corn crops throughout this State will be uncommonly heavy this year; the cotton also promises to be fine, but the rot has, in many places, already made considerable ravages in it.
