What is it makes a Lady?
An education of the mind,

The Next Best Opportunity

What is the following from the
at Falls, by Mrs. DeBoer:
"Why, when I was a child,
I had a little brother..."

Looking Glasses.

What if there should be a resurrection
of that which has been buried in looking
glasses. Little children's faces, anxious
mothers' foreheads, and the eyes of the
old looking for a pair of bright
eyes...

Unquestionably the best sustained work of the kind in the World.

THE BEST ARE THE CHEAPEST.

THE MASON & HAMLIN CABINET ORGANS

have just been awarded a FIRST PRIZE at the
Grand Exposition in Paris, 1889, and
with instruments from the best makers of all
times. This makes over SEVENTY HIGH
PRIZES awarded them within a few years. These
instruments from more than three hundred of the
most prominent musicians in the country, and the
highest awards made are published in the catalogue
of Mason & Hamlin.

Observe that dealers in musical instruments
are not to be deceived. The name of Mason &
Hamlin is the name which they can buy
at the lowest price. The prices of M. & H. are
variable. They cannot afford the large
profits made by manufacturers of inferior work,
many of whom sell at 40 to 50 per cent discount.

At the prices at which they are sold, the
Mason & Hamlin Organs are believed to be not only the
best, but the cheapest instruments of their kind.
