WHAT DOES IT MEAN!-The New York Citsen (officed by private Miles O'Riley,) has au article laudatory of the Fenians, and urging Prickmen and Americans to contribute to the Fenhan funds. We quote a single ominou

"We tell the American public-and they have beretefore found us pretty accurate prephets in everything relative to the Fenian that before ten weeks there will be-where—an Irish Republic existing on the somewhere—an Irish Republic existing on the of entry and exit, a navy of privateers, and tacit encouragement both of France and the Daited States in the prosecution of belligerents acts against Great Britain. Let no one ask us for the present where this republic will be lecated, for we cannot answer. It must be called a republic, to warrant the flag and fleet, but will really only be used as an immediate basis of operations for the transfer of active hostil-Sties to the Canadian and Irish rolls. A word to the wise is enough. And now, while the quid nunes grow excited, the wise will await developments, giving liberally of their means to aid the cause; nor will they have to tarry long for fulfillment of all that we herein foreshadow."

BRAUTIPUL SESTIMENT .-- A beautiful extract below is from the pen of Hon. George S. Hilliard :

"I confess that increasing years bring with them an increasing respect for men who do not succeed in life, as those words are commonly used. Heaven is said to be a place for those who have not succeeded on earth; and it is sure that celestial grace does not thrive and bloom in the hot blaze of worldly prospirity. Ill success sometimes arises from a superabundance of qualities, in themselves good-from conscience too sensitive, a taste too fastidious, a self-forgetfulness too romantic, a modesty too a self-forgetfulness toe romantic, a modesty too retiring. I will not go so far as to say, with a living poet, that "the world knows nathing of its men," but there are forms of greatness, or at least excellence, which 'die and make no sign;' there are martyrs that miss the palm but not the stake; heroes without the laurel, and conquerors without the triumph."

A special despatch to the Charleston ews, dated Washington, January 28, says the Hon. Wm. Henry Trescott has been invited by the select House Committee on Freedmen's Affairs, to appear before that bedy and give the views of His Excellency Governor Orr against the freedmen's futher occupation of the Sea Island cotton lands of South Carolina, as is authorized by the bill which passed the Sanate on Thursday,

The Bill fixing the legal rate of interest at ten per cent. has been passed by the Georgia Logislature.

Mr. Alexander Stephens declines to make any public address upon the state of the country under present circumstances. He also adheres to his determination not to allow his name to be used in connection with the vacancy in the United States Senats.

"MAT GOD HAVE MERCY UPON US ... The Charleston Daily News has the following paragraph :

Mr. Ward, of New York, in some remarks before the House of Representatives, on Thursday last, contended that the States lately in rebellion have the rights only of the criminal who pleads to the judge for mercy.

If this be the state of the case, and if Mr Ward is one of the judges, then may God have mercy on us, and ward us off from evil.
