

## CARD TO THE MERCHANTS OF THE SOUTH.

THE UNDERSIGNED, WHOLESALE dealers, advise you of the fact that Charleston is again a market for the purchase of goods, and in view of the early opening of the spring trade, we beg to solicit the resumption of the patronage so liberally extended to this market in the past.

We are aware that many old and respected firms will be missed from our number, but many familiar names will be found in new associations, ready to supply the wants of the Trade, as of yore, and other old and new firms will be added to our number at an early day.

The cash and short credit system having been universally adopted in all the Northern markets, we are necessarily compelled to adopt a like system as the only safe one on which to conduct business, and the heavy percentage once necessary to cover bad debts will now be avoided. Small profits and quick returns will be the rule, and under its working we hope not only to restore to our ancient city her former prosperity, but to extend her trade to the full extent of the capabilities her excellent geographical position and natural advantages afford. Our interest and ambition combine to stimulate us in attaining the result.

The South Carolina Railroad is now open to Columbia, and its President has officially informed us that the Augusta line will be completed to Blackville this month, and that on the first of February he will receive through freight to Augusta. A line of steamers to Savannah will afford facilities for shipping in that direction. It is our purpose to have in store by the last of February a complete and varied assortment of goods in our respective lines adapted to the spring trade, and every exertion shall be made to promote your interests.

We extend to you the hand of commercial fellowship, and solicit your co-operation and patronage in our efforts to make Charleston the centre of Southern trade. Give us the encouragement we ask, and you will enjoy all the advantages of a cheap home market.
