SATURDAY, DECLMBER 24, 1836.

The Legislature adjourned on Wednesday A larger quantity of business than usual was transacted, some of which was of much importance. See the list of Ac s pass d.

The Court of Appeals last established, consisting of all the Judges, is abolished, and two Appeal Benches are now formed; one consisting of the Chancellors, for Equity cases, and the other of the circuit Judges, for cases of common law. The chief objection (that of a conflict of Jurisdiction) which attended this system on its trial some years ago, is now removed, by the Court of Equity being required, in all cases of disputed power, to follow the decision of the Court of Law.

Banking Privileges have been granted to the Louisville, Cincinnati and Charleston Ran Rord Company, under guarded restrictions. The State has subscribed to the Stock one million of dollars, our of the surplus revenue. The accomplishment of this great undertaking is now absolutely secure. Sixty thousand dollars are appropriated to the College, for building another tenement, a Library Hall, purchasing books, &c. &c. \$40 000 for extending the Columbia Canal-\$20 000 for repairing the State road-\$7000 for improving the navigation of the Wateree River, \$3000 for Lynche's Creek, Ac. de.

an objects of public utility, as well as in the acttlement of many private claims, the Legislature has been very liberal. A liberality, however, not more than is accordant with the flourishing resources of the State, well as the sentiments of the people.

We understand that Santa Anna is expected to pass through this place, in a day or Howe. For sale by two, on his way to Washington City.

Short mode of selling accounts. The General Post Office, the City Post Office, and the Patent Office, in Washinston City, were burned down last week, with a considerable portion of their contents.

Florida Campaign.—In complance with a requisi-tion of the War Department, by Excellency Gov. BUTLER, has ordered a draft of 30 men from the 7th and 3th Brigades. South Carolina Militin, and ap pointed Major HARLLEE, to command them, who gallantly accepted the appointment. Char'n. Cour.

The above is not precisely accepate. The Governor, we understand, received requisition for 300 men, from Gen. Jessen which he forwarded to Washington City, infouning he War Department that it will be complied with immediately upon their sanctioning it. and supplying the Executive of this State with the neccessary funds for equipping the give One Hundred.

Considering the uncertain relations that seem to subsist between the U.S. Government and its commanding Generals-and remembering the sufferings and individual expenses to which the Carolina troops were subjected, in last winter's campaign, for war.t of supplies from the proper quarter-it is evident, we think, that the course adopted by the Governor is necessary and judicious. In the mean time, preparatory orders have been given, and the organization of the Battallion

In Tuesday last, a fire in Augusta destroyed seventeen or eighteen stores, and a large number of tenements and out-houses in their rear. The loss is estimated at \$150,000.

The condition of the South, and the crisis pro duced by the Revolution in Texas demands that there should be some abler and more authoritative exponent of public opinion than the newspaper press-that there should be some acknowledged organ of Southern sentiment, elevated above all the considerations of mere personal ambitition, in which patriots of every party may commune together, and labor for the preservation of the republic

Some experience admonis es the undersigned, that to obtain a subscription which will remunerate his own labor and expenditure, will require an active co-operation on the part of those who desire the "complishment of this undertaking, and with this view, it has been suggested, and he begs leave to urge upon all such, and especially the young men, to organize committees, and by subdividing their respective towns, cities, counties and districts, apply to such individuals as may be induced to subscribe, upon application. Many persons have expressed a willingness to contribute a fund to be applied towards the Editor's salary, and in payment for communications. It is suggested that the subscription of such, if any, should be taken and, when paid, placed in the Bank of Charleston, to be applied to these objects by the President and Cashier of the Bank and the publisher, as a committee for that
