NEW-YORK, DEC. 20.

From South America.—Captain Coffin, of the ship Improvement who left Tonga Bay on the first of Sept. and who has arrived at Nantucket, informs that a Patriot Squadron of one ship, a sloop of war, and a brig, had sailed from Valparaiso against Paita, taken it, and burnt the town—that the Patriot army had taken the city of Chillan, and a number of small towns near it, in one of which they had indiscriminately put every male inhabitant to the sword; and were in full march against Valdivia, this last being the only place held by the royalists on the coast of Chili. Lord Cochrane had again sailed from Valparaiso with a squadron against Lima.

The Northern Boundary.—On this subject the Montreal Courant has an article, in which it is stated that at Highgate, the first station nearly one mile of territory is gained to the British, "by the deviation of the recent from the ancient line at Richard mills, the United States gain nearly half a mile. At Derby the British about one mile, and at the intersection of the line with the Connecticut river, they observe they also gain nearly half a mile.

[COMMUNICATION.] OBITUARY.

Departed this life, on the 13th of November last, at line Creek, Alabama, on his return from New-York, Mr. DONALD MURCHISON, of the commercial house of D. Murchison & Co. Fort Claiborne, aged 24 years. This young man was a native of Lochcarron, Rosshire, North Britain.—Influenced by that laudable spirit of enterprise characteristic of his countrymen, he emigrated to the United States in 1816—since which he has been engaged in commercial pursuits at Wilmington, N. C. Mobile and Fort Claiborne.—Were the writer disposed to eulogize the deceased, he might extend this article to a lengthy communication, suffice it therefore to say, that his character and conduct were formed on the strong basis of honor and integrity, and were in every respect such as to command the respect and admiration of his countrymen. In his social relations he was a valuable member, and

his memory will long be cherished by all who had the pleasure of his acquaintance. It has been torn from us in the prime of life, and hurried to that bourne from whence no traveller returns."
