### DR. WILLIAM EVAN'S SOOTHING SYRUP. FOR CHILDREN TEETHING. PREPARED BY HIMSELF.

To Mothers and Nurses.

The passage of the Teeth through the guma produces troublesome and dangerons symptoms. It is known by mothers that there is great irritation in the h and gums during this process. The gums swell, the secretion and saliva is increased, the cause is seized with frequent and sudden fits of crying, seatchings, starting in the sleep, and spasms of peculiar parts; the child shrieks with extreme violence, for parts; the child shrieks with extreme violence, modic convulsions universally supervene, and soon sause the dissolution of the infant. Mothers who have their little babes afflicted with these distressing symptoms should apply DR. WM. EVAN'S CELE-BRATED SOUTHING SYRUP, which has preserved hundreds of intants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

DIRECTIONS.

Please shake the bottle when first opened. When children begin to be in pain with their teeth shooting in their gums, put a little of the Syrup in a teg-spoon, and with the finger let the child's gums be ed for two or :h.ee minutes, three times a day. to must not be put to the breast immediately, for the milk would take the syrup off too soon. When the should immediately up, ly the syrup, it will prevent their children it wing a fever, and undergoing that painful operation of lancing the gums, which always makes the next two, so much harder to come through,

PROOF POSITIVE OF THE EFFICACY OF DR. EVANS SOOTHING SYRUP.

To The Agent of Dr. Evans' Soothing Syrup :-Dear Sir-The great benefit afforded to my suffering nfant from your Soothing Syrup,in a case of protractd and painful dentition, must convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute sufferings, that it was attacked with convelsions, and my wife and family supposed that death would soon release the habe from anguish till we precured a bottle of your Syrup; which as soon as applied to the gums, a wonderful change was produced, and after a few applications the child displayed obviour relief, and by continuing in its use. I am glad to in arm you, the child has completely recovered and no recurrence of that awful c. mulaint has since occurred; the treth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgement public, and will giadly give any information on this circumstance.

WASHINGTON, July 3d, 1838. Sir-Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valnable remedy. One of my constituents Dr. A. Carden, of Campbell county. Tennessee, wrote to me to send him some which I did and he has employed it very successfully in his practice, and says it is invaluable. Mr. Johnson your agent at this place, thinks you would probably like an agent in Tennessea. If so, I would recommend Dr. A. Carden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston, Tazewell, East Tenn. I have no doubt but if you had agents in several counties in East Tensee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Bluntville, Sullivan county, East Tenn. I can get some of the merchants to act for you as I live near
