

HENRY'S CONSTITUTION RENOVATOR, OR BLOOD CLEANSER.

This medicine is known to the faculty as being the most powerful fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF Scrofula and Consumption.
This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, giving at once to the fountain-head of disease. It extinguishes
Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Waste of Vigor, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous disease. Vaccination was taken from the arms of many persons full of scrofulous sores.
Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without disease, and both became infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and have not, until a few months ago, the origin of it.

Henry's Constitution Renovator
Relieves the Entire System of Pains and aches, cures the spirit, and sends a new blood **BOILING THROUGH EVERY VEIN.**
It imparts a
Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kidneys it is unsurpassed. The people have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS
"Doctor, I was vaccinated in the hospital. Before that I had a skin disease. Until I had a bottle of your 'Constitution Renovator,' sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

"This from a lady: 'And now my skin is as clear and fair as a babe's. My complexion, thanks to your 'Renovator,' is beautiful. 'Yes, yes, I may well say such relief was unknown to me. I had paid out five dollars for six bottles; two families here want to try it.'"

"I was very much troubled with syphilis. Your remedy acted in curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find \$5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. It cures everything something good to say, as it cures every time.

FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, AND FOR Venereal Diseases.
Nervous Prostration, Weakness, General Lassitude, and want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

Quick returns and Permanent Improvement to the soil!
MAPES' NITROGENIZED Super-Phosphate of Lime,

COMPOSED OF Bones, Phosphatic Guano & Ammoniated Animal Matter,

All thoroughly decomposed and reduced to a fine powder by means of Fermentation and Sulphuric Acid.

ADAPTED TO THE GROWING OF **COTTON, CORN, TOBACCO, GRAIN CROPS, VEGETABLE, &c.**

This is the Oldest Super-Phosphate manufactured in this Country, having been introduced to the Public in the Spring of the year 1852.

The guaranteed chemical standard of this fertilizer is: Ammonia, 2.60 to 3.60 per ct. Soluble Bone Phosphate, 14 per ct. Total Bone Phosphate, 36 per ct. This standard is uniformly exceeded in the manufacture, as shown by the analyses made by Dr. Alex. Means, Inspector of fertilizers for State of Georgia, Dr. William Gilman, of Richmond, Dr. Hayes, of Boston, and other prominent chemists, during several years past, and published in the descriptive pamphlets.

The practical success of this Super-phosphate, even during the most unfavorable seasons, has been as fully established by the experience of hundreds of Planters and farmers, recent letters from nearly two hundred of whom are to be found in the pamphlet last issued.

COKESBURY SCHOOL.

THIS old and popular Institution will resume Exercises on the first of February under the patronage of Mr. W. C. BENET, an experienced and successful instructor of youth. Mr. Benet was educated at the Edinburgh University of Scotland, and stood among the first in all his classes. He taught in the Cokesbury school during the past year, and the parents were so perfectly satisfied with the progress of their children and the discipline of the school, that they entered into obligations of guaranty to induce him to remain another year, as the strongest inducements were offered by other communities to obtain his services. I have some experience in teaching myself, and I can, most unhesitatingly, recommend him to my friends and the public as a superior teacher, and an accomplished Christian gentleman. Rates of Tuition 25, 40, 50 and 60 dollars per scholastic year, half in advance. Board can be obtained at \$2 per month, exclusive of washing and lights.

GREAT saving of timber can be made if anything that will not break of its own weight. A rat may get through it and a squirrel may climb over but all other animals must stay out. The wind can not blow it down, needs very little repair, and the timber will last longer than in any other known fence. The subscriber is agent for Abbeville County and will sell rights for plantations and for townships. Come up on Sale Day and for further particulars in regard to P.
