

**Special Items.**  
The total colored population of Fairfax County, Virginia, is 3,000, all of whom are self-supporting.  
The Senate having consented, the House resolution appointing a committee to sit in Charleston with regard to the Freedmen's Bureau was resumed.  
There was a large meeting of freedmen at Camp Hamilton, near Fort Monroe, Tuesday evening, Gen. Miles and Major De Costa commanding industry and self-reliance.  
Rev. Dr. J. W. C. Pennington had an adopted son, a native of Hartford, who enlisted in the 20th U. S. C. T., and through his good character and abilities rose to the position of hospital steward which he filled very acceptably.  
The colored news says that Tom Clarke, late of the *Wanted Herald*, instead of making "negro hoers" in Winstead is going South this winter to see negroes hoer.  
The Colorado returns insure the election of Gilpin for Governor and Chilcott for Congress.

**WINTER DAVIS.**—This gentleman, of the State of Maryland has written a very positive letter in favor of admitting the freedmen of the South to the suffrage. He denounces the policy of reconstruction as "hurtful intermeddling," and finds authority for interference of Congress in the South in the constitutional guaranty of "a republican form of government" to each State. He puts the objection to an unequal suffrage of the South in this shape:—  
"Congress is asked to guarantee a republican form of government to the States. In North Carolina 631,000 citizens ostracise 331,000. In Virginia 215,000 citizens ostracise 533,000 citizens. In Alabama 590,000 citizens ostracise 437,000 citizens. In Georgia 591,000 citizens ostracise 450,000 citizens. In Louisiana 357,000 citizens ostracise 350,000 citizens. In Mississippi 353,000 citizens ostracise 435,000 citizens. In South Carolina 291,000 citizens ostracise 411,000 citizens.  
The friends of negro suffrage in Washington are busy. They have organized a national convention, and its agents and committees are at work. The entire city has been canvassed for important facts bearing on the question of important suffrage. Petitions have been circulated in every ward, and already thousands of colored people have attached their names to a petition to Congress asking for the ballot.

Gen. N. A. M. Dudley, hailing from Roxbury in this State, a zealous newspaper-man in this city in the olden times, but a Democratic military sycophant in modern ones, has been playing the part of a small tyrant as superintendent of the sub-district of Memphis, under the Freedmen's Bureau, in issuing orders forbidding the negroes leaving the plantations to visit cities or towns for amusement, and forbidding to furnish them transportation across the river unless they have a "pass" or certificate from their white employer. It is a pity such fellows as Dudley couldn't have a "pass" from the national service they disgrace.—Boston Commonwealth.

**COLORADO DELEGATES.**—Frederick Douglass for the colored people of New York, and Geo. L. Downing for those of New England, have been appointed to represent the interests of their race at Washington, during the present session of Congress. Both are able and eloquent advocates of the rights of men.

**LOSSNESS.**—The N. Y. *Herald* says that Gen. Grant was received at the depot in Charleston with "rounds of enthusiastic cheering," and that his "brilliant procession" paid their compliments to him in the evening. This is the *Herald's* style. When the General stepped from the cars and a cheer was given, and the procession carried torches.

"I AM A NEGRO."—The late Capt. H. Ford Douglass, formerly of the State of Illinois, has the honor of being the first colored soldier in the army, having enlisted when he was broke out in the Illinois Regiment, and served honorably in the campaign at Fort Donelson and Vicksburg, dying in the trenches before the city for forty days. He was a man of very fair complexion and possessed a noble mind, and was there mustered out for promotion. General Thomas told him that he was to be promoted, and that he [the General] held his papers. But before he could give them he must answer this question:  
"Are you a negro or a white man?"  
At first he gave an evasive answer, and said "General you can't go behind my muster roll." The general told him he must have a positive answer.

He then replied, "General, I am a negro! and he would not deny my race for all the commissions in the army."  
Gen. Thomas then replied, "Mr. Douglass, you cannot be promoted."  
He then left the Army of the Mississippi, and came to Kansas, and received a commission as captain of the 1st Colored Battery, in which capacity he served until mustered out.

**MARRIED.**  
In Old Bethel Church in this city, Dec. 14th by Rev. W. Lewis, Mr. Alfred Provoll to Miss Dianna Sinicola.

**In Memoriam.**  
Died after a short illness, Mrs. Maria Weston, wife of Anthony Weston, in the 63rd year of her age. As a plain, like disposition, ever ready to resign herself to her Maker's will, sustained her in her last moments. Her life has furnished an example of true womanhood and Christian duty to us that is worthy of imitation, and in her death God is glorified. For precious in the sight of the Lord is the death of his saints. Christians of our day, with heart and hand, devoted love, and willing to aid, in her labors of love wherever found. It was a source of great satisfaction to her that it had pleased that Omnipotent Roman Cornelia, prizee of the richest jewels, used to her as a halo of glory in life, and in death it had radiated the darkness of her tomb.  
"She is gone—just—  
"She the more fortunate! 'ere she hath finished  
"For her there is no longer any future.  
"Her life is bright, bright without ite  
"And cannot cease to be. No ominous hours  
"Knocks at her door with tidings of mishap.  
"O well with her! but who knows what  
"is coming hour.  
"Veiled in thick darkness brings for us?"

St. Louis, Mo., July 18, 1865.

**DEAR SIR:** I have had it in contemplation for some time to write the Editor of the *Tribune* to get from the weekly perusal of the proceedings of the Farmers' Club; first I will tell you how recently I became aware of its existence. About the 1st of September, 1865, I noticed an advertisement, and cut out the Tribune, and immediately subscribed for the *Weekly Tribune*, in which I found the proceedings of your Club. I have read them constantly, until I have had a need of a new one. I look for Monday next for your issue in my calendar, and was I to be confined to one agricultural paper alone, should prefer the *Tribune* to anything I have yet seen. Yours,  
JOHN HENWOOD

Another subscriber writes:  
I neglected (forgot) to renew my subscription to the *Tribune*, until so late that I missed the first July No. Can you help me to it? Portions of the Farmers' Club reports in that number, particularly, I wish to purchase. In fact, that portion of the paper constitutes part of the main reason why I take it. And I have no doubt that it receives a goodly share of its patronage from persons who wish it well, but would not otherwise bring themselves to the subscribing point. Yours truly,

New York, July 14, 1865.  
**Messrs. Herring & Co.**  
GENTLEMEN—Though the destruction of the American Museum has proved a serious loss to myself and the public, I am happy to testify the old adage, that "It is an ill wind that blows nobody good," and, consequently, congratulate you that your well-known safes have again demonstrated their superior fire-proof qualities in an ordeal of unusual severity.  
The safe you made for me some time ago was in the office of the Museum, on the second floor, back part of the building, and in the hottest of the fire.  
After four hours of trial was found among the debris, and on opening it this day has yielded up its contents in very good order—books, papers, policies of insurance, bank bills, all in condition for immediate use, and a noble commentary on the trustworthiness of Herring's Fire Proof Safes.  
Truly yours,

**THE AMERICAN LAND COMPANY AND AGENCY,**  
No. 57 Broadway, New York,  
Offers its Agency to owners of land of every description in the Southern States, and to Northern and European capitalists, emigration societies and conductors of emigration, and to individuals, (farmers, mechanics and others) desirous of transferring their labor and skill to the South.  
It designs to aid, through the means offered by a central office in New York, and its branches elsewhere, in the great work of the social and economical reorganization of the South, by bringing together the owners of plantations and farms, and the mechanics and industrial development on the one hand, with those who command the capital and labor skill on the other hand. It will devote itself to the work of accumulating and methodizing information and statistics, useful for those who may, on grounds of pecuniary profit, of business enterprise, of patriotism or philanthropy, desire to contribute, through the reorganization of industry, to the material means by which the South can be restored, its people of every condition made prosperous men and good citizens; and the communities brought to take their share in promoting the welfare of the whole country.  
The company proposes to interest the enterprise and money of the country in the opportunities and means for their useful and profitable employment, afforded by the broad lands of the South now open for the first time to free labor, but whose owners and occupiers are suffering from the waste of war.  
It invites the attention of the public, and is prepared to enter immediately on the transaction of business.  
The officers are:

**THE AMERICAN LAND COMPANY AND AGENCY,**  
No. 57 Broadway, New York,  
Offers its Agency to owners of land of every description in the Southern States, and to Northern and European capitalists, emigration societies and conductors of emigration, and to individuals, (farmers, mechanics and others) desirous of transferring their labor and skill to the South.  
It designs to aid, through the means offered by a central office in New York, and its branches elsewhere, in the great work of the social and economical reorganization of the South, by bringing together the owners of plantations and farms, and the mechanics and industrial development on the one hand, with those who command the capital and labor skill on the other hand. It will devote itself to the work of accumulating and methodizing information and statistics, useful for those who may, on grounds of pecuniary profit, of business enterprise, of patriotism or philanthropy, desire to contribute, through the reorganization of industry, to the material means by which the South can be restored, its people of every condition made prosperous men and good citizens; and the communities brought to take their share in promoting the welfare of the whole country.  
The company proposes to interest the enterprise and money of the country in the opportunities and means for their useful and profitable employment, afforded by the broad lands of the South now open for the first time to free labor, but whose owners and occupiers are suffering from the waste of war.  
It invites the attention of the public, and is prepared to enter immediately on the transaction of business.  
The officers are:  
JOHN A. ANDREW, President,  
FRANK E. HOWE, Vice-President and General Agent North,  
LOCKE W. WINCHESTER, Treasurer,  
GEORGE CABOT WARD, ALFRED GATTELLI, General Agent South,  
M. N. WISEWELL, General Agent South.  
OFFICE, ROOMS 11 AND 12,
