LOWNDESVILLE

Happenings of a Week In and About the Seven-Hilled City—Persons's.

Lowndesville, Aug. 1st, 1914.
Mr. R. L. Bryan and family, of Columbia, moved up to their summer home, their bungalow, near the Savannah, about five miles out, a short time ago, and are enjoying the comforts and pleasures of their rural home.

Mr. G. W. Speer and little son, of the Gaffney Bar, came over some days ago, and has since been with his father, Dr. A. J. Speer and family and other relatives and friends.

Dr. and Mrs. P. B. Speed, of Abbeville, passed through this place last Sunday en route to the home of his sister, Mrs. I. H. McCalla, in the Fork, where they spent the day.

Last Saturday evening Mr. D. L. Barnes carried to Iva in his car Rev. J. C. Chandler, Messrs. E. W. Harper, R. H. Moseley and W. H. Bonds, with Master DeWitt Harper at the wheel. They were drawn to above place to hear Dr. John G. Clinckscapes, of Wolford College, who is also one of the candidates for Governor of this State, bring out his claims for the position sought. The report is that he made a fine speech.

Mr. W. F. Harrison, of the Falls, came up Monday and was the guest of Mr. Max Below and family until Tuesday evening.

Miss Louise Cunningham, of Monterey, spent several days last week with Carville Smith.

Misses Ida and Lois Watson, of Anderson, were here for several days this week, with the family of their brother-in-law, Mr. B. Bolin Allen.

Dr. T. O. Kirkpatrick with Messrs. E. W. Harper, Alvin Harper and R. S. Garner, went to Abbeville on Wednesday and did hear the Congressional aspirants speak.

Miss Lella Moseley came down from Anderson Thursday evening and is still here.

A light shower of rain Sunday night in places in this section, Monday evening a heavier rain, and again Tuesday evening a more general rain which gave a pretty good season.

Mr. D. L. Barnes gave to the writer a few days ago a very pleasant ride in his fine auto of eight or ten miles in the country, and gave him the great pleasure of visiting once again, at one time the most noted and popular place in this part of the country, i. e., the Diamond spring. It is easily remembered when this spring was known as possessing curative properties and was patronized by many in search of health, far and near, and the then owner built a large hotel to accommodate the visitors. After many years its patronage dropped off for some cause and the property fell into the hands of those who neglected it, and the spring became a swamp and could not be located. Several years ago Mr. Andrew Baskin, who had often heard of the spring, bought the land surrounding it, moved to it, and since has been cured of dyspepsia from which he had suffered a long while, has fixed up the spring and is daily using the water. In Mr. Barnes auto were Mrs. D. L. Barnes, the writer, his better half, and Master DeWitt Harper driver and manager. At the same time went with Mr. A. V. Barnes in

his auto Mrs. A. V. Barnes, Mrs. R. H. Moseley, Miss Alpha Barnes, and little son of first two named. The writer will pleasantly remember the above trip as long as he lives, as one of his most pleasant. It had been about thirty years since his last visit.

Mrs. Jane Nixon died Sunday night in this place at the home of her son-in-law, Mr. Donery Parnell in this place. She had been afflicted for some time; was about 65 years of age. The funeral services were performed Tuesday morning at the home in presence of a large attendance. Her pastor, Rev. J. W. Bishop of the Baptist church, assisted by Rev. J. C. Chandler of the Methodist church, after which the remains were carried to Smyrna cemetery and placed in their last home. Flowers and wreaths were placed upon the mound in token of the esteem in which she was held by our people. Troupe.

MEETING OF FARMERS UNION

All farmers, business men and others who are interested in building up and maintaining an active and working organization for the farmers of Abbeville County, are requested to meet at Abbeville Court House Saturday, August 15th, at 11 a. m. B. Harris, member of the State Executive Committee and former President of the State Farmers Union, will address the meeting and probably other speakers will be present also.

A. F. Calvert, S. P. Pressly and Brown Bowie are requested to act as a committee to make arrangements for the meeting.
S. C. State Farmers Union,
E. W. Dabbs, President,
J. Whitner Reid, Secretary.

GINNERS MEETING.

The ginnors of this county will meet at the courthouse Greenwood, S. C., to consider the advisability of forming a branch organization of the Ginnors Association, which is located at Memphis, Tenn. The object of this association does a great deal of good for both the farmer and the gin man, however, they are not an organization of farmers and yet the object they have in view is of twofold good to those who follow farming as a vocation. The outline of the Association's policies are to cooperate in buying bagging, etc and buy direct from the factory in large amounts. To protect each other in case of fire by each man sending in \$1.00. Those who do not contribute receive no protection. To sell the information regarding the conditions of the cotton crop now furnishing free by the ginnors. To stop the cutting of bagging so that about \$9,000,000.00 each year to the farmers.

We are requested to ask each ginner to attend this meeting. The President will attend and lecture upon some of the above questions.

Summer Constipation Dangerous

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Typhoid, Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the Bile, the natural laxative, which rides the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose to-night. 50c. at your Druggist.
