Irish Potatoes,

AND NEW-ORLEANS INDIGO,
Of a superior quality,
WHOLESALE AND RETAIL.

In addition to the above, the subscriber has received of the growth of 1820, a

quantity of Ruta Baga, or Yellow Russia Turnip, which has been found on trial to answer this climate well, when the season has been any way favorable.

Also—MANGLE WURTZEL, or Root of Scarcity, of the best species which is found to be more productive than any of the Beet kind, as the root is much larger and the top can be gathered or broken off two or three times during the summer for the cattle, and will not injure the growth of the root.

Pamphlets with directions may also be had.

A few small boxes well assorted, put up to suit families, with a deduction of twenty-five per cent.

Those who wish to purchase to sell again, will find it to their advantage to call and be supplied, as a very liberal discount will be made.

N. B. As the subscriber has received his seed from persons who raised them, they may be depended on to be good. But should any person after purchasing any on trial prove them otherwise, the money will be returned if desired, or other seeds in place of them.

Strayed or Stolen,

From a farm near Rocky Mount, on the 18th of March inst a dark BAY MARE, about thirteen hands high, and six years old. All that is white about her is a small spot of the size of a shilling on the off side near her shoulder, and a few scattering hairs about her face, occasioned by the chafing of the halter. She has a swish tail, and a thick black mane, of which a little on the under part has been cut off. The hair about her legs is long and slaggy, and she has never been shod; she is strongly formed, being partly of the Canadian breed. Any person who will deliver the said mare to Zachariah Gibson, living near Rocky Mount, Fairfield District, South-Carolina, or who will give any information that may lead to the discovery of her, shall receive an ample and satisfactory reward.
