TO THE PUBLIC IN GENERAL. THE undersigned with pleasure announces to the public, that he did commence on the 2d of July last, to erect a town named Hamburg, in South Carolina, opposite Augusta, on the Savannah river, and has succeeded with the aid and assistance of his friends, to erect 78 buildings; among which there is a ware-house of 50 by 300 feet for cotton and tobacco; also a spacious and convenient building 50 by 70 feet, for a Public House, and a number of spacious stores, some of which are 40 by 60 feet, all of which are calculated for different branches of business. The stores and ware-houses are 2 to 3 feet above the level of the streets in Augusta; and considered perfectly safe from all damages of freshes. The ware-house ranges up and down the river, within 50 feet of the river bank—30 stores are fronting the ware-house, in the same direction, between which there is a street of 200 feet, intended for a market street. By the construction of the ware-house there will be no expense of drayage. There is a good and safe boat landing at present, and substantial wharves will ere long be erected to facilitate the loading and unloading of boats. The ware-house is also considered free from all danger of fire and no more are now building of the same dimensions, and in the same direction on the bank of the river, in which there are departments calculated for close storage of Salt, Groceries, Iron, &c. There is also a Post-Office established, out of which letters can be received earlier than in Augusta, and which will be kept open two hours later than the office there, which will afford great convenience to merchants, as they can answer their letters by return mail. There will also be a saving of sales at Auction of 2 to 3 per cent. less than in Augusta. The rate of storage of Cotton, Tobacco, &c. is about half the rates as charged in Augusta. In about one quarter of a mile from the river, the ground elevates about 60 feet, which affords handsome and healthy situations for summer residence, in which there are number of springs of a good water as this country affords. 2500 bales of cotton have been purchased and stored in the ware-house from 29th October to the 23d inst. and goods have been sold in proportion. There is also commenced a spacious building calculated for a church, to which a liberal sum has already been subscribed.

As Hamburg will attract the attention of the citizens of South-Carolina, North-Carolina and Tennessee, and others having done much for it; if assisted by art, the undersigned has not the smallest doubt it will become a place of great importance.
HENRY SHULTZ.
N.B.—The Editors of all the papers in South-Carolina, also, those in Augusta and Savannah, will insert the above three times and forward their accounts to me in Hamburg for payment. H. S. November 27, 24—

A. MATHESON & CO. Have just received their Fall supply of reasonable Foreign and Domestic Goods, which with a variety of articles in the Fancy line, they will sell low for cash. NOTICE. Some time in May last, a travelling stranger stopped at my country residence in this neighborhood, who called his own name Stone, and said he was searching for employment at school teaching. He requested me to lend him a gray horse of mine, (it being a more pleasant saddle-horse than his own) to ride to the houses of the neighboring citizens, to know if he could obtain any encouragement in his said profession. I lent him my horse as he desired and he scampered off with him, leaving his own beast in my stable. I have never been able to learn whether he went, but on the 12th instant my horse was rode into this town by a Mr. Springs, of Charlotte, N. C. who I understand is a gentleman of unquestionable standing. My horse was immediately claimed and proven, upon which Mr. Springs gave him to me. Mr. Stone's mare still remains on my plantation, and is an expence without being of use. Mr. Stone is therefore requested, wherever he may be (for I know not) to come forward, pay charges for his property.
