SIGNAL FOR CHEERING

Announcement of. Figures by Which Amendment Fails Gives Rise to Enthusiasm.

London, April 6 .- By a majority of 80, an amendment for the rejection of the home rule bill was defeated in the house of commons tonight and without a division the bill was given, for the third time, its second reading in the house.

The announcement of the figures evoked louder cheers from the opposition than from the ministerialists, the opposition interpreting them as gratifying proof of dwindling government majority. But the diminution is accounted for to some extent by the abstention from voting of the O'Brienites.

The speaches today were generally much more conciliatory in tone than those which marked the bill's earlier passages. John E. Redmond, the Nationalist leader, who opened the debate, again held out the olive branch to Ulster, but insisted that it was impossible for him and his colleagues to agree to the permanent exclusion of pared, we remained for several hours read-Ulster.

Reunion of Confederate Veterans.

The following arlicle is clipped from a recent issue of the Easly Progress and it is from the pen of editor, Mr. C. T. Martin: "On Thursday morning last, in company

with Hon. E. P. McCravey, of this city, and Judge J. J. Martin, of East Point, Ga., we went on what proved to be a very delightful trip to the mountains, 15 miles northwest of Pickens Court House. Mr. McCravey very kindly furnished the transportation in the shape of his elegant and commodious Maxwell touring car. When we reached Pickens our party was augmented by the addition of Sheriff R. R. Roark, who very kindly volunteered to guide us to the home of Mr. James A. Mc-Kee, the last survivor residing in this state of the famous 'Palmetto Regiment' of the Mexican war of 1846-48.

"Messrs. McKee and Martin were members of Company 'E,' of the Abbeville company, under Capt. J. Foster Marshall. They had not seen each other in over 65 years, as they remembered, since the barbecue that was given by the citizens of Abbeville in honor of the company on their return from Mexico in the summer of 1848. Although the roads, after passing Pickens, were pretty rough, we arrived at the home of Mr. McKee without mishap, a distance of 23 miles, about 11 o'clock a. m., or about two hours after leaving Fasley. Mr. McKee nor any of his family had been notified of our coming, hence their surprise when they saw Representative McCravey and Sheriff Roark, whom they knew, accompanied by two strangers,

alight from the machine. "We were met at the door of their comfortable little cottage by Mr. John L. Mc-Kee, a son, and Mrs. McKee, the wife of the old gentleman. After being introduced we were invited in and soon made comfortable before a fire of oak and hickory wood. We found Mr. McKee, who is just 98 years of age today, (the 25th of March, 1914,) very feeble. He is also nearly blind and somewhat hard of hearing. His mind however, is bright, and after he realized the situation, his memory seemed to return and carried him back to the scenes and occurrences of those memerable days.

"The use or introduction for drinking purposes of alcoholic liquors on board any naval vessel or within any

In a statement tonight Secretary Daniels said:

"I am in hearty agreement with the views expressed by the surgeon general. There should not be on shipboard with reference to intoxicants
